

# West Cedar Street Bargain

I am offering you today a choice piece of property at a snap. Just west of the court house on West Cedar street. It is an 8-room, modern house; toilet and bath down stairs and toilet upstairs. There are two entrances to the upstairs to two suites of rooms equipped for housekeeping that rent for \$45 per month, leaving 4 large rooms down stairs for living. Lot 25x130, cement walks and trees.

This property will pay 15 per cent. on the investment, and being located so close in, will certainly increase in value very rapidly.

If you are interested in something awful good look this up.

## WHITE SLAVE BILL PASSES

### SENATE APPROVES BENNETT'S MEASURE FOR CORRECTION OF GREAT EVIL.

Washington, Feb. 11.—The Bennett "white slave" bill, regulating the traffic in alien, immoral women, was passed by the senate today, practically in the same form as passed by the house.

Less than half an hour was devoted to consideration of the measure in the senate.

Senator Money found fault with one of the re-enactments of the present immigration laws. This objection was to the fact that alien laborers afflicted with contagious diseases were excluded, while professional people and others were not.

Mr. Money took exception to this discrimination, but, after saying he would introduce a resolution looking to its correction, withdrew all objection to the pending bill.

The bill amends the immigration laws by excluding women who come to the United States for immoral purposes, persons who bring in or attempt to bring in women for such purposes and those who receive the proceeds of prostitution.

## UNANIMOUS DECISION IS FINALLY REACHED

London, Feb. 11.—According to an authorized statement tonight the cabinet council early this week arrived at a unanimous decision on the parliamentary program. This statement was the outcome of numerous rumors of a serious cleavage among the ministers regarding the policy to be followed. It is confirmed that, after the passage of the budget, a bill limiting the veto of the lords will be announced as the chief legislative work of the year.

It is understood Premier Asquith has completed his cabinet appointments and only awaits the king's approval to publish them.

## HOLDERS OF STOCK GET NONE OF MELON

New York, Feb. 11.—Charges that certain of the "insiders" in the Wells Fargo company knowing in advance that the 200 per cent "melon" would be cut had tricked the stockholders out of their holdings, will be laid before the interstate commerce commission.

A stockholder has prepared a charge that an agent for some insiders traveled about the country prior to the melon cutting and induced stockholders to part with their holdings just a little above the market price, but far below the price to which the stock jumped when the melon was announced.

### GENERAL BALANCE DEAD.

Washington, Feb. 11.—News of the sudden death of General John Greene Balance, a retired brigadier general, last night at Miami, Fla., was received here today.

## RAILROADS FAVORED SMOOT CHAMPIONS HE SAYS TARIFF LAW

### BRISTOW ATTACKS POLICY OF GOVERNMENT REGARDING MAIL CONTRACTS.

Washington, Feb. 11.—Because an independent steamship line to the isthmus of Panama, on the Pacific coast, would enter into competition with transcontinental railroads was given as a reason today for the rejection by Secretary of War Dickinson of an offer made to the government by a syndicate of Baltimoreans. Details of the offer were given to the senate committee on interoceanic canals by B. N. Baker, former president of a Baltimore steamship line. In the hearing of the Flint-McLachlan bill for the establishment of a government-owned line on the west coast.

Mr. Baker said that when the Pacific Mail Steamship company gave notice that it would insist upon receiving 70 per cent of the joint rate on business via the isthmus, instead of the 50 per cent it had received for many years, he offered to put on a line if he were given a mail contract similar to those given other lines. Such a line as he proposed to establish, said Mr. Baker, would have connected with government vessels between New York and Colon.

"Why was your offer rejected?" asked Senator Bristow.

Mr. Baker replied that the secretary of war was of the opinion that he had no jurisdiction in the matter.

"The whole thing here is that the United States does not intend to do anything that would hurt the transcontinental railroads," ejaculated Mr. Bristow.

### WANTED FOR ROBBERY.

Hot Springs, Ark., Feb. 11.—C. A. Conlin, alias H. A. Daniels, was arrested here tonight on information from San Francisco, where, according to the telegram, he has been indicted for grand larceny in connection with the robbery of a Wells-Fargo Express office of \$30,000 worth of certificates and diamonds.

### LITTLE FELLOWS MATCHED.

Portland, Ore., Feb. 11.—Monte Atteil of San Francisco and Frankie Conley of Kenosha, Wis., were matched yesterday to fight 45 rounds in Los Angeles, February 22, at 116 pounds ringside. The boys were to have fought a 10-round bout here this month.

### MORE MOTIVE POWER.

Baltimore, Feb. 11.—The directors of the Baltimore & Ohio railroad besides making large appropriation for road-way improvement, have authorized \$2,000,000 for motive power in addition to the \$12,000,000 order for locomotives and cars being now filled.

### TO COACH CATCHERS.

Cambridge, Mass., Feb. 11.—Malachi J. Kittrege, former well-known league catcher, has been engaged to coach candidates for catcher on the Harvard baseball team. It is the first time a professional coach has been engaged for catchers at Harvard.

## BALL TEAM WILL GO TO PARIS

Philadelphia, Feb. 11.—The Philadelphia National League team will invade Paris at the close of the coming baseball season to teach the French sporting public the American national pastime. A cablegram to the officers of the Philadelphia National League Baseball company, received yesterday, stated that a guarantee had been posted in Paris covering the expense of the team, and the trip is said to be a certainty.

### NOTED CHARACTER DIES.

Boone, Ia., Feb. 11.—Milton Logan, aged 80, foreman of the famous Armstrong jury in the Illinois murder case, in which Abraham Lincoln cleared his client by the use of an alibi, died at his home here today.

### TO POPULAR VOTE.

Washington, Feb. 11.—The senate committee on Pacific islands is reported in favor of submitting the Hawaiian prohibition question to a popular vote of the people of the islands.

## Builders Bargain House

### WE CAN SAVE YOU BIG MONEY

on every item used in the construction of a home.

SASH, DOORS, GLASS, BUILDERS' HARDWARE, ROOFING, BUILDING PAPER, MOULDINGS, SASH WEIGHTS, CORD, ART GLASS, PLATE GLASS, Etc., Etc.

DO NOT BUY ELSEWHERE before getting our low wholesale prices. Buying in carload lots and paying cash for every dollar's worth of goods that we buy enables us to underbid all competitors. Our prices are positively the lowest in the Northwest.

### ORDER BY MAIL

Send a list of your wants and we will quote you prices and quantities. SEND FOR FREE CATALOGUE.

### SENATOR FROM UTAH DEFENDS THE PAYNE-ALDRICH MEASURE IN A SPEECH.

New York, Feb. 11.—Senator Reed Smoot of Utah defended the Payne-Aldrich tariff law tonight at the banquet of the Silk association.

"The tariff bill passed at the last session of congress," said Senator Smoot, "is the best tariff measure ever enacted into law. In America we live in better houses, we sleep in better beds, we eat more and better food, we wear warmer and better clothing, our children attend better schools, we enjoy more of the comforts of life than any other people in any other country on the globe."

"I take it we are all alike interested in the general prosperity of our nation. We are all alike desirous of so safeguarding our industries as to insure our prosperity. We have such a safeguard, and we call it protection. I deny that the tariff act of 1899 is the cause of the advance in the cost of living. The greatest advances have been upon articles in the free list or upon which duties were decreased or upon which no advance was made over the Dingley rate. It is also noticeable that the extreme advances are upon products of the farm, yet the advance received by the farmer is insignificant in comparison with the increase paid by the consumer."

Investigation, said Senator Smoot, has shown in some instances that there is an increase of from 200 to 800 per cent in the price paid by the ultimate consumer over the cost of manufacture of many imported and domestic articles.

"Something is wrong," he said, "in a system of distribution that will allow such results. Prices are advancing all over the world, in free trade countries as well as in protection countries. The supply has not kept up to the demand."

## REGARDS QUESTION AS INSULT

### VICE PRESIDENT OF COTTON EXCHANGE OBJECTS TO QUERY PUT TO HIM.

Washington, Feb. 11.—"I regard that question as an insult to me and to every member of the cotton exchange," declared Vice President Arthur R. Marsh of the New York cotton exchange, at today's hearing before the house committee on agriculture on the anti-option bill. Representative Sims of Tennessee had asked Mr. Marsh if there were any way of eliminating transactions that did not contemplate actual delivery, causing, in effect, business in contravention of regular rules of the exchange. Mr. Marsh emphatically resented any imputation that the members of the exchange countenanced fraud or cheating.

Mr. Sims explained that what he meant was whether the business could not be so conducted as to eliminate rambling, "not that Mr. Marsh or other members are consciously guilty of such practices."

"I am against all iniquity," declared Mr. Marsh. "I pronounce all undertakings entered into by any human being with the intent of not fulfilling that which he undertakes to do as iniquitous. The presumption in business circles that an honorable man, holding an honorable position in the business community is neither a fraud nor a cheat."

"The world is not producing enough cotton for its needs," he declared. Mr. Marsh characterized the Scott bill to regulate cotton exchange transactions as futile and unconstitutional.

## MADAME PERIWINKLE ANSWERS LAST CALL

### Cincinnati, Feb. 11.—Death removed today one of the most unique and pathetic figures of the American stage.

Madame Periwinkle has passed away, a victim to the end that the feeble audience that greeted her a generation ago really acclaimed her the greatest actress of her time. Twenty years ago Mrs. Susanne Martin (Madame Periwinkle) her mind unbalanced by the loss of her husband, conceived the idea that she was a great actress. A cynical manager foreseeing a unique feature, encouraged the belief and Mme. Periwinkle appeared in vaudeville. She could neither sing nor dance, and her costume was made up of weird ill-fitting odds and ends, but again and again she appeared before crowded houses and received the feeble plaudits as genuine appreciation. The novelty at last wore off and her feeble brain gave way entirely.

She was 61 years old at the time of her death.

### TURK THROWS CUTLER.

Kansas City, Feb. 11.—Yusuf Mah-soub defeated Charles "Kid" Cutler of Chicago by straight falls in a wrestling match at Convention hall tonight. The first fall was won with bar arm and scissor holds in 32 minutes 20 seconds and the second with an inside croch and half-Nelson hold in 24 minutes 26 seconds. Raoul de Rouen lost a handicap match to Pat Connolly, failing to obtain a fall. De Rouen had agreed to throw Connolly twice in an hour.

## Anty Drudge Agrees with Nellie.

May—"Let's play washday, Nellie, and wash the dolly's clothes. We'll use this tin pail for a washboiler and I'll go put it on the kitchen stove to heat water."

Nellie—"Oh, no! My mama doesn't wash that way. She washes with Fels-Naptha in lukewarm water and she says it's lots easier."

Anty Drudge—"Nellie is right, children. The Fels-Naptha way is a long sight easier and better way of washing than boiling the clothes. It's more like play and saves clothes wonderfully."

The old-fashioned wash-boiler way of washing clothes is bad enough in Summer when it can be done out of doors. In the Winter, when four walls keep in all the steam and all the nauseous odors so you have to stew in them, washing clothes that way is drudgery of the most disagreeable kind.

Are you foolish enough to continue it? You won't be when you have once done your washing the Fels-Naptha way in lukewarm water.

No boiling of clothes. No steam Turkish bath to redden and blotch your face. No smells. No back-breaking work. Washing with Fels-Naptha in lukewarm water is just as pleasant in Winter as in Summer.

Try it next washday. All that's necessary is to follow simple directions printed on the red and green wrapper.

Try it for the flannels, woolens, colored clothes as well as the white things.

Be sure to get the genuine Fels-Naptha.

## LEWISTON TERRITORY STRONGLY OPPOSES IS INVADED THE BILL

### PUGET SOUND LOOKING OVER GENERAL COUNSEL FOR RAILROAD OBJECTS TO ADMINISTRATION MEASURE.

Headed by Chief Engineer Penfield of Butte, a party of 16 Puget Sound surveyors are working out of Lewiston. Nothing definite could be learned as to the intentions of the party, but hope is high in Lewiston that the Milwaukee intends to run a line through the city. While their destination has not been made known, it is safe to suppose that the surveyors are either going to work eastward to meet a party coming from Terry, or will work northward into the Arrow creek country. These lines will prove of inestimable benefit to Lewiston when they are constructed, as there is an immense amount of territory in that section of the country which should develop rapidly with adequate transportation facilities.

Washington, Feb. 11.—Robert Walker, general counsel and chairman of the executive board of the Chicago, Rock Island & Pacific railroad and a son of the first chairman of the interstate commerce commission, vigorously opposed the administration railroad bill today in a hearing given by the senate committee on interstate commerce.

This railroad is practically the first to condemn in any decided way the administration's policy of controlling the issuance of stocks and bonds by railroads and preventing the acquisition of new lines.

"What would you advise the government to do if all of the railroads of the country should propose to combine as one great corporation?" was asked of Mr. Walker during the course of the hearing.

"Legislation should be enacted which would insure fair and just rates for the benefit of all of the people and then consolidation should be encouraged in every way it could be accomplished."

The most effective control of capitalization, he said, was the publicity now provided for by law, which he thought would prevent in the future, all of the evils in that direction, of which complaint had been made in the past.

Mr. Walker contended that the effect of the proposed legislation would be to prevent western railroads from developing along such lines as had made eastern railroads profitable. He declared the only way of maintaining roads which had been constructed to open up great undeveloped areas would be to combine them with other properties.

Washington, Feb. 11.—Dispatches received from official sources by the state department states that martial law prevails in Managua.

HEAVILY FINED. Salina, Kan., Feb. 11.—The Belle Springs Creamery company, convicted yesterday on 15 counts of selling short-weight butter prints, was today fined by Judge Wagstaff \$1,500, the limit possible under the law. The company took an appeal to the district court.
