LIGHTS ARE WANTED  
BY STEVENSVILLE

VALLEY TOWN ANXIOUS THAT  
ITS STREETS BE PROPERLY  
ILLUMINATED.

Stevensville, May 10.—(Special).—Another rousing meeting of the chamber of commerce was held last evening, at which time the standing committees for the ensuing year were appointed, and other matters considered, the most important of which was the unanimous vote in favor of street lights for Stevensville. At a recent meeting of the town council the lights were turned down until fall, and the people have been making a demonstration over the matter. Last night's meeting of the chamber of commerce may settle the matter, as it is understood that both the chamber of commerce and the merchants' association of Stevensville are going before the council to make a demand for street lights. Mayor Faulds has announced that he wants the lights to grace the streets of Stevensville as soon as possible.

## The Committee.

The following committees, which were selected by the executive committee of the chamber of commerce, were accepted by the organization at the meeting:

Finance—Clyde Slagle, George A. Kain, Charles Mendle, Dr. Kellogg and John McLaughlin.

Entertainment—J. R. Faulds, James A. Bales, A. H. Perz, B. B. Robinson and C. C. Fausler.

Membership—P. L. Cochran, J. G. Showell, E. O. Lewis, Dr. Standen, H. A. Carlson.

New enterprises—P. M. Lawrence, A. T. Porter, J. B. Parnall, H. A. Chambers and Amos Buck.

Many matters pertaining to the betterment of Stevensville were freely discussed, among them the fact that John McLaughlin had been appointed as a delegate to the good roads convention at Pocatello, Idaho. It was voted that an effort be made to raise necessary funds to send Mr. McLaughlin as a delegate, and the committee having charge will report at an early meeting. The next meeting of the organization will be held on June 12, at which time a smoker will be held, and the entertainment committee will have a program of some kind prepared.

## HAMILTON ENTERS

## INTERSCHOLASTIC

Hamilton, May 10.—(Special).—Clark Palmer, Clark Gray and Clarence Ferrell left this afternoon for Missoula, where they will represent the Hamilton high school in the interscholastic field meet held there this week. Fullerton and Higgins are entered in the meet, but will not participate, the former being incapacitated by a bad limb. Miss Nadia Chambers and Miss Marie Mansfield, the former Hamilton representative in the declamatory contest to be held at Missoula tonight, the latter the alternate, left yesterday afternoon for Missoula. They were accompanied by Miss Wheeler, a teacher in the local high school, and several of the high school girls.

## HAMILTON FISHERMEN

## TO PLANT TROUT FRY

Hamilton, May 10.—(Special).—The Hamilton Rod and Gun club expect 100,000 trout fry to arrive in this city on the morning train Friday. C. C. Chaffin and Will Grush will go to Missoula on Thursday to meet the shipment and take care of it. The shipment will be of eastern brook trout and will probably be in 10 or 12 cans. Dr. R. L. Owens and Dr. R. W. Beck, members of the local club, stated today that arrangements had been made for the placing of the fry in Bitter Root stream. Owing to the fact that the fishing in the river above Hamilton is falling off it is thought advisable to make this deposit in the river some distance above the city, and above the many irrigation ditches.

## DEATH OF A CHILD.

Stevensville, May 10.—(Special).—Donald Cameron, the 3-year-old son of Mr. and Mrs. J. J. Cameron, died here yesterday, and the funeral was announced for this afternoon, but today Jesse Cameron, the 7-year-old sister of the boy, was in a critical condition and the funeral was postponed. The children were taken ill some time ago with measles, which later ran into whooping cough. They commenced to improve, but later became ill with pneumonia, the young boy dying yesterday, and the girl is in a very critical condition this afternoon. It had been planned to hold the funeral of the boy from the home at 1:30 today, it to be private, with public services at the grave. It is not known now just when the funeral will be held, but it will probably be held tomorrow or Friday.

## NOW IT IS LEWIS &amp; CALKINS.

Stevensville, May 10.—(Special).—E. O. Lewis, who was last week admitted to the bar in Montana, has entered into the practice of law in Stevensville with Attorney C. B. Calkins in Mr. Calkins' law offices here. Mr. Lewis has been in Stevensville for the past 10 years, previous to which he was a lawyer in Iowa, and Mr. Calkins has maintained law offices here for the past 21 years. Mr. Calkins is a former county attorney in this county.

## Statements.

Coach Cary—"I am, of course, delighted with the outcome of the meet. All of the men did well. No one sluffed a bit and the victory was the result of the fact that each man did his very best. Especially encouraging was the fact that practically all of the team which won the state championship yesterday afternoon will be back in school next year. Most of them are either freshmen or sophomores. With added experience they should make up an exceptionally good team." Coach McIntosh—"The aggies did not do quite as well as we had expected. We had counted on fifty odd points, but we couldn't do it. The varsity won fairly and squarely and I have nothing but praise for the Montana team and the officials. I withdrew my protest on the quarter-mile dash as soon as I was acquainted with the truth of the matter. I am satisfied that the varsity men won fairly."

Coach Furman—"I am wholly satisfied. In view of the fact that the school of mines was represented by a team absolutely without practice, I am pleased with the outcome. Perhaps if we had had an opportunity to practice we could have done more, but we did not. I feel that the Mines performed creditably and am satisfied with the outcome."

## Cinders.

Professor J. P. Rowe was properly proud of himself yesterday afternoon. He exhibited to all comers a "dope" sheet which gave the varsity victory, and which called forth much laughter

JUAREZ SURRENDERED  
AFTER TWO-DAYS' FIGHT

(Continued From Page One.)

Recent. James Monaghan, whose address is 3209 Baring street, Philadelphia, Swarthmore college, who went sightseeing in Juarez on Sunday, says he was arrested as a spy and since then has been in prison, being forced during the fighting to carry water across the street to the federal soldiers who fought from the top of the jail.

General Madero walked about in the streets congratulating his men. Tonight, quartered in the municipal building, he dictated the following statement:

## Madero's Statement.

"The taking of Juarez is of very great military and political importance to the revolutionists and it assures us of a complete triumph in a very short time. The forces which defended the town fought valiantly. They owe their defeat to the fact that our forces were inspired in this fight by the spirit to win political liberty, while the federalists were only held in their ranks by the yoke of discipline. The majority are in the army against their will. For this reason, I wish to announce to all soldiers that I will set them free as soon as I can find a way to insure some means of support for those who do not wish to incorporate themselves in my forces.

"At present I cannot set them free, as they have no means of subsistence,

which would be dangerous. As far as I can observe, the majority of the prisoners will swell my forces. Some of the officers, I am sure, will enter my army and those who wish to remain true to the government of Porfirio Diaz will be exchanged for prisoners of war or political prisoners.

(Signed) FRANCISCO I. MADERO, JR., Provisional President of Mexico."

## Sympathy With Insurrectos.

Much more ammunition than they ever dreamed to be in Juarez tonight is in the hands of the revolutionists. The sympathy of the people in Chihuahua is with the rebels and if they march southward toward Mexico City it is most certain they will recruit thousands of men. The probable course of action of the insurrectos now will be to determine whether the government is ready to make definite peace concessions. Negotiations for peace probably will be resumed in a day or two, but the rebel demands probably will be much stronger than before. All the erstwhile peace countenances and rebel political chiefs were in Juarez tonight conferring with Madero.

## Federals Abandon Agua Prieta.

Douglas, Ariz., May 10.—Rebel commanders in the Sonora campaign took charge of Agua Prieta tonight and set up a temporary state government in the Mexican frontier post, which was abandoned by its federal garrison early today. This government will be perfected tomorrow. General Jose Lomelin, commander of the rebel forces in Sonora, sent temporary officers into Agua Prieta. Police were posted to patrol the streets and before morning Amaleto Giron and 700 insur-

rectos are expected to arrive to re-garrison the town.

## Campaign Against Hermosillo.

Douglas, Ariz., May 10.—Americans reaching here from southern Sonora today report rebel bands concentrating for a campaign against Hermosillo, the capital of that state. Arrivals from Poso, a station on the Southern Pacific, said that a stream of insurrectos had been passing through the rich mining district east of there in the last few days, all en route to the capital.

Several of these rebel bands did not hesitate to confiscate all the provisions at American mining camps, taking also the stocks of powder and dynamite from the powder houses. An automobile recently put into service between Poso and the mining camps in that district was wrecked by rebels, who also took the horses of the Americans who reached here today. The refugees had to walk to the railroad.

According to the reports brought by these Americans, Sonora is in a state of turmoil.

## AUSTRIAN EMBASSY'S HOME.

Washington, May 10.—A palatial residence in Sixteenth street known as the "Newhouse" and owned by Mrs. John B. Henderson, may be purchased by the Austrian government as the new home of its embassy. Negotiations between the ambassador and Mrs. Henderson, are now in progress.

## M'LEAN TO DARBY.

Hamilton, May 10.—(Special).—Harry McLean left this morning for Darby, where he will spend the rest of the week tuning up the pianos of that town.
