

**For Every Man According to His Taste**

What a "snap" the clothing business would be and how the clothes problem would be simplified for men if we all wanted to wear the same thing.

But that's the trouble—or the blessing—there are as many different tastes as there are men.

It is only reasonable to expect a store like this, with the largest assortments and largest stocks in the city, should be able to satisfy the most diversified tastes—and it does!

The matter of quality, however, is one upon which all men agree—they want the best that a given amount of money will buy—and here they find it in the fullest measure.

No store in the country gives better values—many would, but can't, because they haven't the same purchasing and distributing power as the M. M. Co.—a comparison of our suits with others at the same prices will lead you to a quick decision in our favor.

**TRANSFERS ARE BRISK IN LOCAL REAL ESTATE**

The following real estate transfers made within the last few days were announced yesterday by the well-known firm of Taylor & Pearson: Mrs. Margaret Whitman's house at 1001 South Fifth street west to Mrs. G. Smith; Mrs. A. E. Pelletier's home at 509 Toole avenue to I. Taylor; Lydia M. Hood, ranch of 160 acres near DeSmet, to John J. Caples; Earle Harley cottage in South Missoula to I. Taylor; James H. McClellan bungalow on Plymouth street to Laura Fricker; a 60-foot corner lot on Plymouth street to Mrs. M. E. Whiteman, who intends to build a bungalow at once; Mrs. A. E. Pelletier's house at 808 West Spruce street to L. Naylor.

**DEER LODGE RANGERS.**

Announcement was made yesterday at the local forestry headquarters of a ranger meeting, which is to be held June 16, at Bernice, on the Deer Lodge forest. All of the rangers will attend and one or more officials of the district office will also be from Missoula. The meeting is called principally to discuss the season's fire plans for the Deer Lodge forest.

**O'BRIEN INSANE.**

Arthur O'Brien, the man who several nights ago was about to jump off the Higgins avenue bridge into the Missoula river after sharks, has been declared insane after an examination at the county jail. He will be taken to Warm Springs today.

**PLANS BEING MADE FOR NEW HOUSES**

RESTRICTED DISTRICT REJUVENATION IS COMMENCED BY PROPERTY OWNERS.

Commissioner Houston's recommendation to close the cribs by September 1, and its subsequent indorsement by the city council, has caused much speculation among the citizenry of Missoula. There is one fact in regard to which there is not the slightest doubt—Commissioner Houston means what he says and the council is with him. September 1 will see all cribs closed. The principal owners of property in the restricted district will be forced to comply with the edict of the council and the sun is about to go down on that ancient western landmark, the crib. At least in Missoula, this outward sign of vice is about to be done away with.

The property owners are taking a philosophical view of the situation. Commissioner Houston has consulted with some of them since the council ratified his action and September 1 will probably see several parlor houses in the place of the two rows of cribs which now disgrace the West Front street district. The commissioner and council believe that the restricted district is a necessary evil and that it should be dealt with as an evil. "Hide it as much as possible. Do not flaunt it in the face of the coming generation," is the sentiment of the city officials.

Lee Solomon, one of the principal owners of property in the district, is already engaged in making his preparations for the coming change. He has showed his plans to the police department and they have been approved. Mr. Solomon contemplates consolidating several of the cribs into one-story parlor houses and in that way meeting the new requirements of the council. There will be absolutely no open windows; no brazen soliciting. Everything will be quiet and orderly under the new regime.

**Another Idea.**

Mrs. Mary Gleim, who since time immemorial has been one of the property owners in the restricted district, has presumably forecasted the action of the council and made preparations to meet it. These preparations are not viewed with favor by the police department. At the rear of the Mansion, which was formerly run on the parlor house plan, Mrs. Gleim has erected a building which is evidently intended for the use of the women. This arrangement would enable the original Mansion to be used as the parlor house part of the scheme and in the rear would be an office, the plan of which would be infinitely worse if carried into execution—than the crib.

**The New Building.**

The structure is not a large one and contains probably a dozen or more rooms. Down the center of the building is an aisle, which leads to a window looking out over the river. From the main aisle, two branches lead off east and west. It is on these branches that the rooms are located. That is, they might be called rooms. Preferably they should be referred to as cells. Roughly estimated they are about 16 feet long by eight feet wide. Several of the cells have absolutely no means of ventilation. There is no window or even skylight in them. The others are equipped with windows, but on account of their size will be very unhealthful. This plan will not be permitted to go through, however, and Mrs. Gleim will be forced to make different arrangements. This statement was made after the building had been examined by the police department. Mrs. Gleim states that she does not intend to use this building for the purpose of sheltering women, but will use it for storeroom purposes.

**SPEEDERS ARE FINED.**

The police department is making good on the matter of putting a stop to the activity of speeders in Missoula. Two offenders were up before Judge Von Platen yesterday and enriched the city treasury. Another is to appear this morning. Howard Edwards and Clayton Ward, chauffeurs for Kenneth Ross and Fred Sterling, were brought before the judge yesterday by Detective Loffness. They pleaded guilty and were fined \$5 each. B. E. Kern was arrested by Officer Lease for speeding on his motorcycle and will be tried this morning.

**Home Treatment for Tuberculosis.**

Consumptive patients need no longer dread either the fate that formerly overtook all sufferers from lung trouble, or costly and inconvenient journeys far from home to other climates or to some expensive sanatorium. Hundreds are now staying quietly at home, restoring themselves to health at the cost of a few bottles of medicine. Here is one who speaks from experience:

229 S. 4th St., Colwyn (Darby), Pa. "Gentlemen: For four years I was troubled with cough, which gradually became worse. A physician pronounced my case consumption, and I was ordered to a consumptive hospital. My nephew would not allow me to go until I had tried Eckman's Alternative. Before I had taken the medicine three weeks I commenced getting well. I am in excellent health now and have been completely cured for ten years. I strongly recommend it."

(Signed) (MRS.) MARY WASSON. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in up-building the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Missoula Drug Co., George Freshelmer and other leading druggists. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

At each plate there was a place favor, which when snapped open, furnished caps and aprons to be worn at once. Among the various good things to eat there was a cake with six lighted candles upon it. Mrs. Tavener and Mrs. Elmore assisted Mrs. Archibald in serving the party. Those present were: Bernice Evans, Dorothy and Lillian Darvill, Frances Potts, Lulu Elmore, Helena Moffett, Carolyn Wickes, Helen Tavener, Lillian Hayes, Esther Himes, Carl Underwood, Harold Underwood, Henry Bailey, Walter Hedger, Arthur Tavener, and the little hostess.
