AS NEGRO PARTY FEALTY IS JOHN P. TILLHOFF VALUED.

The time is almost ripe for activity among the Republicans locally. The pass word of the local boss "line up boys" will soon be heard on every corner. Again an earnest appeal for the Negro vote will be made. The Republicans are in the saddle in the city, county and state. The little representation given the Negroes at the City Hall is supposed to be a fitting (?) recognition for his fealty. The county officials do not seem to think they owe the Negro voter anything for his support nor do the state officials.

The Son holds that the Republicans expect too much of the Negro voters for what is given in return. As soon as an office hunter bags his game he does not know his Negro supporter nor does he want to know him until the time comes to hunt the office again. Very inspiring (?) to the Negro. Very characteristic of our officials at Jefferson City as well as the office holders in the Court house. If per chance one of these officials meets a Negro who was an active champion of the Republican party in-. . .
