TUESDAY MORNING, DEC. 2, 1862.

President's Message. The telegraph informs us that the President's Message was read to the Cabinet on the 28 ult. It was read to Congress yesterday, at noon.

Interesting Article. The article from the Baltimore American, on the first page, on "The Drift of Events upon the Interest of Maryland," is long, but deserving of attentive perusal by all persons.

The theatre continues to be crowded nightly. We are glad to see the management so successful at the beginning of the winter campaign; yet we are not surprised, for the energy and enterprise of Major DUFFIELD are an earnest of success under any circumstances.

To-morrow evening will be given "The Soldier's Daughter," and "Jenny Lind."

Our young friend, Wm. COLLIER, has removed his News Depot to No. 22 1/2 Cherry street, where his former friends and customers, and the public generally, can always be accommodated with the latest newspapers, from New York, Cincinnati and Louisville.

The Louisville Journal complains that the "Butternut" prisoners can be smelt all over the city, whenever they enter it. We have no doubt of it. They outstink onions, they outstink garlic, they outstink forty brigades of polecats.

Prisoners. Some thirty Butternuts were marched to the depot yesterday, to take the morning train for Louisville. They were a hard-looking set decidedly. If any of them could read or write, it was, as Dooney remarked, "the gift of nature."

We were pleased to see in our office yesterday, the jovial countenance of our humorous and enterprising friend, Mr. B. C. TRUMAN, of the Philadelphia Press.

DICK McCANN, guerrilla captain, and perambulating Pickpocket-General of the great Butternut Confederacy, made an attack on one of our forage trains on Saturday. His arrival was greeted so warmly by our foraging party that the cowardly thief fled, several of his men being badly wounded.

Col. MARKLAND, General Mail Agent for the Army, arrived here last Saturday. He has a host of friends here who will cordially welcome him.

We had quite a thunder-storm on Sunday night, with a heavy rain and vivid lightning. There has not been rain enough, however, to affect the river, considerably.

We ask the attention of the reader to the advertisement of "Carpet Sack Lost." The finder will be liberally rewarded.

Conscripts Resisting. A gentleman from Bedford county says that in that county and in Lincoln the conscripts are forming in companies, to take the woods and brushwhack the conscripting parties. A troop of cavalry made an expedition into Lincoln county, to force the conscripts into the confederate ranks, and were fired upon and driven back by the outraged and oppressed people whom they were endeavoring to drive into the rebel army.

A good many Kentucky rebels are being sent South to recover their rights. The Louisville Democrat, of the 30th ult, says: The Belle Creole took from Portland, last night, 315 prisoners, on the way to Vicksburg to be exchanged.

A total eclipse of the moon will take place commencing about midnight on Friday and continuing four hours on Saturday morning. The moon, in consequence of its position to the earth, will be faintly visible, and its disc appear of a copper hue.

PICKED UP.—At the Station in Gallatin, a TRUNK, marked "Francis L. Call, Nashville, Tenn." The owner can have the same by proving property and paying for this insertion. Information of its whereabouts can be had by calling at this office. Dec 2-11.

ANOTHER ACCIDENT.—As the evening train was on its way from Louisville to this place, on Sunday, four passenger cars ran off the track, and two of them were badly smashed up. We believe nobody was hurt.

LEWIS GARTH, the notorious Kentucky guerrilla thief, who was badly wounded, in a recent skirmish with Gen. RANSOM, had his right leg amputated the other day. We know this fellow GARTH well. He possessed great wealth, having one of the finest farms in Southern Kentucky. He was a vulgar, overbearing tyrant, a bully and a coward. He has "one foot in the grave" already, and it will be a blessing to decent society when the other foot follows.

The Louisville Journal says that the Military Governorship of Tennessee has been handed over to General HURBERT. We suppose the Journal meant to say the Governorship of Memphis. It certainly did not intend to depose Governor JOHNSON by a dash of the pen.

The Louisville papers have advanced their prices half a cent a copy, to dealers.

The Bonds. We are requested to state that the form of the Bonds and Protection, to be offered to the people by the military authorities has been fully decided upon, and will be prepared and ready for issue, to-morrow. Notice of time and place and possibly an official explanation, will doubtless appear in to-morrow morning's paper.

Good. Some two hundred of our people, from town and country, were on hand yesterday, to give the Bond, and gain the protection. Properly originated, it may and we hope will prove most beneficial in restoring a wandering people to the faithful allegiance of good government, and a return to them of its beneficent protection.

Special Notice of Auction Sales, December 2, 1862. TUESDAY MORNING, By Benjamin F. Shields & Co., B. F. S. & CO. will sell a large assortment of DRY GOODS. See bill of sale this day, Tuesday morning, December 2, 1862. B. F. SHIELDS & CO. dec 2-11.

LOST.—On the evening of December 1, 1862, between the Post Office and Express office, a check drawn for \$2,774 65 to Mr. A. V. S. LINDSEY. The finder will be rewarded by leaving it at this office. dec 2-11.

WASHINGTON, Dec. 1.—The President thinks the issue of Treasury Notes was unavoidable, to provide for the payment of the army and economically provide for other just demands. Nine thousand Italian priests have just presented a petition to the Pope, in which they entreat of him, in the name of religion, to abandon the temporal power.

LATEST INTELLIGENCE

SPRINGFIELD, Mo., Nov. 29.—General Blunt with five thousand Federals attacked and routed about eight thousand rebels under General Mermadoke at Cave Hill, on the 20th, killing sixty and driving the balance some twelve miles. Gen. Blunt telegraphs that the enemy is badly whipped and will not probably venture north of Boston Mountains again this winter, and, as they have consumed all the subsistence in the valley of the Arkansas, they must soon retreat into Texas.

HEADQUARTERS ARMY OF THE POTOMAC, November 30. Some of the enemy's camps were visible yesterday, but disappeared last night—probably retired to the valley in the rear of Fredericksburg.

New rebel earthworks, redoubts, and rifle pits grow daily. Five of our gunboats were reported advanced up the Rappahannock, opposite King George Court-house. The right wing of the enemy extends nearly to that point, some distance from the river.

Gen. Burnside has returned to camp from Washington.

WASHINGTON, Nov. 30.—Admiral Dupont, of the flag-ship Wabash, under date of Port Royal the 20th, writes to the Navy Department that on the evening of the 13th a steamer attempted to run the blockade off Charleston but was discovered and chased, but escaped, owing to a dense fog.

On the night of the 16th a steamer supposed to be the same attempted to run the blockade. She was discovered when within two hundred yards of the steamer Blunt, which fired a shell at her, which exploded on the deck of the rebel steamer, causing her to change her course and afterwards disappeared in the darkness. It is supposed she returned to Nassau disabled.

NEW YORK, Nov. 20.—A special dispatch to a morning paper, dated Washington, Nov. 28th, says it is reported as coming from very high authority that Admiral Milne, commanding the British North American squadron, is in pursuit of the rebel privateer Alabama.

Hon. Frank P. Blair, jr., has resigned his seat in the present Congress, in order to take command of a brigade at Helena, Arkansas.

NEW YORK, Nov. 29.—Advices from Port Royal give an account of an expedition by the colored regiment to Doboy Sound. The negroes behaved very commendably. The expedition brought back 200,000 feet sawed lumber. Three of the negroes were wounded.

GENERAL SUMNER'S HEADQUARTERS, Friday, Nov. 28. The ladies from the North who were visiting friends in Fredericksburg came over the river yesterday under a flag of truce. After remaining near headquarters all night under guard, and receiving a full examination of their cases, they were this morning given passes to Washington. They represent the feeling in Fredericksburg to be of the most hostile character. The ladies especially are bitter and malignant beyond expression.

Upon the approach of the National army they organized meetings, and appointed a committee, who were instructed to visit the rebel commanding General, and implore him upon their knees, if necessary, not to surrender the city. They preferred having their dwellings burned to the ground, to having them again occupied by Northern troops.

The rebel force now opposed to Burnside they represent to be very large, and say that Gen. Bragg has, beyond doubt, united his army with that of Lee. They state, also, that Jackson will remain in the rear and will continue to menace Washington during the winter.

More intrenchments on the heights of Fredericksburg have been brought to light to-day by the signal corps. The entire number which can now be seen, with the aid of the best glasses, is nearly fifty; many of them, however, are quite small and protect but one gun.

WASHINGTON, Nov. 28.—We learn from the Times' special correspondent that an important reconnaissance, which left Falmouth on the 20th toward Port Conway, returned yesterday, having acquired valuable information. The enemy appeared in great force near Fredericksburg, evidently determined to desperately dispute the passage of the national army. Great amounts of contraband property and army supplies are being constantly sent to Richmond.

FORTRESS MONROE, Nov. 27.—On Saturday an expedition left Yorktown, consisting of four gunboats and all of the 11th Maine. They returned yesterday, after having scouted ten miles beyond Jack Bay, where they destroyed an extensive and valuable salt works.

Last Tuesday, our pickets near Williamsburg captured eight rebels, who were sent to Fortress Monroe.

NEWBURN, N. C., Nov. 21.—On Tuesday some 4,000 rebels under Gen. Morton attempted to drive in our pickets and take the city. They then advanced on the Trent road from Poolsville, and succeeded in driving the pickets, after a brief skirmish, a short distance. About 400 rebels marched through the woods about seven miles to capture two companies of the 27th Massachusetts, stationed at Bachelor's creek, on the railroad. The rebels got a warm reception and were defeated, falling back in disorder and retreating on the double quick. The rebels thought to take our forces unawares, but Col. John Kirtz, of the 23d Massachusetts, the Provost Marshal in

command of the post, was posted at every point. Despatches from the rebel army are quite numerous, 15 came in on the 16th inst.

New York, Nov. 29.—The Herald has the following special: Charleston, Va., Nov. 27.—I have just learned additional particulars of the successful scout made by the 2d Virginia Cavalry, under Col. J. C. Paxton, in the vicinity of Lewisburg. The troops left Camp Piate, ten miles from here, on Monday last, the 24th. From that time they marched 210 miles in 70 hours, passing over in the route four spurs of the Gauley Mountains. Part of the march was through a pelting snow-storm.

Col. Paxton came upon the enemy in the vicinity of Frankfort, attacked them with vigor, and after a short fight defeated him, capturing two commissioned officers and privates, 100 horses, between two and three thousand stand of arms, burned his camp and all his equipage, also all his stores and four wagons. Col. Paxton did not lose a man. Major Powell particularly distinguished himself.

The Nashville correspondent of the Cincinnati Commercial says:

General orders announce that Lieutenant Colonel Hepburn, Judge Advocate on the Staff of General Rosecrans, is appointed Inspector of Cavalry, and that Major Ralston Skinner, of Cincinnati, is detached as Judge Advocate on the Staff. Colonel Barnett, 1st Ohio Artillery, is appointed Chief of Artillery, he being senior officer of Artillery in the Department.

Brigadier General Payne will command the troops who guard the railway from Nashville to Mitchellville. Gen. Schuyler Hamilton has not yet been assigned. Colonel Fred C. Jones, of Cincinnati, (24th Ohio), will command the 10th Brigade.

TENNESSEE BRANCH NATIONAL CLAIM AGENCY conducted by HARVEY, COLLINS & BRACE, WASHINGTON, D. C. CHARLES H. GREEN, Agent No. 38, Cherry Street, Nashville, Tenn.

THIS AGENCY possesses peculiar facilities for the successful prosecution and settlement of demands against the General Government of EVERY DESCRIPTION, its conductors having had several years' experience in the management of claims for Congress, the Court of Claims, and the Executive Departments at Washington, and being thoroughly acquainted and familiar with the laws and regulations governing their adjustment.

Particular attention will be given to cases arising out of the present war, including the accounts of States, Contractors, and Disbursing Officers of the War and Navy Departments, and for Collecting, Drilling, and Organizing Volunteers, the reimbursement of which is authorized by an act of Congress. CLAIMS FOR INDEMNITY FOR PRIVATE PROPERTY TAKEN FOR PUBLIC USES, OR FOR DAMAGES TO SUCH PROPERTY, for Horses lost in the service, and for Military Pay, Pensions, and Bounty Land.

We give special attention to procuring Pensions, Bounties, etc., accruing to Soldiers who have been wounded, contracted at sea, or the families of such as have died, or been killed while in the discharge of their line of duty as such during the present war. Special care will also be given to claims which have been heretofore Rejected or Suspended by the Departments or Inefficiently Managed. Prompt attention also given to the collection of Quartermaster's Receipts given for Property taken for the use of the Army, to arranging Accounts with and collecting Claims against the Quartermaster's Department.

All Claims placed in our hands receive our Prompt Personal Attention, thereby securing many which, in the hands of an Attorney at any distant point, frequently prove unobtainable.

Aside from the decided advantages, our daily intercourse with all the Departments enables us in many cases to obtain decisions much more speedily than where all communication and other necessary details must be conducted through the mails.

To this end, we solicit you to forward to us any or all cases of such character you may from time to time have presented, and, as is our custom, we will furnish you with all the necessary blanks, and, when required, instructions.

No charge made in any case unless successful. Address: CHARLES H. GREEN, No. 38 Cherry Street, Nashville, Tenn.
