The compilers of the directory say in the preface that this is a slight falling off, compared to the number shown in last year's directory.

The pay roll of the camp, however, is larger than ever, indicating there is as much commercial prosperity as ever in the metropolis of Montana.

BABE WALKS STREET PART OF THE NIGHT

Little Ethel Blair Wanders From Home and Takes a Long Journey.

GRIEF-CRAZED PARENTS SEARCH FOR INFANT

Friends Assist in Ransacking the Town and at a Late Hour the Weary Babe Is Located at the Hale House, Where She Had Been Taken at One Time for a Brief Visit by Mother.

Little Ethel Blair, who lives near Quartz and Crystal streets, caused great excitement last night by starting out on a journey without leaving word as to where she was bound.

For three hours her father searched the neighborhood and rescue parties scoured the alleys and streets. When found, she had wandered down by the Hale house and was still on the go.

Mother Goes Calling.

The mother went out to make a call during the evening and left little 3-year-old Ethel with her father.

As he was reading and writing the little girl did not get as much attention as her restless nature demanded.

Therefore she concluded the proper thing for her to do was to go out and find her mother, on which thought she proceeded to act.

After a while the father missed the pride of the household and began to get worried. He searched the house, but there was no sign of the baby.

He looked through the yard and inquired of the neighbors, but to no avail. The little one was lost.

Streets Are Searched.

Accordingly a searching party was formed and the streets were swarming with friends and acquaintances of the distracted father.

For three hours the father led the hunt from place to place and sent word to the mother that the child was out on the streets of Butte and could not be found.

The mother hastened home, to find her worst fears confirmed—the child was lost. The police were notified, but they could learn nothing of the whereabouts of the little one.

After a time it occurred to the father that the mother was in the habit of calling on friends in the neighborhood of the Hale house and had at times taken the child with her.

Perhaps the little one might have remembered the direction and started out to find her mother.

Little One Is Found.

Acting on the suggestion of the father, the searching party turned its steps toward the Hale house and, sure enough, there they found the little girl, who though but three years of age traveled all the way from Quartz and Crystal to the place she was found inside of three hours.

BY ASSOCIATED PRESS. Salt Lake, April 22.—Mayor Thompson has sent a formal invitation to President Roosevelt to participate in a Buffalo hunt on Antelope island, in Great Salt Lake, during his visit to this city.

The hunt will occupy an entire day, and as the president's scheduled stop here is but four hours a rearrangement of his plans would have to be made. It is hoped this can be done.

MRS. L. H. RUTHERFORD IS THE LUCKY WOMAN

H. Rutherford accept the authoritative statement from London of their approaching marriage as confirmatory of what they believed for some time. Both of the persons immediately concerned have continuously denied their marriage was to take place. These denials apparently have been due to the legal impediments existing in the New York proceedings. HE FAILS TO PAY UP; MUST ANSWER IN COURT

Refuses to Give Divorced Wife Money—Makes Trouble for Him.

For failure to pay his divorced wife alimony H. A. McDonald has been cited for contempt of court by Judge Harney. The court has issued an order for McDonald to show cause Saturday why he should not be adjudged guilty of contempt. His former wife, Lillie McDonald, who secured a divorce from him June 1, 1901, and who now lives in Spokane, complained through her counsel that the defendant had not paid the alimony of \$25 per month allowed by the court for the months of February and March of this year.

The decree of the court required the alimony should be paid monthly to S. M. Roberts, clerk of the district court. Mr. Roberts is said to have received a letter from McDonald, who is a traveling man, residing in Butte, that he would no longer pay the alimony.

Counsel for Mrs. McDonald applied to Judge Harney for a contempt citation based on the affidavit of District Clerk Roberts that the alimony for February and March had not been forthcoming.

WESTERN UNION TAKES UP A. D. T. FIGHT AND THREATENS TO PULL OUT OF BUTTE

Striking Messenger Boys in Front of Western Union Office in Broadway.

STATEMENTS ARE ISSUED

BY F. L. REBER

Committeeman of the Western Silver Bow Trades and Labor Assembly.

The company refused to recognize any union. Until it does so the labor unions stand fast.

In refusing to recognize unions, this company has placed itself in a position where every labor organization in the state can boycott it.

The Trades and Labor Assembly decries all violence.

Yesterday's trouble was against our wishes and instructions.

The police could have stopped this trouble. I personally tried to do so in the afternoon.

So far as settlement is concerned it looks as bad today as it ever did.

When we went to the company its officials refused to treat with us in putting themselves in this attitude they have, for the time at least, prevented any hope of adjustment of this strike.

BY F. V. MOFFITT

Assistant General Superintendent of the American District Telegraph Company.

The A. D. T. is out of the fight. The Western Union is handling the strike.

It is up to the business men and the authorities of Butte whether or not this city gets Western Union service.

If the company is prevented by violence from operating it will have to stop.

The company was prevented from working yesterday afternoon and last evening by a mob of boys. Policemen stood by and watched the trouble.

The company offered the boys fair terms on the commission basis. The unions caused the boys to withdraw from acceptance.

The company stand fast in their offer. It has no advances to make.

I regard the strike further from a settlement now than ever.

Crisis in the Trouble Is Reached and Ending Seems Far Away.

VIOLENCE IS OFFERED

Corporation Officials Are Demanding Protection From the Police.

ASK FEDERAL HELP

Company May Apply to U. S. Court for an Injunction.

STATEMENTS ISSUED

Parties to the Trouble Present Views and Hint at Complications.

Violence late yesterday afternoon and last evening brought a crisis in the A. D. T. strike.

The American District Telegraph company, as a result of this crisis, stopped business in Butte for the time being.

The Western Union Telegraph company this morning took the fight on its shoulders.

This changes the entire situation.

For several days the Silver Bow Trades and Labor Assembly has meditated declaring a general boycott against the Western Union Telegraph company throughout the state.

Sympathetic Strike Possible.

A sympathetic strike in all departments of that company is also meditated.

The attitude of the Western Union, announced this morning, brings that company officially into the fight for the first time.

This move was ordered by a dispatch from the general offices in New York.

The telegram was received by F. V. Moffitt, assistant general superintendent of the American District Telegraph company.

Mr. Moffitt will now take charge of the fight for the Western Union Telegraph company.

Both sides admit that they are further apart than at any time since the strike began.

To Ask Federal Aid.

It is reported this afternoon that the Western Union will invoke federal aid to prevent interference with the delivery of its messages.

The company, it is understood, will today apply to Judge Knowles in the federal court at Helena for an injunction restraining the strikers and their sympathizers from interfering with such messengers as the company may employ.

H. G. McIntyre is the attorney for the company at Helena and will make the application.

The story is that the injunction, if issued, will be telegraphed to Butte at once.

United States Marshal Lloyd, who is in the city, then probably will appoint deputies to see that the order of the court is enforced.

The basis for federal interference is that the telegraph company is a common carrier and also is an outside corporation.

Unions May Fight.

"The Trades and Labor Assembly stands firm. The company has refused to recognize unionism. This puts every union in Montana in a position to fight it. In this the Western Union and the A. D. T. are the same thing."

F. L. Reber of the Silver Bow Trades and Labor Assembly made the foregoing statement for the strikers this morning.

"We are further from a settlement than

The humane society charges Earl inflicted these injuries as punishment because the children refused to perform acrobatic feats which he endeavored to teach them. The wound on the girl's head was caused by falling from a trapeze.

Earl and his wife travel as performers with patent medicine shows. Recently he took the children from an orphan's home for adoption, and when one of the officers of the institution called to see how the children were getting along the discovery of their condition was made.
