

KOHLER DISCHARGED FOR IMMORALITY

CHIEF OF POLICE OF CLEVELAND IS CONVICTED BY CIVIL SERVICE BOARD.

Cleveland, Ohio, March 17.—The civil service commission announced tonight that it had found Chief of Police Fred Kohler guilty of "gross immorality, conduct unbecoming an officer and gentleman, and conduct subversive of good order and citizenship," and had discharged him from office.

The above charges were filed by Mayor Baker and the trial of the chief was heard last week.

The charges involved alleged visits of Kohler to the home of Mrs. May Scheerer on Feb. 5, May 23, and June 5, 1912, in the absence of her husband. On the last named date, Scheerer testified in the trial that he surprised Kohler and his wife in the Scheerer home "in scanty attire."

Kohler is 49 years old and has been a member of the police department for 24 years and chief for 10 years. His policy of "golden rule" for first offenders and minor offenders has made him one of the best known police chiefs in the country.

MYSTERIOUS SPANIARD ASPHYXIATED IN HOTEL

New York, March 17.—Manuel de Puentes Bustillo, who claimed to have been a Spanish general, was accidentally asphyxiated today in a hotel room where he lived for 16 years with two cats as companions. The policeman who freed the door and found the body, it is said, was the first person other than Bustillo who had entered the room since the Spaniard established himself there in 1897.

Bustillo told the owner of the hotel he had once been a Spanish spy and had attained the rank of general, but when he was disappointed in love and ostracized by his family because of his record as a spy, he fled to America.

A litter of dust-covered documents dating back 30 years was found in the room. They included a deed of grant for a Spanish railway from the king of Spain, and the general's will, disposing of property in Spain, described as valuable.

NEW HAVEN LINEMEN WILL GO ON STRIKE

New York, March 17.—A strike ordering out from 150 to 200 linemen, members of the Electrical Workers' association of the New York, New Haven & Hartford railroad, was voted unanimously at a meeting tonight of the men in New Rochelle. The walk-out would affect the section of the road from New Haven to the Grand Central station in this city.

The men's demands include an average wage increase of 28 per cent, shorter working hours, better protection and a provision that the time consumed in traveling to and from work be included within the working hours.

FRENCH ATTACKED BY NATIVES.

Rabat, Morocco, March 17.—A French column on the way to re-occupy the Ouedzem region, was recently attacked by a band of tribesmen. The escorting detachment beat off the tribesmen after five hours of hard fighting with heavy losses to the natives. The French lost 14 killed and 35 wounded.

"Oh Girls! Do Try GETS-IT for Corns

The New-Plan Corn Cure—No Fuss, No Pain, Sure and Quick.

"You never used anything like 'GETS-IT' for corns before! You're sure at last that every stubborn corn that you've tried so long to get rid of is a 'goner.' You apply 'GETS-IT'—"

"How I Did Suffer From Corns for Years! 'GETS-IT' Got Them All in a Few Days!"

In two seconds, that's all. "GETS-IT" does the rest. There's no more fussing, no more bandages to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pulling," no more pain, no more picking and gouging, no more razors.

"GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, calluses and bunions disappear.

"GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by R. Lawrence & Co., Chicago. Sold in Missoula by George Freisheimer.

DEFENDANT POINTS TO COMPETITORS

"HARVESTER TRUST" CLAIMS THAT OTHER COMPANIES USE SAME METHODS.

Omaha, Neb., March 17.—The International Harvester company introduced today evidence in its defense to the government's anti-trust suit, to show that other manufacturers were using methods similar to those charged by the government against the defendant.

W. D. Lowe, an Atlantic, Ia., dealer, testified that the John Deere Plow company, which manufactures plows and mowers, presented him with a contract which, if he had accepted it, would have ruined his business, and prevented him from taking on other lines necessary to a successful pursuit of his operation as a dealer.

Mr. Lowe told during his testimony, of having had similar trouble with the International company. At that time he refused to confine himself to the line of one manufacturer and declined to take on the Deere line because of the nature of the contract offered him. He said that by the provisions of the contract offered him, he was forced to take on other lines, too large to make his business profitable.

Attorney Grosvenor, for the government, brought out during the day that, with one exception, the International company handled from 85 to 100 per cent of harvesting machinery in the territory from which witnesses were called.

BOY HERO SUCCEUMS AFTER SAVING SCORE

Chicago, March 17.—Fred Pieper of Strassburg, Ill., died tonight of rabies. He was the victim of a practical joke that might have cost the lives of 20 of his schoolmates only for his cool action. Two of Pieper's boy schoolmates brought a stray white poodle into the schoolroom as a joke. Pieper noticed that the dog was foaming at the mouth, and snatching back a little girl who was about to pet the animal, he picked it up and put it outside. He was slightly bitten, but his parents did not consider the wound serious until four pigs and a horse, bitten by the dog, died of rabies. Then they took the lad to a specialist here, but the disease had advanced too far to save his life.

Arrangements have been made for everyone in Strassburg to attend his funeral.

STATE MARKET URGED IN SPECIAL MESSAGE

Madison, Wis., March 17.—In a message sent tonight to the Wisconsin legislature, Governor McGovern recommended the passage of a bill creating a state market commission to enable farmers to sell their products to greater advantage and at the same time to lower the cost to the consumer.

The message was sent to the legislature because of the insistent demand from the rural communities of the state for assistance in organizing and establishing co-operative enterprises to protect the farmer against unfair business practices and methods of competition. The bill also seeks to improve conditions surrounding home life in the country and to prevent the constantly increasing number of persons going from the rural communities to the cities.

FIREBUGS GUARDED FROM ANGRY VICTIMS

Chicago, March 17.—Benjamin Fink and John Danies, confessed incendiaries, are in seclusion under heavy guard because of threats against their lives by persons implicated in their statements.

Assistant State's Attorney Johnson, who is conducting the investigation into the operations of the so-called "arson trust," said today that his whole case rested on the testimony of Fink and Danies, and that men who would not hesitate at murder were interested in putting the two out of the way.

Johnson refused to disclose his prisoners' whereabouts or the names of the men he feared.

PLENTY COUPS CHOSEN AS LEADER OF INDIANS

Washington, March 17.—Chief Plenty Coups of the Crow tribe will assume the place of leader of his people in the councils of the Great White Father and will continue the work that was carried on by Hollow Horn Bear, the Sioux chief whose funeral was held yesterday. This virtually has been decided upon, but a meeting of the Black Hills council will be held in the immediate future to ratify the choice. The Indians have long sought to commit the government to the policy of appointing a red man as Indian commissioner in the department of the interior. They urge the appointment of Thomas L. Sloan, one of their race, and said to be a lawyer of ability.

WARRANTS ISSUED FOR CHINESE

WITNESSES OF TONG BATTLE SAID TO HAVE FLED FROM SEATTLE TO TACOMA.

Seattle, March 17.—Bench warrants were issued today for the arrest of Gum Fong and Duhg Jack, subpoenaed by the state to testify tomorrow in the trial of Go Yung-Ging and Chin Quong, members of the Bow Leung tong, for the murder of Wong Song, a Hop Sing man, who was killed in a Chinatown hotel last December. The two witnesses are said by the police to have fled to Tacoma after the shooting last night of Chin On and Chin Yin. It was learned today that the wounded men, who at first were reported to belong to the Hop Sing tong, are in members of the Bow Leung tong, and the police now believe the attack on the Chin On store last night was made by gunmen hired by the Hop Sing tong, and that the shooting here was directed from Portland, where an attack on the Bow Leung was made by the Hop Sing.

All was quiet in Chinatown today, but the prosecuting attorney received information that the Chinese were arming themselves in anticipation of further trouble, and a large number of policemen were kept on duty tonight in the oriental quarter to prevent another outbreak.

Portland Police Busy.—The police now have under arrest Fong Gee, Yung Hoi, Chan Wing and Bow On, who are held in connection with the slaying of Chung Ah Gong, and are searching for Huey Ching, said to be a professional gunman from San Francisco, and Louie Hing, a La Grande, Ore., Chinese, who are wanted in connection with the killing of Lam Foon.

Thirty patrolmen, in addition to the regular force, have been put on guard tonight in Chinatown.

These are the developments here today in the tong war that was revived in Portland and Seattle last night between the Hop Sing and Bow Leung tongs.

Fong Gee and his three companions were found hidden today in the Nom Kim restaurant, where Ah Gong was shot.

NO MORE SPOONING WITH NATIVE WOMEN

Washington, March 17.—No more can the American fighting man walk hand-in-hand in the moonlight with his brown-skinned, starry-eyed sweetheart, heart for the war department learned today that Colonel J. K. Hunter of the Seventh cavalry has issued an order prohibiting the men of the Manila garrison from appearing in public with native women. The order was imperative and read:

"Members of this command are hereby forbidden to be seen in public in company of native women except those men who are married to such women."

It is said that the prohibition will not prevent the men who have lost their hearts to the brown-skinned girls from courting them in the privacy of their homes.

SECRETARY OF WAR

LINDLEY MURRAY GARRISON.

Lindley Murray Garrison, president Wilson's secretary of war, goes to the cabinet room from the bench, Born 48 years ago in Camden, N. J., a graduate of Phillips Exeter academy, a student at Harvard and a graduate of the University of Pennsylvania law school, he practiced in Camden and Jersey City until 1904, when he became vice chancellor and equity judge. He was appointed to a second term, which would normally expire in 1918.

MUCH MONEY SPENT BY H. L. DAY

RECENT OPERATIONS OF COEUR D'ALENE MAGNATE TOTAL LARGE SUM.

Spokane, March 17.—"While the newspapers of the east and west have chronicled each separate purchase of Harry L. Day and the Federal Mining & Smelting company, of which Mr. Day is president and general manager, they seem to have overlooked the sum total of these investments and the millions they mean in expenditures for development, wages, supplies and machinery," said C. H. Miller, mining engineer of New York, while in Spokane.

"Without enumerating these purchases, which include the Frisco, Flynn, Green Hill and other properties, I would venture that the sum which Mr. Day and his associates propose to pay is in the neighborhood of \$1,000,000, possibly more."

"His payrolls last year aggregated \$1,500,000."

"Mr. Day has, during the few months of his incumbency as president of the Federal, brought to the Coeur d'Alene capital which would occupy the efforts of a score of promoters for a year perhaps, and incidentally, he is vitalizing properties that were unworked."

"In New York we hear that Day was always doing something, so, naturally, we don't look for him to stop when he gets the development of these properties well under way."

"The story we get of his first venture is that he found the formation right and couldn't see why the chances of finding ore should not be good. This was in the Hercules, I believe. It is this kind of investigation and this kind of plunging that appeals to the technical mind, and that, by the way, has revealed some of our large mineral fortunes."

The latest Day acquisition is the purchase from his brother, Eugene R. Day, of a one-fourth interest in 33 claims near Burke, Idaho, deeds for which have just been filed in Shoshone county. Harry L. Day says he made the investment personally, not as president of the Federal.

The claims included are: Bullion, Daisy, Carbonate, Dewey, Cougar, Eureka, Eagle, Mountain View, Magic, Mystery, Skookum, Shamrock, Schley, Snowbird, Woodside, Independence, Blite, Iron Queen, Sunshine, Sunshine Fraction, Shamrock Fraction, Skookum Fraction, Snow Bird Fraction, Independence Fraction, Woodside Fraction, Dandy Fraction, Cougar Fraction, Blue Jay Fraction, Comstock Wedge, Shamrock Fraction.

STENOGRAPHERS ADMIT THEY FILED ON LANDS

Chicago, March 17.—Mrs. M. W. Ford and Miss Lulu Drake, two women stenographers, formerly in the office of Albert C. Frost, testified before Judge Landis here today that they applied for Alaskan coal lands at Frost's request in 1905. Special Attorney General B. D. Townsend, conducting the case of the government against Frost and four others, who are charged with conspiring unlawfully to obtain a vast tract of coal land in Alaska, drew from the women testimony that they had applied for the coal locations without expecting to pay for them or without expecting to make anything out of them.

Cross-examination of Mrs. Ford brought up the name of former Secretary of the Interior Richard Ballinger. "Weren't you told while this affair was in progress that someone had seen Mr. Ballinger in Washington, and that Ballinger said that it looked bad for Frost's stenographers to have signed for coal claims?"

"I don't remember any such thing," replied Mrs. Ford.

The reference to Ballinger was followed by an exchange of remarks between counsel at the end of which Townsend exclaimed: "I'd like nothing better than to have Ballinger brought here."

POWER BOAT CARNIVAL TO BE GREATEST EVER

Toledo, O., March 17.—It is likely that the greatest power-boat carnival ever held in this country will take place the week of July 7 on Lake Erie, during the Perry Centennial. The contests will begin at Toledo, after which the boats will cruise 42 miles to Put-In Bay. Already 80 hydroplanes have entered for the \$5,000 in prizes, and the number of cruisers to compete for the \$5,000 in their classes will be twice as large. A feature of the carnival will be the distribution of \$5,000 to the winners which appear at Put-In Bay to watch the carnival, and the distribution will be made according to the number of boats and their mileage, the boat coming the greatest distance receiving the most money.

LAUIS AMATEIS DEAD.

Washington, March 17.—After an illness of five weeks, Professor Louis Amateis, internationally famed as a sculptor and designer of art works, died here late tonight of apoplexy. He was 57 years old. Among his notable works are the huge bronze doors on the west main entrance of the capitol. Professor Amateis was born in Turin, Italy.

DOCKERY SWORN IN.

Adding and Subtracting

Typewriter

(Wahl Adding Mechanism)

This machine does something that only the brain, directing the hand, has hitherto been able to do—that is, *write and add (or subtract) on the same page.*

But this is not all. It does such work *more easily, more rapidly, and more accurately* than the human brain has ever performed similar labor.

Thus the machine is *human* in what it does and *super-human* in the way it does it.

EDITOR IS FINED.

Minneapolis, March 17.—A. E. Gorgan, editor of a weekly socialist paper, was fined \$75 today, after having been convicted of criminally libeling Mayor W. G. Nee at the time of the congressman's last fall. A second trial of Gorgan on the charge of having printed libelous articles about P. V. Collins, progressive candidate for governor in 1912, will begin April 12.

BREATHE HYOMEI AND END CATARRH

If you really want to get rid of vile Catarrh why not give Booth's HYOMEI treatment a fair trial.

Your money will be refunded if you think you have not been benefited, and on that basis every Catarrh victim should start to banish Catarrh this very day.

HYOMEI is a soothing, healing antiseptic air made from Australian eucalyptus and other antiseptics; it kills Catarrh germs and contains no cocaine or poisonous drugs. Complete outfit \$1.00, extra bottle, if needed, 50 cents, at George Freisheimer and druggists everywhere. No stomach dosing—just breathe it.—Adv.

You can save money and gain comfort if you get your shoes repaired by New Method. If you hesitate to wear shoes that have been repaired you don't know our kind of repairing.

We do everything needed to put footwear in first-class condition. All work guaranteed to be first class. Repairing while you wait.

PHYSICAL CONGRESS OPENS.

Paris, March 17.—The International Congress of Physical Education was opened today by President Poincare in the amphitheater of the Sorbonne. The congress had been divided into sections which will study the physiological effects of natural and artificial movements, training for war, boxing, athletic sports, games and amusements and the influence of sports on women, particularly mothers.

Mme. Girard Mangin, who is taking a very active part in the women's section, declared in an address today that girls are not given a fair chance "to develop themselves in strength, health and grace."

FOUL PLAY SUSPECTED.

Bingham, Mass., March 17.—After four witnesses had been heard today at the inquest into the death of Rear Admiral Joseph Giles Eaton, the proceedings were adjourned until tomorrow. An official closely connected with the investigation said tonight: "The authorities, because of things plainly apparent at the bedside of Admiral Eaton, have come to the conclusion that he did not meet death through natural causes."
