**Old Gold and
Silver
Can Be Made
Useful**

Old gold or silver is to be found in some quantity in nearly every home. In most cases it has been stowed away and possibly forgotten. It would be wise to look up old pieces if you have any, and bring them here. We can make them up into anything you may desire and after reconstruction it will look like new. This work does not cost much and you have the satisfaction of possessing jewelry of original design. This work is done only by experts. If you do not wish it made over, we will buy it from you or trade you jewelry for it.

**CAUGHT
On the Run
About Town**

The oldest mercantile business in Montana is that which was established by Worden & Co., in 1860 and which is now carried on by the Murphy-Lockman company. There have been three or four changes in the successive managements of this old establishment, but the business has been continued without interruption since it was started. William C. Murphy, the head of the present company, has been continuously connected with the business since early days. Thirty years ago he became associated with Worden & Co. in the old store and, as partner and manager, he has continued the institution. In the west it is not often that such a record for continuous mercantile business is found, there were so many changes in the early days of the northwest and they came so rapidly that many a business lost its identity. The announcement that the Murphy-Lockman company is to close its business, is an important item in local mercantile circles on this account. This step has been definitely decided upon and Mr. Murphy announced yesterday that the closing sale will be started Wednesday morning. All preparations are being made for the move and there have been many expressions of regret that the step is to be taken. There are people in Missoula who have bought their groceries at this store for 40 years or more; there are many who have traded here for more than a quarter-century. These people have, during the past few days, been professing in their expressions of sorrow; it is to them almost like losing their home. There is also regret on the part of the store owners. Speaking yesterday with the Man About Town, Mr. Murphy said: "It will seem strange to be out of the store that has been my place of business for so many years, but there are circumstances which make it seem the best thing to do and it has been decided to close out. We are going to start a special sale next Wednesday. I have been so many years in the harness that I do not care to continue the responsibilities of business any longer and other conditions make it undesirable to continue the store longer. I shall regret to see the doors close, but now that it has been decided upon, we shall push the sale rapidly and get the last of our stock sold as soon as possible."

Mayor Reid, City Attorney Woody, President Kennedy of the Kennedy Construction company and Manager S. R. GETTING, Inc. of the street railway company held an extended conference yesterday afternoon, relative to the sewer work on East Cedar street, the purpose of the conference being to arrange, if possible, a plan by which there will be no interruption to the trolley traffic on the Bonner line while this part of the sewer work is being done. There was a mutual desire to dispose of the matter satisfactorily and with everybody pulling together there was not much difficulty in reaching an agreement. The plan decided upon will enable the Bonner cars to run into town, as usual, with the possible exception of two days, while the sewer mains are being laid on Cedar street. In order to do this the street will be closed to wagon traffic while the work is going on. The car track will be shifted to one side temporarily while the diggers are at work and the sewer contractors will use all possible speed in the work. The inconvenience will be slight and the arrangement suits all concerned.

Charles A. Harnois yesterday closed a deal with the Missoula Street Railway company, by which he becomes the lessee of the concessions and privileges at Riverside park for the remainder of this season. He will conduct the concessions and have the management of the amusement features at the park, which is to be thoroughly equipped as soon as possible. There is much more apparatus to be placed in the pleasure resort for the entertainment of the children. Manager Inch and Superintendent Bickenbach will confer with Supervisor Bushnell of the city playgrounds in the matter of the equipment and will install all the features necessary to make the place pleasing and attractive. The facilities for boating will be bettered and the big lake will be made a feature of the park's attractions. Things will be worked so that the park will be a delightful place for pleasure parties, no matter how large or how small they may be. Mr. Harnois will be on the job all the time.

There is a lot of activity at the Grand theater these days. The pretty playhouse is being made even more attractive than ever; there has been a renovation of the lighting system and in the announcement board, which is now brilliantly illuminated and which is equipped with a set of chimes which makes folks look up and take notice. The Montana Amusement company is improving the place in all departments. Manager Cutts is over from Butte, looking over the work and planning for some changes in the arrangements for the summer and autumn season. "We're making some changes here," said Mr. Cutts yesterday afternoon, "which we believe will improve the

**CAVE HOME ENTERED
BY THIEVES**

**DURING ABSENCE OF FAMILY
FRIDAY AND SATURDAY ROB-
BERS ENTER DOMICILE.**

A sneak thief, professional house-breaker or some local talent bent upon a career of crime and familiar with the conditions surrounding the scene of his activities, completed a two-day's engagement on the south side yesterday afternoon and, as a result, drew down a salary of about \$25 per day for his work. So far as reported last night, his stage was the residence of Will Cave, 121 South Fifth street west, but it may be that the unknown has also operated in other places which have not been reported.

From the story told last evening by Mr. Cave, the thief made his first haul Friday afternoon. For perhaps a half an hour around 6 o'clock it happened that none of the family was in the lower part of the house Friday evening, Mr. Cave being out in the back yard working in the woodshed, and his stepdaughter, Miss Clara Goodrich, having been upstairs. When she came down she missed her purse which she left lying in the hall and which contained \$12. The house was open, and although Miss Goodrich was possible of having left her pocketbook in the hall, the circumstance was so unusual that she finally decided that she had lost it while shopping during the afternoon. Taking this view of the matter, it was dismissed without thought of a robbery having been committed.

The second act took place yesterday afternoon. At 3 o'clock Mrs. Cave left the house and went down town. About half an hour later Jay McCormick and Horace Worden came to the residence, and, as has been their habit, went upstairs to the room of one of their friends to change their street clothes for tennis suits and went out on the nearby court to play. They returned to dress as the rest of the family gathered and soon made a startling discovery. Mr. McCormick found that he was shy \$35 which had been taken from his pockets. An investigation disclosed that the drawers in several of the rooms had been thoroughly ransacked, the drawers pulled out and the contents scattered about the rooms, although nothing else of value was missing.

It was then that Mr. Cave realized that his place had been twice entered by thieves, and he immediately turned the case over to the officers.

**CUPID'S WORK UNDONE
BY DIVORCE DECREES**

Matters matrimonial took up lots of time in the district court yesterday. First, P. C. Paulson and Mabel C. Spencer, both of Missoula, secured a license to be married. On the other hand, four decrees of divorce were granted and one action for separation was dismissed as settled.

Robert Mercer secured a decree in his suit against Mrs. Mercer, basing the action on desertion. Other divorces granted were: Edward H. Faulke from Grace Faulke; Maud L. Brown from William E. Brown; Charles O. Peterson from Rosie A. Peterson. The case of Belle B. Kennedy against Andrew J. Kennedy was dismissed as settled, and the injunction restraining Mr. Kennedy from disposing of his property was dissolved.

**DR. WILLARD SPEAKS
AT EASTERN MEETINGS**

Dr. Ava Willard will leave Tuesday evening for Illinois, where he takes a prominent part in two osteopathic conventions. The doctor goes first to the Illinois state convention where he will address the 300 assembled delegates on the subject of "Infantile Paralysis." Later he is due at the National Osteopathic convention which meets in Chicago July 22. There Dr. Willard is to be in charge of the therapeutic section and his position will entail several addresses. Fully 2,000 osteopathic doctors are expected to be in attendance up this convention.

OPEN LETTER--READ THIS

To Missoula citizens: Did you ever stop and think where they make the best ice cream and candies?

The Greeks are noted all over the world for making the best confections.

Please stop and consider this: The Greek Candy Kitchen has sold 350 gallons of ice cream, retail, from the 1st of July to the 6th of July.

You all know why. There is an old saying: "You should believe nothing you hear and only half what you see." You can come and see for yourself at the Greek Candy Kitchen, 224 Higgins avenue. Best location in city.

**RECORD SUBMITTED
BY FRIENDS**

CUTHBERT PEAT'S PAST, PRESENT AND FUTURE IS REVIEWED BY FOLLOWERS.

The friends of Cuthbert Peat have submitted the following statement in his behalf:

Cuthbert Peat's past record and experience well qualifies him for the office he is seeking.

Before coming to Missoula, nearly 22 years ago, he lived for several years in the state of Maine, where he became familiar with the government of towns by the town meetings, a system from which several good features are embodied in the present commission form of government.

In 1890 he went to work in Bonner, where he worked as a mechanic and obtained a thorough knowledge of plans and specifications.

In 1897 he became the owner of the Bonner stage line and soon placed it on a thorough business basis. Two years later he came to Missoula and took charge of a warehouse, where system and efficiency are a necessity. He always took an active part in public affairs in Bonner, identifying himself with whatever made for better elvle conditions in Missoula. In 1908 he was elected a member of the school board and re-elected last April as an indorsement of the administration, which was greatly characterized by progress. During his term he was chairman and of the works, thus a member of the buildings and grounds committee. During this period he was instrumental in the purchase of six separate sites and the erection of three new, modern buildings, besides making a great many modern improvements in all others, thus making the Missoula schools the most modern and best equipped in the state. The money spent for such improvements has been carefully and economically expended.

His family consists of four children, and his public and private life are known to all, for, while never holding an office in which there was a dollar of salary, the citizens of Missoula have shown their confidence in him by their re-election to the various offices he has held and none more notable than his re-election by the working men of Missoula as president of the Missoula Trades and Labor council, an honor seldom conferred on a member. He was also re-elected chairman of the school board.

**BUTTE POLICE JUDGE
SAID TO BE TOO EASY**

Butte, July 8.—(Special).—A man named Leahy arrested as companion of a man named Ward, who had in his possession masks, revolvers, two handkerchiefs and two hats, was dismissed as a vagrant by socialist Police Judge Boehr this morning only to be re-arrested by the county officers and lodged in the county jail upon suspicion of being a hold-up man. Leahy's arrest is one rebuke against the alleged wholesale release by Boehr of suspects and others whom the police arrested in connection with crimes which has resulted, it is claimed, in the present carnival of crime in Butte. The police officers are disappointed. They state that prisoners play upon the police judge's sympathy by claiming to be workmen, the victims of capitalist tyranny, out of jobs, and the court always gives them the benefit of the doubt.

**ELECTRIC FAN ADOPTED
BY HEATED LAWMAKERS**

Washington, July 8.—Senators who have fanned themselves with palm leaves through many sultry Washington summers were amazed at the opening of today's session of the senate when they discovered a noiseless electric fan whirling on Vice President Sherman's desk. The air was directed solely upon the vice president, who wore an expression of supreme contentment. The appearance of an automatic fan broke a senate precedent of long standing.

Stirred by the vice president's initiative, the senate today installed four electric fans in other parts of the chamber.

NOTICE TO CUSTOMERS.

Next Wednesday, July 12, we shall start the clearance sale of our grocery stock, which will lead the way to our permanent retirement from business. Definite announcement will be made within the next day or two of the details of the sale. We appreciate the generous patronage which has always been extended to us and we thank all our customers for their business. The sale which will be started Wednesday will enable housekeepers to stock up liberally at small cost. In order that the business of the firm may be wound up promptly it will be necessary to close all accounts July 21. This notice is given in appreciation of the continued patronage which we have enjoyed and in order that our customers may prepare to take advantage of the closing-sale prices.

MURPHY-LOCKMAN COMPANY.
Missoula, July 8, 1911.

FUNERAL TODAY.

The body of Oris Guanotti, who was killed by a Northern Pacific passenger train near Gold Creek several days ago, was received in Missoula yesterday. The funeral will be held this afternoon at 2 o'clock at the Lucy chapel and interment will be in the Catholic cemetery.

A DOUBLE FUNERAL.

At 2 o'clock yesterday afternoon Rev. G. T. Kitchin of the A. M. E. church conducted funeral services over the bodies of William Waller and Charles Teague, two colored men who died July 4. Interment was in the Missoula cemetery.

**RESERVATION LAND
TO BE TAXED**

**INDIAN PROPERTY MAY HAVE TO
PAY REVENUE AT END OF
TRUST PERIOD.**

Washington, July 8.—The Indian lands on the various reservations, including the inherited lands, should be taxed as soon as the trust period expires. This conclusion was reached at the conference of the supervisors of Indian schools, headed by Chief Supervisor H. B. Pears, which ended today. They will suggest to Commissioner Valentine that he make recommendations for the necessary legislation. The trust period, it is explained, will expire on many of the reservations within the next few years and unless congress so authorizes the state cannot collect taxes on these lands. The Indians would profit in the end, it is pointed out, because the money derived would be used in building roads and schools.

This year will see the first taxes paid on Indian lands—those of the Omaha reservation in Nebraska. The trust period on that reservation expires this year and congress has authorized the levying of taxes.

The supervisors also adopted resolutions seeking to change the ration given to the Indians, unchanged since 1884.

Many plans were also prepared looking toward perfecting the sanitary conditions of the reservations and in the Indian schools.

**BROADENING OF FIELD
PLANNED BY SOCIETY**

Atlantic City, July 8.—A resolution was introduced at today's meeting of the board of trustees of the International Christian Endeavor union indorsing a world-wide campaign of religion among men. The resolution was presented by William Shaw, general secretary. It was referred to the committee on resolutions, which is expected to act favorably on it.

The Rev. Dr. Francis E. Clark brought before the trustees the question of Christian Endeavor work in the colleges of the country.

The junior rally this afternoon attracted a great throng to hear addresses on training boys and girls. A monster choral service and a Christian Endeavor campfire were features tonight.
