

SOCIETY

Track meet with its various features has monopolized the attention of Missoula for the past week and instead of the usual fragments of conversations caught of teas, receptions, dances, etc., it is hurdles, high jumps, dashes, pole vaults, all discussed with surprising amount of knowledge. An occasional murmur of "pretty girl" or "mighty fine fellow" added variety to the conversation as groups of students passed. The meet closed with the awarding of the cups and medals at the Harnois theater on Friday evening and was followed by a dance given at the Elbe hall, where the students and faculty of the University of Montana acted as hosts. Good music was provided, the floor was in excellent condition and the affair as a whole all that could be wished. Many prominent men and women of the city acted as patrons and patronesses and watched out for the pleasure and enjoyment of the younger set. Saturday most of the visitors departed for their homes in various parts of the state, although a few will visit with personal friends in Missoula for the coming week.

FALLING HAIR STOPPED.

Baldness Cured by Destroying the Parasite Germ That Causes It.

Baldness follows falling hair, falling hair follows dandruff, and dandruff is the result of a germ digging its way into the scalp to the root of the hair where it saps the vitality of the hair. To destroy that germ is to prevent as well as cure dandruff, falling hair, and, lastly, baldness. There is only one preparation known to do that, Newbro's Herpicide, an entirely new, scientific discovery. Wherever it has been tried it has proven wonderfully successful. It can't be otherwise, because it utterly destroys the dandruff germ. "You destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50c and \$1.00. Missoula Drug Co., special agents.
