## LIVELY MEETING OF THE COUNCIL

HIS HONOR AND ALDERMEN DO NOT SEEM TO BE ABLE TO REACH AMICABLE AGREEMENT.

### SCHWEND AS AN ORATOR

Indulges in Several Flights in the Course of the Evening—Extra Patrolman on the Force.

Results of the Anaconda council meeting. These appointments of Mayor Frinke were confirmed: Dr. J. M. Sligh for city health officer, Eugene McCarthy for city hall janitor, Joseph Truske as police patrolman. These appointments were rejected: Judge W. H. Trippett as city attorney, Patrolman Powers as assistant chief of police.

Albert Smith as sanitary policeman, George Baker as city clerk. The message of Mayor Frinke was read and ordered filed.

The bill of Judge W. H. Trippett for legal services rendered Mayor Frinke, in his action against Former Mayor Stephens and amounting to \$150, was ordered laid on the table.

The council passed the bills of Mayor Frinke for services as mayor for two months, lacking a few days. Mayor Stephens drew pay for the month of May, thereby making the city pay two salaries for one month for the office of mayor.

The appointment and confirmation of Joseph Truske as patrolman puts one more man on the police force as patrolman than is allowed by the city ordinances.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, July 7.—For nearly three hours the mayor in the person of John W. Frinke and the various aldermen of the city were in meeting at the city hall last night, transacting important business and setting the matters pertaining to the municipality in such shape as to permit of a continuance of the city government for at least another three days.

It seemed that the mayor and the aldermen to work harmoniously. In fact the inevitable clash was there at intervals and for a few moments it seemed that a battle royal would follow. Mayor Frinke would grin and the aldermen would do likewise.

Hard Set Dentrroids. The grin was sufficient to stay any further difficulty on both sides, yet the grin was not sufficient to show that within the mouth of the mayor and of the aldermen were two rows of teeth, which were set hard and fast and indicated determination.

Mayor Frinke's reference to alleged "graft," which he declares has been a custom within the offices of the municipality, was the feature of the evening. The mayor seemed determined to bring to the attention of the council and the city at large the declarations that "graft" exists within the city and that he proposed to have it stopped.

In his message which he read to the aldermen last evening the mayor referred to this "graft" at length. He later spoke of it in referring to his message, and as a special favor to him he asked that a motion be made giving him power to appoint a special committee to investigate the "graft."

Committee on "Graft." Alderman McDonald made a motion, which was seconded by Alderman Lepke, to the effect that the mayor be given power to appoint a committee to investigate the alleged "grafting."

The committee, which consists of Aldermen McDonald, Collins and Schwend, was instructed to investigate the alleged "graft" and report at the next meeting.

Mayor Frinke declared that officials have been getting in on "graft" and that he had positive information regarding it. He said that he didn't propose to stand for that kind of work; that if there is to be money paid for houses to run contrary to law that then the money so paid must go into the city treasury and be used to clean up and keep the streets and thoroughfares in good shape and order.

Schwend Follows. Alderman Schwend followed in the footsteps of the mayor during the evening, insofar as grafting was concerned.

Alderman Schwend, however, was anything but consistent in his remarks, and apparently had the idea in view only to make a speech which might appeal to the gallery. Frinke did he arise and start his wily speech, evidently prepared, and thrice did someone rise to a point of order during the evening.

At last, however, Mr. Schwend found vent to his feelings when the bill of Assistant Chief of Police O'Brien came up for payment. The assistant chief had not in a claim for 13 days' work, which he alleges he performed previous to resigning from the police force.

Mayor Frinke had said during the early part of the session that he would not sign a warrant for that bill, in view of the fact that he had O'Brien's resignation for several days previous to the time when the officer quit his job.

Schwend's Chance. When the bill came up several of the aldermen at once moved that it be paid. Alderman Schwend arose to his feet for the fourth time and on this occasion he was permitted to proceed. Says the alderman, "It does seem a shame that the council, or at least a part of it, should attempt to squander the city's money in this manner."

"The payment of this bill of O'Brien's would be simply robbery. It is outrageous. I for one do not propose to see the city's money wasted in this manner."

"The effort of some of these councilmen to throw around the money of other people in such a reckless manner is indeed remarkable. I propose to stand for rigid economy and will fight any proposition of this kind."

Are Other Bills. The alderman went on at some length regarding the recklessness of the brother aldermen, and yet it did not seem to cross his mind that but 20 minutes previously in the very same council meeting, when Clerk Wisner read the bill of Alderman Schwend for services as alderman and, apparently had the bill made out for but one month, he had gone into a rage regarding the matter.

During the reading of the bills this account for services of aldermen came up for reading, as did the rest. Clerk Wisner read, "Alderman Schwend, services as alderman, \$12."

The alderman had forgotten the amount he is entitled to draw for 30 days' service to the city and quickly he got to his feet. His speech this time was not along an economical basis as viewed from the city's standpoint.

Says the alderman, "When I made out my claim for services as alderman, Mr. President, the man who was acting as clerk, or the man who was usurping the rights of clerk or the man, if you please, who professed to be the rightful assistant clerk, said that he would see that my bill went in for two months' services for al-

derman, but I see that he has not done anything but kept his"—Here the alderman was interrupted by Clerk Wisner who told him that the bill showed for two months' services and the alderman took his seat.

A Flight of Oratory. It was but a few moments after this that Mr. Schwend made his flight of oratory on the economy proposition and but a few moments before he had voted for the payment of a bill of \$12 to the city engineer for less than a half a day's work, notwithstanding Alderman Carriher called the attention of the council to the fact that former City Engineer McDonald only charged for a half day's work at the rate of \$8.

When Mayor Frinke came to the nomination of officers he presented the name of W. H. Trippett for city attorney again. The vote was as follows: Ayes, Adler, Collins, Jacobson and Schwend; nays, Carriher, Clinton, Fleming, Lepke, Lawler, Layton, McDonald and Nagle. Lost by a vote of 8 to 4.

Powers Recommended. Mayor Frinke named Patrolman Powers for assistant chief. On the roll call Alderman Collins remarked that he wanted to vote for Powers for chief instead of assistant chief.

The mayor said, "Well, you can't vote for him for chief this time." The vote for Powers for assistant chief was as follows: Ayes, Adler, Collins, Jacobson and Schwend; nays, Carriher, Clinton, Fleming, Lepke, Lawler, Layton, McDonald, Nagle. Lost by a vote of 8 to 4.

The mayor's appointment of Dr. J. M. Sligh for the position of health officer was passed by the following vote of 7 to 1: Ayes, Adler, Collins, Jacobson, Lepke, Lawler, Nagle and Schwend; nays, Clinton, Carriher, Fleming, Layton, McDonald.

Mayor Names Baker. Mayor Frinke named George Baker as city clerk. The nomination was rejected by the following vote of 8 to 4: Ayes, Adler, Collins, Jacobson and Schwend; nays, Carriher, Clinton, Fleming, Lepke, Lawler, Layton, McDonald and Nagle.

Mayor Frinke's appointment of Eugene McCarthy for janitor of the city hall was confirmed by a vote of 10 to 2: Ayes, Adler, Carriher, Collins, Fleming, Jacobson, Lepke, Lawler, McDonald, Nagle and Schwend; nays, Clinton and Layton.

The appointment of Albert Smith as sanitary policeman, the vote turned down the appointment, which even the mayor was not certain should be at this time, in view of the uncertain financial condition of the city at large. The vote stood: Ayes, Adler, Jacobson, Lepke, Schwend, Carriher, Clinton, Collins, Fleming, Lawler, Layton, McDonald, Nagle.

Bill From Trippett. Mayor Frinke presented a bill from Judge W. H. Trippett for legal services rendered the mayor in his action against former Mayor Stephens. The mayor thought the bill, amounting to \$150, should be paid. On motion of Alderman Fleming, seconded by Alderman Carriher the bill was tabled. The vote was as follows: Ayes, Adler, Collins, Jacobson, Schwend; nays, Carriher, Clinton, Fleming, Lepke, Lawler, Layton, McDonald, Nagle.

Joseph Truske was appointed by the mayor as a patrolman by a vote of 8 to 4. Just where the patrolman is to be stationed is a question. The only vacancy on the force at the present time is that of assistant chief of police, caused by the resignation of Frank O'Brien. To fill that place the appointment must be made for assistant chief.

Patrolman Powers, who was slated for assistant chief, was turned down so that it leaves him in his old position and in consequence there is no vacancy for Mr. Truske.

The petition from the Woman's Christian Temperance union for the placing of a public drinking fountain at the intersection of Oak and Park streets was referred to the water and light committee. The various reports of the city officials were read during the evening and ordered filed.

On motion of Schwend, seconded by Alderman Collins, a committee consisting of Aldermen Schwend, Collins and McDonald was appointed on rules, to report at the next meeting.

Mayor Frinke brought up the fire department and had quite a time discussing that department with City Attorney Sawyer.

The mayor wanted to know whether a man might serve on probation as a fireman if he has not the necessary qualifications make a fireman. The city attorney said there is nothing in the law governing the appointment of a man on probation.

According to his view the council will have the opportunity to turn down the appointment of any man when he comes up for confirmation in the event of his not being qualified to act as a fireman.

Payment of Bills. When the payment of bills came up there was a great deal of opposition on both sides to various accounts. Each bill was taken care of separately and in a number of instances the mayor declared that warrants would not be signed for payment because the appointments of the city hall janitor, one or two firemen and some other accounts standing against the city were made and incurred by Mayor Stephens after, as the mayor expressed it, that man ceased to be mayor.

The mayor's message which Clerk Wisner read to the council dealt extensively with the municipality and with proposed improvements relative to the conditions of the city. The message was filed.

Bills of City Treasurer Harper, Police Magistrate Hayes, Janitor Johnson and Steve O'Neill, fireman, will not be paid, said Mayor Frinke.

### CORN IS ADVANCING RAPIDLY

Harvesting of Wheat Has Progressed, But Apple Crop Is Not Good in Some Sections.

BY ASSOCIATED PRESS. Washington, July 7.—The weather bureau's weekly crop bulletin says: The week ending July 6 was the most favorable of the season, giving ample and much-needed heat in all districts east of the Rocky mountains. Drouth in the northern portion of the spring wheat region has been relieved, but need of rain is beginning to be felt in the Ohio valley, portions of the central gulf states and in western Texas.

In the central and northern Rocky mountain districts and on the north Pacific coast it is still cool, frosts more or less damaging occurring from the 2d to the 4th in Idaho, Wyoming and Utah.

Corn Has Advanced. Under the very favorable temperature conditions corn has rapidly advanced in central valleys and is now greatly improved and generally well cultivated. In the northern portion of the middle states, the crop being practically safe in Washington, high winds and excessive heat have caused injury in California in some sections, but excellent yields are reported from the southern part of the state.

Early spring wheat has sustained permanent injury in portions of North Dakota and Northern Minnesota from drouth, which has been broken by abundance of rains that were of great benefit to the late crops.

In Southern Minnesota and parts of South Dakota lodging and rust are reported. In Wisconsin, Iowa, Nebraska, and on the north Pacific coast, the crop is progressing satisfactorily.

Wheat and Oates. Spring wheat is now heading in the Dakotas. The outlook for oats is improved. Cotton has made rapid growth throughout the cotton belt, an improvement being shown in all districts, the reports from the Carolinas and Georgia indicating the most decided advancement.

Wet weather has, however, been unfavorable in portions of Louisiana and Texas.

The outlook for apples appears to be somewhat more promising in the Ohio valley and portions of the middle Atlantic states and fair to good crops are indicated in Michigan, Tennessee and Iowa.

Four prospects are reported, from Arkansas, Missouri, Illinois and West Virginia, and in New York the outlook is less favorable.
