**MANCHESTER.**

—Collector Smith has an interesting  
notice to tax payers in the advertising  
columns.

—Our station agent, Mr. Deming, has  
so far recovered from his illness as to re-  
sume his duties to the joy of his numer-  
ous friends.

—No more delightful weather could be  
desired than we are having just now.—  
Old Sol and gentle Eolus are in their  
most agreeable moods and everybody is  
happy.

—Our compliments to Mrs. John  
Leach, and if she has hens that lay such  
eggs as the specimens she sends us, we  
don't see the need of turkeys, geese and  
such like fowl. Their occupation is  
gone.

—Blackmer will take wool in exchange  
for goods and give good bargains, or he  
will sell cheap for cash. Read what he  
says about it.

—Among the arrivals in town the past  
week were Mrs. Charles Douglass and  
two children of New York and Miss  
Cordelia Sergeant of New Haven, Conn.  
Mrs. Douglass and Miss Sergeant are  
children of Hon. L. Sergeant, and old  
time residents of Manchester.

—Renne's Pain-Killing Magic Oil in  
house, is a sure cure when used for head-  
ache, toothache, neuralgia, lame shoulders,  
crick in the back, cold, sore eyes, etc.

—Try it and see how pleasant it is,  
and how nicely it makes you feel by us-  
ing it as directed on each bottle. Sold  
by V. Grover.

—We give the new time table of the  
arrival and departure of trains which we  
suppose will continue for the present.—  
If this arrangement continues long  
enough for people to understand it the  
amount of travel over this line will be  
vastly increased. A marked improve-  
ment is already noticeable.

—Our thanks are hereby extended to  
A. L. Wait of East Dorset, also to J. D.  
Purdy, of Manchester, for the first  
new potatoes of the season. They are of  
the early rose variety, of very good size  
and quality.

—We have received some complaints  
that the JOURNAL has not reached the  
mountain towns on time. The reason  
has been partly because the paper has  
been published one day late, and partly  
because the mail has left Factory Point  
before the mail from Manchester has ar-  
rived there. We shall try to remedy it  
in future.

—The law allowing newspapers to go  
free to subscribers in the county where  
published went into effect July 1st.—  
Hereafter we shall send the JOURNALS to  
Factory Point post office instead of deliv-  
ering them by carrier, as it will be less  
expensive to us and no great inconveni-  
ence to our subscriber in that village.—  
We would also suggest that now is a  
good time to subscribe for the JOURNAL.

—Tickets are now sold and baggage  
checked from Saratoga to Manchester  
and from Manchester to Saratoga via  
Troy. Leaves Manchester 2:30 p. m., ar-  
rives in Saratoga 4:30 p. m. Leaves Saratoga  
4 p. m., arrives at Manchester 5 p. m.  
By this new arrangement of trains Saratoga  
is only four hours from Manchester  
instead of eight as heretofore.

—We have been shown two crayon por-  
traits of Ex-Gov. Sergeant, the work of  
Miss M. J. Norton of Bennington, and

Miss F. J. Fowler of this village. They  
are both very good pictures, the former  
excelling in expression, the latter in finish.  
These young ladies are graduates of  
the school of Design at Cooper Institute,  
New York, and have both engaged as  
teachers of painting during the past  
year at Raleigh, N. C. From the speci-  
mens of their work which we have seen  
we should judge them skilled in the art.

—Hon. C. W. Willard, Member of  
Congress from this District, has been  
spending a few days at the Equinox  
House. His friends speak confidently of  
his reelection to Congress, and from  
present appearances we think the chances  
are in his favor.

—We have received some inquiries in  
regard to the new town committees.—  
They have not been appointed yet and  
the old will act until the new ones are  
appointed, of which date notice will be  
given in the county papers.

—Prof. Shaw desires us to give the fol-  
lowing announcement in regard to the  
music department at Burr and Burton  
Seminary. The very best facilities for  
those desiring music, and at the lowest  
terms. Two new pianos have been added  
to this department during the past  
year. The course each term will be twenty-  
six lessons. The class will be in two  
divisions. Division A will consist of ad-  
vanced pupils, and, in addition to regular  
instruction, will include a weekly drill  
in vocalizing and musical composition.  
Division B will be for those less  
advanced and beginners for whom ex-  
ercises suited to their wants and advancement  
will be provided and a thorough  
drill given. Division A will be under  
the charge of Prof. Geo. A. Melitzke.—  
Mrs. Simonds, so long and favorably  
known in this community as teacher of  
the musical department at the Seminary,  
although unable to resume the entire  
charge of the department has consented to  
take charge of division B. With such  
instructors no Seminary in the state of-  
fers equal facilities for music. The daily  
drill in vocal music will be as usual. The  
term begins Aug. 19th. All applications  
should be addressed to the Principal, H.  
Shaw.

—One only service last Sabbath, Rev.  
G. Graves not occupying the pulpit, hav-  
ing gone to Factory Point.

—R. T. Hurd of this town has been  
nominated by the Democrats and Liberal  
Republicans for senator. Gilbert Hurd is  
on a visit to his friends in this place from the west. He  
holds his own well.

—Only one service last Sabbath, Rev.  
G. Graves not occupying the pulpit, hav-  
ing gone to Factory Point.

—R. T. Hurd of this town has been  
nominated by the Democrats and Liberal  
Republicans for senator.

—Gilbert Hurd is on a visit to his  
friends in this place from the west. He  
holds his own well.

—One nice Trunk for \$2 00 at  
FACTORY POINT.

—The case of State vs. one barrel of  
beer, G. P. Utley claimant, was tried be-  
fore Justice H. W. Dean and a jury, on  
the 17th inst. The prosecution claimed  
the beer to be intoxicating liquor within  
the meaning of the statute. The defense  
claimed that there was not alcohol  
enough in it to be classed as such. An  
analysis of the same by C. J. Wait showed  
the per centage of alcohol to be much  
smaller than that of the raspberry wine  
returned by Justice Marshall in Rutland.  
Several parties testified that they drank  
some of it for the purpose of testing it,  
and that it did have some effect upon  
them which experts attributed to hops.—  
The jury were unable to agree, the case  
was submitted upon further proof to Justice Dean who has not  
yet rendered his decision. R. How-  
appeared for the state and J. W. Beebe  
and H. K. Fowler for defense.

—The annual meeting of the American  
Board of Foreign Missions will be held  
here in October, and extensive prepara-  
tions will be made for the large number  
expected to attend that meeting.

—PHASE AND UNFAIR.

—It is not expected that Phair, the  
suspected murderer of Ann Freeze, will be  
allowed an observatory and a telescope  
to enable him to look after the comet.  
Science better do without a calculation,  
but when the thermometer runs about 90  
day after day without whiskey, ordinary  
humanity suggests that any human being  
beast or reptile should be allowed a day  
of fresh air every day. Phair must  
emaciate exceedingly yet, before he can  
squeeze through the aperture which  
now serves him for air and daylight, his  
bones would almost plug the hole which  
ventilated his dungeon. Out of pure  
sympathy, we trust he may be hanged  
before his trial, unless Rutland County  
shall expand its jail accommodation so as  
to render it preferable to an old fashioned  
Herring's safe for the custody of dan-  
gerous criminals. No reflections are  
entertained by any one toward officials, but the  
pile of rocks up on Main Street called the  
county jail is an absolute disgrace to the  
county of Rutland.

—LANDING.

—Frederick M. Shaw wishes to ex-  
press his sincere thanks to his friends in  
this place, Londonderry and vicinity for  
their very generous gift of an invalid  
chair and other articles of comfort and  
convenience. May their shadows never  
grow less.

—JAMAICA.

—Gen. Robert Cowdin of Boston, well  
known as the commander of the 1st Massa-  
chusetts regiment during the war, died on  
Thursday of last week, July 9th. He  
was born in this town September 18th,  
1805, and consequently at the time of his  
death, was nearly ninety-nine years old.—  
At the age of twenty he left his home and  
went to Fitchburg, Mass., and soon after  
went to Boston where he was quite suc-  
cessful in business. He was among the  
first to offer his regiment to Gov. Andrew  
after the bombardment of Fort Sumter.  
He fought with his regiment at Bull Run  
and through the terrible battles of Mc-  
Clellan's peninsula campaign, and was  
made brigadier-general for meritorious  
conduct at Williamsburg. At the second  
battle of Manassas he received no less  
than five bullets in his clothing, but  
strangely enough escaped unhurt. Gen.  
Cowdin's father was a captain in Wolfe at  
the capture of Quebec. Deceased leaves a  
widow and two daughter. The Boston  
Globe says of the funeral: "One of the  
largest and most impressive funerals  
which have occurred in this city for sev-  
eral years, excepting, of course, the Sum-  
mer obsequies, was that of the late Gen.  
Robert Cowdin, at the Shawmut Avenue  
Universalist church Sunday afternoon.  
The deceased had been for nearly half a century associated with the  
militia of the State, and for years an  
active worker in the Grand Army, the  
Masons and the Odd Fellows, as well as  
a public official in many positions, and the  
attendance largely exceeded the limits of  
the building. The several organizations

which desired to unite in the last testi-  
monial of respect to the deceased, formed  
at the head-quarters announced and  
marched to the church, the body being  
escorted thither by the relatives and  
friends. The entire church was reserved  
for the friends, it being found impossible  
to accommodate the hundreds who con-  
gregated outside of the edifice long before  
the time announced for the services.

—WESTON.

—John Walte undertook to do a little  
sawing with one of Bryant's circular  
saws the other day. He succeeded. Dr.  
Noble, of Chester, thinks he can save two  
ingers of the hand that got caught, the  
others went down the spout.

—The railroad fever has reached us at  
last and there is constant talk about sur-  
veys and best route to climb the hill to  
Mt. Holley or Ludlow. One farmer says  
"He don't want the darned cars coming  
through this place" as he has heard  
that the smoke from the engine will  
cause the potato rot. It is an easy route  
down the river to Jamaica but will be  
a hard tug to get over the hill to connect  
with the Central Vermont. Still we have  
hopes.

—WEST ARLINGTON.

—Among the recent improvements in  
this vicinity we notice the following:—  
Reid & Williams are putting up an ad-  
dition to their brush handle mill for the  
accommodation of machinery, etc. Chas.  
Hawley has added a small sized barn to  
his already large one near his residence.  
K. Eaton is adding a fresh coat of paint  
to his residence. M. Lockwood is also  
using the paint brush. Chas. Young is  
repairs the roof to his residence. T.  
Fleming is repairing his barn, etc.

—Farmers are very busy with haying  
and rainy weather is not appreciated by  
them just now.

—Only one service last Sabbath, Rev.  
G. Graves not occupying the pulpit, hav-  
ing gone to Factory Point.

—R. T. Hurd of this town has been  
nominated by the Democrats and Liberal  
Republicans for senator.

—Gilbert Hurd is on a visit to his  
friends in this place from the west. He  
holds his own well.

—One nice Trunk for \$2 00 at  
FACTORY POINT.

—The next regular conversation on Wednes-  
day evening at 7 1/2 o'clock.

—D. E. SIMONDS, Commander.

—The regular communication of Adoniram  
Lodge, F. & A. M., will be held on Thursday  
evening, — 1874.

—J. H. WHIPPLE, W. M.

ADONIRAM CHURCH, NO. 18, H. A. M.

Next regular conversation on Wednesday even-  
ing at 7 1/2 o'clock.

—D. E. SIMONDS, Commander.

—SKINNER POST No. 24, G. A. R.

Meets at Adams' Hall, Factory Point, on the  
first Tuesday of each month.
