

# FOR TRADE

160 acres, 25 cultivated, 70 acres can be improved except a good barn.

We will trade this place for a home in Missoula. We also have a 10-acre Orchard Home to trade for city property. The improvements on this orchard are a 6-room residence, good barn and chicken houses.

If you want to trade on a cash basis come in.

# FIRES STILL BURN AT EAST PORTAL

ONLY FRAME SHACK TO SURVIVE RECENT CONFLAGRATION IS BURNED.

News was received in this city yesterday which knocks the popular idea in the head that the forest fires are practically out. The only frame shack to survive the recent holocaust which swept over East Portal was consumed by fire today. The building was set on fire by sparks from the fire which are still burning in the vicinity of East Portal. Visitors to Missoula from that section of the country claim that there is yet considerable fire around this vicinity and, while the forest has been burned clear of underbrush and, consequently the fire cannot spread with great rapidity, still the danger is by no means over, as there is plenty of timber left standing.

# RAILWAY ERA OF WHITE SULPHUR SPRINGS

Experience has shown that whenever a railroad enters an old, substantial community, an era of marked activity ensues, values sharply advance, building enlivens and the community grows rapidly.

This will happen at White Sulphur Springs within the next 12 months, lots in the townsite of which I will sell at auction in Helena, Saturday, September 24.

Trains of the W. S. S. & Y. P. Ry. will be in White Sulphur Springs this year. The lots will be sold before the effects of the railroad are felt. This means that the buyers will get the benefit. The company could keep the lots longer and realize many thousands more, but its other extensive interests will alone keep it busy. Buyers will also reap the benefit of the half million dollars to be immediately expended to develop the town into a great health resort. Buyers will also benefit by the colonization next year of 600,000 acres of splendid agricultural land.

A purchase in this town is a real investment. G. W. MORROW.

### HOLD FUNERAL TODAY.

The funeral of F. F. Morpenstein will be held from Lucy's church this morning at 10 o'clock. Father Trevell will have charge of the services. Interment will be in the Catholic cemetery.

### Some Fine Importations.

Mr. James W. Behen, western representative of the Bigley Importing company of St. Louis, desires to announce that on Monday he will have on display at Florence Hotel parlors, one of the most artistic lines of imported goods ever shown in this country. The line consists of table linen, bed linen, lace curtains, embroidery and flit goods. These goods are of the highest grade of workmanship and will not be seen elsewhere in America. Hours for display, 9 a. m. to 5 p. m.

# 160-Acre Relinquishment

15 miles from Missoula, 1 1/2 miles from railroad and shipping point. About 10 acres cleared and cultivated; 100 fine trees that will commence to bear next year. Fair stable, root house and chicken house. There is probably nearly 1,000,000 feet of timber on this chin suitable for wood, lagging, stulls and saw logs. With this place we offer the following personal property:

- 2 work mares with colts.
- 1 2-year-old gelding.
- 1 fine cow.
- 1 lumber wagon, 3-line.
- 1 set double harness.
- 1 saddle.
- 1 plow.
- 1 double shovel plow.

We will trade this property for a little home in Missoula or for an Orchard Home, and pay any difference in cash. Our price for this for a few days is \$1,650. This place has the making of a fine chicken and fruit ranch. The soil is very rich. There is enough timber on it to pay for it several times over.

# SAM CONE RESIGNS AS AGENT

QUITS EMPLOYMENT OF UNCLE SAM AND WILL GO TO LEWISTON, IDAHO, TO PRACTICE.

Sam Cone, special United States agent, has resigned his position and will soon open a law office at Lewiston, Idaho. The telegram advising him that his resignation had been accepted reads as follows: "The commission wire that your resignation was accepted today. You are, therefore, relieved from duty from this date. Mail expense account to Denver." This was signed by Chief Special Officer Johnson, whose headquarters are in Colorado. A successor has not been appointed yet. The case now in court will be looked after by Mr. Cone, but he will not work up any new ones.

The news of Mr. Cone's change will cause much rejoicing among the bootleggers of his district, for he has been everlastingly on their trail ever since he commenced work. If they could get together one of the greatest indictments in the history of bootlegging would be had. His sweep covered portions of Washington, Idaho and Montana.

For the present Mr. Cone is doing some work for the Spokane interstate fair and dry farming exposition and congress. He will be put on an Indian show at the fair. "Chief Joseph and the Battle of the Clearwater" will be given by Sam Johnson and a command of Washington militia. This will take place from October 3 to 10. During his term of office here Mr. Cone has been very active. He has made some sensational arrests.

# LOCAL SOCIETY

**Varsity Dance Tonight.**  
Tonight the Varsity Alumni association will entertain its friends, the old students and the new ones, at a reception and dance which will be given in the gymnasium. The special purpose of the event is to introduce the new students, and to assure them a cordial welcome into university circles.

**Wednesday Afternoon.**  
To Mrs. C. W. Lombard falls the pleasure of entertaining the Four Leaf. Each club next Wednesday afternoon, at her home on E. Cedar street.

**Special Events.**  
Two events of special interest this week are the luncheon to be served on Thursday next by the Ladies Guild of the Episcopal church, and the opening of Mrs. Nell's kindergarten on Wednesday morning. Any undertaking under the auspices of the Ladies' Guild is regarded in the nature of a social event, as the members can always be relied upon to furnish clever and unique ideas for the entertainment of the public. As to the kindergarten, well, it is said that already there are in place the most fascinating of miniature chairs and tables, the merriest of songs and games, and all the newest and latest contrivances to smooth the thorny path of learning for little stumbling feet.

### VOX POPULI

#### A Soldier's View.

The Editor:—The soldiers have returned from the fire zone sincere in their wishes that the fires are out for good. Our only wish is that the civilian fire fighters have been able to make a stake without getting their hands calloused. One of them remarked that he had got it nicely eight hours without touching a pick or shovel.

Anyway, we are glad to get back without the loss of life, which we attribute to the presence of our mascot, "Whites" Dawson. Some of the soldiers think it would be a good idea if they were allowed the use of the street cars free until Christmas, as some recompense for their labor in saving Lolo hot springs from destruction.

#### Young sincerely.

JACOB GUGGENHEIMER, Missoula, Sept. 10.

#### Protecting Orchards.

To the Editor:—I would like to ask for the benefit of my neighbors and myself why it is that the infested fruit picked from the trees in the city is thrown into the river where it is carried by the current down through the orchard houses and washed ashore all along the way.

Is there no danger of contagion spreading from them into our orchards?

We who spray our trees every year and have them in good shape and have fruit free from worms are much concerned over this matter.

It is hard enough to fight the numerous pests (with in many cases unclean fruit orchards adjoining) without being annoyed by this condition of affairs. And if there is danger to arise from it the matter should be investigated. Will some one who knows please reply.

#### AN ORCHARD HOMER.

Missoula, Sept. 9.

#### In Explanation.

The Missoulian find an article in your paper which is not correct and in justice to the county and myself would like to correct it. I think these "one horse" attorneys should look up the truth before they make such reports.

I will state that those men had a fair trial and plead guilty and were fined and sentenced, after which the men were turned over to Sheriff Graham and the fine money turned over to Hugh Kennedy.

Hoping this enough explanation, I remain Very respectfully,  
S. V. WOLFE, J. P.

# Macaroni Always for Highest Food Value

When thinking of economy in planning your meals, always bear in mind macaroni. This is a thing that bears repeating, for there means more in the way of saving and energy value than macaroni. Your cookbook will show many attractive dishes that may be made from this rarely economical food product.

Our "Bandor" brand, which is imported from France, is the best obtainable. It is made from Tagarok wheat which is the finest flint wheat grown in the world.

# COUNTY HIGH SCHOOL BEGINS TODAY

OUTLOOK FOR A SUCCESSFUL YEAR IS CONSIDERED TO BE VERY BRIGHT.

With the brightest outlook that it has had for some time the Missoula County High school will throw open its doors today. The prospects for a large enrollment are good, according to E. A. Stejer, the new principal of the high school. Mr. Stejer said yesterday:

"We are confident of good support from the surrounding country. I have had reports from many of the different towns surrounding Missoula, and many pupils are coming in from the outside. I expect a class of from 80 to 100 freshmen and think that the enrollment in the other classes will be as good, if not better, than last year. Our faculty has been increased this year and should add greatly to the efficiency of the work. Miss Alice Wright will be assistant in English; Miss Margaret Roman will act as assistant in Latin and mathematics and Joseph Dickinson of Denver has been secured to take the position vacated by me. All of these people come with high recommendations and will be of great help in handling the classes. H. M. Barrett has been secured to take charge of the music classes and will doubtless build this department up immensely, as he has had much experience in this line of work."

### ORGANIZER OF MIXERS BREAKS HIS UPPER JAW

Wallace, Sept. 11.—(Special)—While crossing the street in Burke today, Ben Gordon of Milwaukee, Wis., international organizer for the Bartenders' International League of America, tripped over a railroad track rail and fell in such manner as to strike his face against the other rail. The upper jaw was broken, a large portion of the jaw being held to the face only by the skin. The accident is a peculiar one, as the upper jaw is rarely broken. An attempt is being made by the doctors here to prevent the removal of the fractured bone, though it is doubtful whether the effort will be successful.

# Dress Fabrics and Silks for Fall

Your "Ideal" of What Dress Fabrics or Silk for Waists Should Be Awaits You Here

Perhaps you have some ideas of your own concerning dress fabrics or silk for waists, and most qualities and patterns you have examined thus far have not realized that idea. We believe frankly that those we are showing will. We selected them with a scrupulous care and regard for correctness and sturdiness that eliminated all but the very finest. And the prices are really far lower than the fabrics themselves would lead you to expect. Another point in our favor and your consideration is that these goods are exclusive. You are sure of not seeing Mrs. So-and-So with a suit on like yours. All the new shades in fancy suitings.

Prices, \$10, \$12.50, \$15, \$17.50 and \$20.00.

# BANK PRESIDENT DIES AS RESULT OF WORRY

Abilene, Kan., Sept. 11.—I. S. Hallam, president of the Abilene State bank, died at 6 o'clock following a collapse Friday afternoon. He died in the house built by John A. Flack, the missing cashier of the bank who is said to be over \$25,000 short in his accounts.

Hallam went to the home Friday with Flack's aunt to get some family belongings. During the visit he collapsed and never recovered consciousness.

Hallam was 67 years old. Before going to the Flack home Friday he signed a contract pledging all his property to make good Flack's shortage. His death is attributed to the nervous strain resulting from the discovery of the alleged shortage.

# CALIFORNIA OIL WELLS BURN FOR THREE HOURS

Bakersfield, Cal., Sept. 11.—Flames shooting 300 feet in the air, from two blazing gushers of the North Midway group of flowing oil wells, kept the city and entire west side oil region in a state of great excitement for three hours this evening, while 200 fire-fighters struggled vainly until the wells sanded up and stopped the fires themselves.

While the flames were at their height a fissure more than 1,000 feet long and of unknown depth opened up from a well nearby and, breaking the embankment of pump hills, caused the loss of a large quantity of oil.
