GREGSON'S SPRINGS TO CHANGE HANDS

James W. Johnson Said to Be Planning for Absolute Control of Resort.

CONFIRMATION OF STORY NOT OBTAINABLE IN FULL

Belief is General, However, That the Summer Resort Will Pass from Possession of Mrs. Con Hayes and Be Remodeled and Fixed Up in Better Shape Than Ever Before.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—Reports are rife regarding changes to be made at Gregson's Springs, a summer resort between Anaconda and Butte.

For a long time past there has been talk of the place changing hands, and frequently during the last month statements have gone out to the effect that local men were to secure the resort.

It was authoritatively stated yesterday that James W. Johnson of Anaconda, now proprietor of the Turf Exchange, is to take over the place and will immediately put in considerable money in making of it one of the finest resorts to be found in the Northwest.

To Lease or Sell. It is given out that Mrs. Con Hayes, executrix of the estate of the late Con Hayes, has decided to either lease or sell outright the interest of the estate in the springs resort.

It has been known that more than one deal regarding the purchase of the springs has been attempted and finally fell to the ground during the past few months.

The efforts of friends of the Hayes estate, however, have been successful in a measure, for they have now brought about the determination on the part of moneyed men to take over the resort and to make of it a first-class establishment.

When Mr. Johnson was seen regarding the rumor that he had taken over the Gregson Springs resort, he said the story, as reported, was not true.

Would Not Talk.

Further than this Mr. Johnson would not talk regarding the affair. It is said the deal has not been entirely closed at this time, and in consequence the parties to the transaction do not want publicity given to their plans, nor will they discuss the probability of such a transfer.

Mr. Johnson, it is declared by those who know him, would make a splendid man for the management of Gregson Springs. He has been engaged in business in Butte for a number of years and has been entirely successful.

His resort in Anaconda has always been conducted in an orderly and business-like method and his manner of conducting the establishment has made innumerable friends for him where others in a similar business might have failed.

IN MURPHY'S APPEAL

STATUS OF THE CONTEST FOR THE OFFICE OF ASSESSOR OF DEER LODGE COUNTY.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—Misapprehension as to the real status of the case of Felix Murphy vs. Newton E. Levingood has been caused in the mind of the average layman by an entry made in the district court on Friday last, to the following effect:

"This cause coming on regularly for hearing the contestant failed to appear either in person or by counsel. The order of the court that contestant amend his petition was not complied with whereupon the motion to strike was sustained and the petition dismissed for the reason set out in said motion for want of prosecution."

Felix Murphy was a contestant for the office of assessor of Deer Lodge county. Because the statement of the defendant was based on "information and belief" the case was dismissed in the district court. Murphy appeared.

His brief has been filed in the supreme court. Levingood, under the usual course of procedure, was required to file his brief by April 22, but by stipulation 15 days' additional time has been allowed him.

PROMOTED FOR GOOD WORK

Edward Danforth and His Wife Going to St. Joseph, Mo.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—Mr. and Mrs. Edward Danforth will leave this afternoon for St. Joseph, Mo., where they will reside in the future.

Mr. Danforth has been for many years the Associated Press operator in this city. He has been a faithful and hard-working agent for this company, and now his promotion to a better place in Missouri is but another instance of the value of meritorious work.

Mr. Danforth has few superiors as an operator in the Northwest. As a man he is all that could be desired, hence his and his wife's departure is to be regretted exceedingly by those who know them.

ANACONDA SCHOOLS ARE FORCED TO CLOSE

Board of Education Fails to Secure Necessary Cash So Children Take Their Books and Go Home.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—Anaconda's public schools will have to close.

Everything that lies within the power of the present board of education has been done, but without success.

As predicted in the Inter Mountain several days ago, the situation has become critical so far as the schools of the city are concerned, and it may be the public institutions of instruction will remain idle for the ensuing six months.

A meeting was held at the school board's rooms last night. The full membership was present together with James Cochran, clerk-elect of the board.

J. W. Dale Superintendent.

Aside from deciding that the response of the parents to the request for subscriptions were not satisfactory and that school must close, the board elected J. W. Dale superintendent of schools and decided to rescind the action of the board which was taken at the last meeting regarding the election of James Cochran as clerk.

The board by a vote of 3 to 2 made that decision and then immediately elected W. S. Custer as clerk.

Messrs. Kelly and Nell, members of the old board, refused to take part in that action, saying they did not believe the action regarding the election of Cochran could be rescinded.

Gosnell, Flynn and Sullivan voted for Custer, and he was declared the duly elected clerk of the board.

Trustee Sullivan made a plea to have the high school kept open long enough to allow the pupils to graduate. He said they had set their hearts upon finishing the term and securing their diplomas, as many of them wish to go to college and universities next term. If they do not get their diplomas they will not be able to do so.

Mr. Sullivan made a game fight to keep the high school open, but was voted down.

Mr. Cochran declined to deliver up the keys or books of the board, saying he had been duly elected and he did not at this time propose to be ousted merely because

a certain faction had opposed his selection.

There promises to be a fight in the courts over the affair.

Mr. Custer, newly elected clerk, is now in the employ of the MacCallum & Co. Mercantile company. He has been in Anaconda several years and is well and favorably known.

Mr. Custer was a candidate for the clerkship previous to the recent election, and when the present school board was composed his friends thought he had a chance on the place.

They were greatly put out because of the election of Mr. Cochran and as a result of their opposition Mr. Flynn, trustee-elect, who had seconded the nomination of Mr. Cochran at the previous meeting and had cast the vote which had elected him to the place, changed his mind and his vote and entered into the proposition to rescind the action of the board.

Ask for Delay.

When the selection of a superintendent came up Messrs. Kelly and Nell asked that the matter be deferred until another time.

The newly elected trustees, however, decided to elect at that meeting and without further ceremony.

Mr. Dale was selected. He received three votes as against 2 for Prof. Koonitz, the present incumbent of the office.

Superintendent Koonitz reported that subscriptions to the school fund were made by various parents to the amount of \$1,300 as follows: Lincoln school, \$360.50; Central, \$153; Prescott school, \$281.95 and Bryan school, \$105.50.

At this time the board decided that the schools must close and in consequence Superintendent Koonitz was instructed to notify the teachers that the schools must be closed today.

This morning the children carried their school books home and stored them away for a long siege of idleness.

It has been reported that Prof. Leamy, principal of the Butte High School, was a candidate for the office of superintendent. The Inter Mountain has the best authority for declaring this report is absolutely without foundation.

IT IS FOR PARENTS TAKEN FOR FIGHTING

SALE OF GO-CARTS AND BABY BUGGIES IS ATTRACTING MUCH ATTENTION.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—A special sale of go-carts and baby buggies is now on at the City Commercial Company stores and is attracting a great deal of attention among those who have tots to trundle or babies to carry. The articles surpass anything of the kind yet put on sale in this city for convenience and beauty and are being disposed of at a very low price.

The go-carts are furnished with reclining backs, automobile cushions, patent brakes, etc., and are little beauties. The baby buggies are strictly up-to-date and fitted out in every way in the handsomest style.

Go-carts and buggies are of the famous Heywood make. Their brand is known to every mother who has trundled her offspring ahead of her and to many a patient father who has toiled up a hill with his 20-pound tot, before he belittled him of a go-cart. The sale is attracting much attention and the articles are going fast.

JOHN DOE AND RICHARD ROE WERE MIXING IT UP THIS MORNING WHEN ARRESTED.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—John Doe and Richard Roe were arrested for fighting this morning. They were engaged in a noise on East Commercial street when apprehended.

When arraigned at the city jail they refused to give their real names. Both are evidently workmen. Neither were intoxicated. They will be tried in police court tomorrow.

READY FOR JURORS

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—The Cahoon case is still on in the district court. It will probably go to the jury late this afternoon. Evidence for both sides had all been submitted this morning and arguments were begun.

WOODSON IS DYING

ARMY OFFICER CANNOT LIVE—LEE BRADFORD SENTENCED—NEWS FROM GREAT FALLS.

SPECIAL TO THE INTER MOUNTAIN. Great Falls, April 22.—Gen. H. E. Woodson, U. S. A., who was stricken with paralysis Monday night, is lying very low here at the Columbia hospital.

No hope is entertained for his ultimate recovery. He is being attended by Dr. S. J. Adams, an ex-army officer, who was major of the First Montana in the Spanish-American war.

The Spanish war veterans of this city, headed by Captain Charles E. Frank, will go to Butte in a body to meet President Roosevelt May 27, when he is to open the state encampment of the order with a 10-minute talk. The Great Falls body claim to have received assurances from Secretary Loch that they are to act as escort to the president.

Lee Bradford was sentenced to serve three years and a half in the Lodge today for the burglary of the Progress restaurant here on January 5. His accomplice, F. A. Gilmore, was given a year's sentence yesterday. Bradford confessed.

Substitutes for Tobacco.

Tobacco smoking, ever since it has become general throughout the world, has been denounced as filthy and unwholesome by some. The New York Tribune, there are certain substitutes much worse, however. The human race, it seems, must have some substance to burn and puff away. Thomas B. Hill of Baltimore, who knows a bit about tobacco, told of a few substitutes at the Manhattan recently.

"Many and strange are the substances other than tobacco smoked by the human race," he remarks. "Rhubarb, beet and sage leaves are smoked by some farmers in the South with little bad results; but some of the 'poor white trash' had been known to smoke the leaves of tomato and potato plants. The result of this is terrific. Stupor and exhaustion follow. If the habit is persisted in insanity is caused. In Jamaica 'ganjah,' a species of hemp, is smoked by all classes. When under its influence all sense of time, sound and distance vanishes. Cataleptic fits and homicidal mania are the result of this smoke. In Switzerland a weed of the Alps is used. It is powdered before using, and continued use makes the victim a wreck. Colt's foot tobacco is used in country places in England by rustic. This is powdered leaves of a plant that grows in chalky soil. It is said to be good for cattle."

"The Alaskan Indian smokes a pipe of shavings saturated with red pepper and likes it. The American Indians use dried holly leaves, willow tree bark and potato plants. Tobacco is the leaf of the tobacco plant. Certain American Indians make a smoke out of dried pimento berries or allspice. They suffer terribly from nose throat throaters. South African blacks used dried camphor leaves which render their nervous system into atoms. In the Bahamas cascarrilla bark is the substitute for tobacco."

According to the monks of the hospice of St. Bernard, their famous dogs save on an average of 20 lives every year on the mountains.

SWALLOWSAMMONIA

THREE-YEAR-OLD BADLY BURNED AND ALMOST SUFFOCATED—MINER IS FINED.

SPECIAL TO THE INTER MOUNTAIN. Livingston, April 22.—The 3-year-old child of Mr. and Mrs. Joseph Spangler, living on Fleischman creek near here, found a bowl of washing ammonia which she could reach while her parents were out yesterday and took a good mouthful of the poison.

Her mouth was horribly burned and she was almost suffocated when found. Dr. Pampel was summoned and after a hard fight, succeeded in bringing the baby to life.

She will live.

Joseph Holenz, a miner at Hore, was fined \$100 and costs in the district court this morning for killing elk out of season.

He was unable to pay and will serve it out in the county jail.

BIG JUDGMENTS FILED

STREET RAILWAY COMPANIES ARE HELD FOR MORE THAN A MILLION.

BY ASSOCIATED PRESS. Chicago, April 22.—Three judgments, aggregating \$1,000,000, in favor of the Guaranty Trust company of New York, were entered against the Union Traction company, the North Chicago Street Railway company and the West Chicago Street Railway company in the United States court today.

Army Officer Kills Himself.

Manila, April 22.—Lieut. Col. Henry W. Sprule, of the First Cavalry, shot himself in the head with a revolver at Taal, province of Batangas today, and died immediately afterwards. His brother officers say he was temporarily insane. He was appointed to the military academy from New York in 1865.

A DELIGHTFUL SUMMER TRIP.

EXAMINATION FOR CLERKSHIP

Uncle Sam Wants a Carrier and Will Receive All Applicants May 6.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, April 22.—A civil service examination for clerk and carrier in the postoffice is to be held here May 6, and all citizens between the ages of 18 and 45 years are invited to compete.

While the salary is small still the position is for life, under proper behavior, and there are many chances of advancement. The examination will be in spelling, arithmetic, letter-writing, penmanship, copying from plain copy, United States geography and reading addresses.

Details may be obtained at the local postoffice.

DENIAL BY FUNSTON

GENERAL SAYS ALASKAN ARMY OFFICERS ARE GUILTLSS OF STEALING.

Portland, Ore., April 22.—Speaking of the alleged peculations of United States army officers in Alaska, Gen. Frederick Funston, commander of the Department of the Columbia,

"There are but two officers against whom charges have been preferred, and neither is now serving in Alaska."

General Funston says the intimation in the dispatches from Washington that a conspiracy involving a large number of army officers in Alaska existed, is incorrect.

The trial will take place at Fort Davis, Cape Nome, July 11.

TIRES OF A GLORIOUS PAST

Roman City Government Now Willing to Build Railways Alongside Forum.

Italy is tired of a glorious death. Her sons boast of Garibaldi and Marconi, not of Raphael and Julius Caesar. Venetians may well shrug their shoulders when foreigners complain of steamboats in the Grand canal. They are not the grievers when the Campanile falls. The papers and statesmen exhort the people to imitate more powerful nations, and abandon their idle, pleasure loving spirit, their love of pagantry, idleness and fireworks, their indifference to education, to sound politics and finance.

The Roman city government is now willing to construct railways alongside the Forum. The old is mixed up with the new, industry with art, energy with decay. There is a telephone at the spot where St. Peter is supposed to have been crucified.

I saw the king of Italy in an automobile by the ruins in which Christian girls were gored by bulls. His four attendant guards rode bicycles. Trams and buses start from the square in which are Nero's bones where Luther knelt, before his great revolt, by the gates through which an endless line of shadows pass from guilty Macbeth, doing penance, to so many popes and emperors. The greatest of churches is now lighted by electricity as well as by Michelangelo's dome, and the same new luminary is turned upon the dying gladiator. The Roman glories in his modern state, and ugly civil build-ins, and cares little for Cicero or Brutus, for the Renaissance or the antique world.

Underneath a statue of Garibaldi, on one of the Roman hills, are groups of figures, allegories, in which Europe presides over history and art, America over trade and industry.—Norman Haggood, in Colliers.

The Real Thing.

Having endured many banquet dishes, the president is now rewarding himself with the real food of the camps.
