MERELY TOOK THE WATCH AS A JOKE

SPECIAL TO THE INTER MOUNTAIN.
Anaconda, Sept. 17.—R. Harris and a com-
panion were taken in last night on a charge of
having stolen a watch and chain from a man
they met while making the rounds last night.
Harris and the other man admitted having the
watch, but said they were only joking. Later
in the evening the watch and chain were dis-
covered in the toilet room. A search was made
of the accused young men a few minutes after
they went to the toilet room and the timepiece
was found.
They then insisted that they were merely
joking when they took the watch. The stolen
articles were not valuable, but the two young
men went to jail for the theft just the same.
They were later released.

OPENING OF STORE TO BE AN EVENT

DOORS OF THE COPPER CITY COM-
MERCIAL COMPANY ARE TO
BE SWUNG BACK.

Anaconda, Sept. 17.—In the social as
well as the commercial life of Anaconda the
opening of the Copper City Commercial com-
pany for a season is a great event.
Accordingly the announcement printed
today in the advertising columns of the
Inter Mountain that the fall opening of
the big store will take place tomorrow and
Saturday will be hailed with joy.
Fischer's orchestra will be in attendance

on Friday afternoon and Saturday night,
the new goods will be elaborately dis-
played, the store will be handsomely de-
corated and everything will be done to make
the guests of the store those days com-
fortable and happy.

Saturday evening the curtain at the
Margaret theater, where Ward and James
are to produce "Alexander the Great," will
not go up until 9 o'clock, thus permitting
the people to stay and see the opening
that evening at the store.

SAID SUNSET WAS BAD FIRE Many Thought Brilliant Lights in West Were From Conflagration.

Anaconda, Sept. 17.—One of the most glori-
ous sunsets of the season was witnessed last
night. The sky to the westward was lighted
up long after the sun had disappeared behind
the mountains, and the western sky was
painted in gorgeous colors—reds, oranges,
blues, purples and violets being the prevailing
shades. So brilliant was the display that some
Anaconda residents thought a forest fire was
raging west of town, while during the evening
a number of inquiries came from Butte as to
whether Anaconda was burning.

HER SANITY WILL BE DETERMINED

MRS. FLEISCHER IS BEFORE COM-
MISSION—IS SAID TO BE IN-
SANELY JEALOUS.

SPECIAL TO THE INTER MOUNTAIN.
Anaconda, Sept. 17.—Mrs. L. W. Fleis-
cher, who conducts an art store in East
Park avenue, is on trial today before an
insanity commission which is seeking to
determine her sanity. Mrs. Fleischer and
her husband have lived in California,
Butte and Philadelphia. Recently Mrs.
Fleischer came here from California to
join her husband.

Yesterday she had an altercation with
her husband at the corner of Cherry and
East Third streets, during which she
pulled a revolver from the folds of her
dress and struck him over the head. This
led to her arrest.

H. G. Bryant made the complaint charg-
ing her with insanity. He says her jeal-
ousy of her husband virtually amounts
to insanity. Mrs. Fleischer has many
friends here who deny that her mind is
affected. The trial has been on all morn-
ing and all afternoon.

CATTLE ARE IN FINE SHAPE Range Is Reported in Good Condition and Feed as Plentiful

SPECIAL TO THE INTER MOUNTAIN.
Anaconda, Sept. 17.—Reports from the graz-
ing country in this vicinity and the Big Hole
basin are that there is plenty of feed for the
cattle. Grass has been growing freely in recent
weeks, affording fine and luscious feed.
A large amount of hay has been put up,
insuring a plentiful supply of winter feed.
Little or no Big Hole cattle will be put on the
market this year, it being the policy of the
stockgrowers to wait for a trifle better prices,
which they can afford to do. Cattle are re-
ported in excellent condition.
