

BANKER SENTENCED TO FIVE YEARS

FORMER PRESIDENT OF JUNEAU BANK MUST FURNISH BONDS DURING APPEAL.

Ketchikan, Alaska, May 21.—When United States District Judge Thomas R. Lyons overruled today the demurrer interposed by the defense in the prosecution for violation of the banking act by Clem Summers, formerly president of the First National bank of Juneau, counsel for Summers gave notice of an appeal and waived trial. The court, without trial, at once sentenced Summers to five years' imprisonment and fixed bail pending appeal at \$10,000, an increase of \$5,000. Summers and Stuart G. Holt, formerly cashier of the bank, were indicted at Juneau in January, 1912, charged with borrowing money from the bank and with repeatedly misrepresenting the condition of the bank. Summers and Holt were removed from office in the bank in the summer of 1911 upon the demand of Bank Examiner Bailey. The bank was reorganized and now is prospering.

The indicted men objected to trial at Juneau, alleging that there was a hostile feeling toward them there, and obtained a change of venue to Ketchikan. Summers was formerly a majority stockholder of a bank at Wenatchee, Wash.

The demurrer, upon which appeal will be taken, was based on the assertion that 66 counts could not be joined under one indictment as was done in the case.

TO RENEW SEARCH FOR DORSEY

FRIENDS OF MISSING ANACONDA MAN HOPEFUL OF FINDING HIS BODY.

Anacoda, May 21.—M. J. Murphy, the father-in-law, and other relatives and friends of Lew J. Dorsey are still of the opinion that his body is to be found somewhere in the hills surrounding Anacoda. They state that they have run down every report that he has been seen in Missoula, Spokane and Seattle, and they are not satisfied that Dorsey was in any of those cities. They hold that it was mistaken identity in each instance.

Officers in all of those cities, members of the Woodmen of the World, Knights of Columbus and Elks have been on the lookout for him and none has seen him.

SPECIAL WILL CARRY IDAHO ELKS TO COAST

Wallace, May 21.—(Special)—When the north Idaho Elks start for Portland for the meeting of the grand lodge, they will travel on the same special train, they will wear similar badges and outfits that match. Arriving in the coast city they will be joined by the Elks from all parts of Idaho and will march in the parades as Idaho Elks and not as members of any one chapter.

When the Elks of this city began making their preparations for the Portland trip they planned for Wallace alone, but by various means and efforts, Wallace, Coeur d'Alene, Moscow and Lewiston have been joined together.

The uniforms adopted by all of these lodges and of the south Idaho lodges as well, consists of white duck trousers, with a purple belt, white negligee shirt with a purple tie, a natty sailor hat with a purple band and white duck shoes with purple socks.

The Perfect Laxative for Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of heaving, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthens the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mr. S. W. Hoffman, Asklia, N. M., and W. D. Jordan, 706 Seventh street, Glenwood Springs, Colo., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Any one wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents for one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington street, Monticello, Ill. Your name and address on a postal card will do.

RESPECT FOR FLAG TO BE TAUGHT

REVERENCE FOR THE NATIONAL ENSIGN TO BE INCULCATED IN SPOKANE.

Spokane, May 21.—Organize a flag association in Spokane in which every national society will be a member. Fight the anarchistic organizations and teach all people and societies to respect the flag. Make the anarchistic organizations show more respect for the Stars and Stripes. Erect a big monument on the high bluff on Summer avenue between Washington and Bernard streets, to be called "Flag day" monument.

VERY HUMOROUS.

Lincoln, Neb., May 21.—Albert Prince, convicted of the murder of Deputy Warden Ed Davis of the state penitentiary at the close of the chapel exercises on February 11, was sentenced today to be hanged on August 29. Prince, a convict at the state prison, laughed and joked throughout the proceedings and was hotly censured by Judge Albert J. Cornish from the bench.

G. N. TRAIN WRECKED.

Bellingham, Wash., May 21.—The Great Northern owl train which left Vancouver at midnight and was due in Seattle at 3 a. m., today was wrecked at Campbell's Point, four miles north of the international line, at 1 o'clock this morning. The locomotive was thrown into the bay and the engineer and fireman were hurt. No passengers were injured.

CLUB WOMEN HELP IN ELECTION

THROUGH THE AID OF THE FAIR SEX ST. PAUL ADOPTS COMMISSION FORM.

St. Paul, May 21.—Women of St. Paul gave a demonstration of what they can accomplish when they added their strength to that of other workers and aided in carrying the commission plan of government for this city. The new form of government which was submitted in the form of an amendment to the present charter was adopted by a vote of five to one. In June 1914 the city will be ruled by eight men elected by the city.

Result of Much Work.

The new charter is the result of a three years' campaign through the papers and by public addresses of such men as John McVicar of Des Moines in favor of the modern form of government. The legislature three years ago paved the way for any city of the state to adopt this form and Mankato, the fourth city in size in the state, has been working under this plan for some time.

Among the hundreds of more cities of the west and central west which have adopted this plan, St. Paul is the largest by far, Oakland, with 150,000, is next with Memphis and Omaha next.

SAN DIEGO PEOPLE CHANGE PLANS

WILL NOT MAKE DEMONSTRATION, BUT WILL MEET ATTORNEY GENERAL AT TRAIN.

San Diego, Cal., May 21.—"I am tired of being accused of neglecting my duty. I think any unbiased mind will find I have not done so. I will do anything the state attorney general wishes, but I do not see what he can do here."

U. S. Uley, district attorney, made the foregoing statement today in discussing Governor Johnson's action in ordering State Attorney General Webb here to see that justice was meted out to all connected with the I. W. W. disturbances. Uley said he welcomed Webb's coming, and Chief of Police J. K. Wilson said he would give the official all the aid he asked.

Senator Leroy A. Wright announced tonight that a plan had been started to have the attorney general meet at the train here at least 1,000 citizens.

While it was not known in San Diego when the official would arrive, it was thought it might be early tomorrow afternoon if he proceeded to San Diego as soon as the governor's order was issued.

The arrangement was that the citizens would meet the attorney general, escort him to his hotel and then disperse.

Kasper Bauer, treasurer of the California Free Speech League, and others associated with the free speech crusade, that has brought about the local troubles, indulged in extravagant language the action of Governor Johnson.

The city really board adopted resolutions today commending the conduct of city and county officials in dealing with the Industrial Workers, "also the extra-legal action of the citizens' committee." The resolution condemned Governor Johnson for having sent Commissioner Winstock here to investigate.

Editor Agreeable.

J. M. Porter, alleged leader of the citizens' committee, who is accused of having interfered with the defense of an Industrial Worker, will appear in the superior court tomorrow to answer contempt charges.

It was stated tonight the so-called "vigilantes" or citizens' committee, had called today on Abraham Sauer, editor of the San Diego Herald, a weekly, said to have been devoted to the interests of the Industrial Workers, and obtained his promise to cease his editorial policy. Sauer recently was taken out of the city at night, it was charged, by the vigilantes, but he returned later and resumed publication of the Herald. After that he found his printing apparatus disarranged when he went to his office one morning.

Deputy May Be Sent.

San Francisco, May 21.—It was announced tonight from the office of Attorney General U. S. Webb that he would arrive here tomorrow from his summer home in Quincy and that until then it would not be decided who would go to San Diego in compliance with the instruction of Governor Johnson that the attorney general's office investigate the Industrial Workers of the World situation in that city. It was said the attorney general had been in poor health for some time and that a deputy might take up the investigation.

MACK IN BALTIMORE.

Baltimore, May 21.—Chairman Norman E. Mack of the democratic national committee was in Baltimore for a few hours today. He inspected the Fifth regiment armory, where the democratic convention will be held, and expressed satisfaction. Mr. Mack said he would return to Baltimore about June 10 with Urey Woodson, secretary of the national committee and that the committee on arrangements would meet here June 17.

REVERENCE FOR THE NATIONAL ENSIGN TO BE INCULCATED IN SPOKANE.

Spokane, May 21.—Organize a flag association in Spokane in which every national society will be a member. Fight the anarchistic organizations and teach all people and societies to respect the flag. Make the anarchistic organizations show more respect for the Stars and Stripes. Erect a big monument on the high bluff on Summer avenue between Washington and Bernard streets, to be called "Flag day" monument.

These are the plans of the Grand Army of the Republic, the Spanish War Veterans, American Flag association, Daughters of the American Revolution, and other local members of national organizations.

It is expected an attempt will be made to have the flag association broadened into a national organization, and to observe Flag day June 14 annually, with notable celebrations in all the cities of the country.

The downtown buildings will be decorated and every national society in the city is to be asked to take part in a parade and program. An attempt will be made to secure some out-door location where thousands of people can join in the celebration, or to construct an out-door amphitheater for the purpose.

Addresses by prominent city, county and state officials and citizens, together with music and other features, are to be included in the program.

The men who advocate the building of a monument on Summer avenue will ask that a "viewing station" be erected there, where a birdseye view of the city can be readily attained. It is proposed to build this to such a height that the entire Spokane valley can be viewed.

VERY HUMOROUS.

FAMINE SITUATION IN CHINA

SIXTY MISSIONARIES ENGAGED IN FURNISHING RELIEF TO THOSE WHO WILL WORK.

Shanghai, China, May 21.—About 60 missionaries are now engaged in furnishing relief to the sufferers from the famine. Two men are assigned to every center where relief is being distributed.

Those in charge of the work say that the need is still very great as the committee has thus far been able to relieve only about 10 per cent to 15 per cent of the total distress. The receipts of the committee to date have been approximately \$96,000.

Must Work for It.

Those receiving help are required to work, but the amount that each female can earn is limited. The wages are 2 cents gold a day. If a man has three members in his family they are permitted to earn a total of 6 cents a day, or if there are four in the family they may earn 8 cents. The people respond willingly even to these starvation wages, and the gentry themselves insist on keeping the rate down so as to relieve as many as possible. Two hundred thousand persons are being helped. The country in which the relief is centered has, much of it, been looted several times until it is in a condition of the most absolute destitution. The people have lost all their animals, and have sold everything that was salable. Thousands of them have torn down the roofs from over their heads and have used the thatch for fuel and sold the roof timber for a few cents to buy a little grain or bean cake. This bean cake is the residue of the Soya bean left after extracting the oil and is generally used for fertilizing the fields.

Other Famines Probable.

There is the probability of other famines in the not distant future, unless the government will undertake at once to provide money, even though at a comparatively small scale for reclamation works. Many will be entirely without relief even when the wheat crop is harvested, and only by the government furnishing work can this state of destitution be brought to an end. It is difficult to say how soon the government will undertake this matter, but the committee is in touch with many of the men who are in high authority, and will do everything in its power by means of the local press and by such influences as it may command to induce the government to undertake the work which only it can do.
