The Official Paper of the City

JOH WORK.

We have the facilities and the workmen to do as good work, and at as low rates, as can be done anywhere, and we mean to do it. Bring your Fine Job Work to THE DAILY HERALD OFFICE, Corner Elm and Houston streets.

HITCHHIKING.

Town Lots for Sale.

Twelve lots (one block), on the principal business street of the town of Hutchins, on the Central Railroad, in Dallas county, for sale at low prices. Apply to JOHN W. SWINDELLS, Herald Office, 1/11/73.

NOTICE.

Mr. W. H. Sparks, of Shreveport, is our authorized agent for this city, to whom parties desiring to advertise in or subscribe for THE HERALD are respectfully referred.

SOME matter called on to "lay over." JUDGE REAGAN will speak at the Fair to-day at noon.

ELEVEN and six-eighths was the outside figure on cotton yesterday.

WHAT has Sol done that he should so inordinably hide his face?

CHIEF Engineer Hays, of the Pacific road, came in from Marshall yesterday, under very heavy seas.

HON. JOHN H. REAGAN arrived here on Tuesday morning, and will remain several days.

THE passenger train on the Pacific road now leaves at fifteen minutes past ten every morning, running out as far as Longview.

SPECIAL policeman Scott was assaulted night before last on Jefferson street by a pair of brutes, who ran off at the approach of assistance, and so got "Scott free."

OUR readers desiring to visit the Collin County Fair, which commences on the 7th inst., and continues to the 10th, inclusive, should remember that the Central Railroad issues half rate or excursion tickets, which will be good to go and return during the fair.

IN the communication of "Justice," published on Tuesday morning, in the last paragraph, it states that the city takes "fifty hydrants at one dollar and fifty cents each." It should have read at "one hundred and fifty dollars each."

PASSENGER trains on the Central road only run south as far as Calvert. We have, therefore, had no mails beyond this point for some days, which is vexatious to business men and distressful to lovers whose sweetheart or beau, thus have their missives interrupted.

JOHN HENRY BROWN & SON offer the beautiful residence known as the Octagon or Beauchamp house, corner Ross avenue and Griffin street, for sale; also a fine farm a few miles north of Dallas, a large number of eligible business and residence lots in the most eligible part of the city. See advertisement.

WE are authorized by General Cabell and G. M. Swink to say that if a dozen gentlemen in Dallas county, over thirty-five and under one hundred years of age, can be organized to ride in a grand tournament, to take place to-morrow evening during the fair, that they will head the list and ride in the arena. Who will be next?

THAT popular orator and Democratic candidate for Lieutenant Governor, Colonel R. H. Hubbard, will address the citizens of Dallas upon the political issues of the day, on Saturday next, October 4. At night, on the same date, Hon. Richard Coke, Democratic candidate for Governor, will speak. Don't fail to hear them both.

IT is gratifying to note the steadily increasing prosperity of the Dallas planing mill and wood working machine shop. Mr. Grove, the proprietor, by his energy and perseverance, is building up a business that, while, as we hope, is remunerative to him, is adding greatly to the permanent prosperity of our city. His is one of the manufactures that have been needed in Dallas. Already his business is extending all along the various railroads centering here—North, South and East. Success to Mr. Grove, say we.

Knocked Down and Robbed.

As a gentleman was returning home on Wednesday morning between the hours of one and two o'clock, and when passing the Shamrock saloon, he was set upon by two men who felled him to the ground and while insensible, robbed him of his watch, and a few things of trifling value. It being the hour of watch relief, the robbers eluded the police and effected their escape.

The National Hotel.

This, one of the most comfortable and neatly furnished hotels in the State of Kansas, is one of the pleasantest features of the pretty little prairie town of Chetopa. Messrs. Kellerman & Platt both comprehend and thoughtfully carry out the requirements of No. 1 hotelkeepers and study to make your stay with them delightful and home-like.

Old Fellow's Hall.

Another packed house greeted the attraction of the Vaudeville Combination last night. This company is gaining steady attention, for it has not already attained a point of favor that it is difficult to go beyond. They play every night during the week, and from the enthusiastic reception they have made with on the last two nights, Manager Leonard ought to feel confident of the road.

The First and Second day of the Fair.

Excellent Condition of the Grounds.

The Attendance and the Entries.

Yesterday our county Fair opened in bright and attractive earnestness. The depressing skies and unseasonable air of Tuesday having the effect of casting the two days in one and giving to the grounds an animation and interest on Wednesday, which will no doubt increase until it culminates in poetic enthusiasm and historic renown on Saturday.

The number of lady visitors increased as the day advanced and the sun threw his welcome beams over the charming and noble grounds. The attendance of the farming element was also appreciably larger towards the close of the afternoon, and from whom we learned that the county would be fully represented from all quarters.

The entries were large and consisted of many very rich, grotesque and useful articles. The specimens of feminine handiwork were exquisite, tasteful and especially noteworthy from their peculiar value. To-day the interest of visitors will no doubt be called to some magnificent stock which will be entered. The following are the premiums and certificates awarded yesterday for Tuesday's entries:

A Great Sensation!

REMOVAL OF

SANGER

To Main Street.

We respectfully announce to our numerous friends and patrons that we have removed to our new store on

Main Street, Opposite Field's Opera House.

GREATLY REDUCED PRICES.

DRY GOODS

CLOTHING,

Boots, Shoes, etc

Our stock of Dry Goods, the coming season, will be of the very best assortment. Our stock of Boots and Shoes will be better assorted than ever.

We have made arrangements for Custom-made goods in Ladies' and Gents' Shoes, and we shall make it a specialty to

GUARANTEE EVERY PAIR OF THEM.

We mean, by guaranteeing, that we will give a new pair for every pair which does not give entire satisfaction.

We would say, further, that our resident brother in New York, having lately effected arrangements whereby the bulk of the stocks to our various houses along the railroad is shipped by fast freight lines, all rail from New York, we will be better enabled to keep our stock replenished. The old adage, "Time is money," has always been our guide in conducting business, and we pride ourselves on some success. Whenever we get short of an article, we tap the wires, and in four days thereafter, by our new way of transportation, we can have it in store, and at less expense than heretofore by the dangerous Gulf, by which route it generally took us three or four weeks to get goods.

As soon as Professor Wise succeeds in his balloon experiment we contemplate establishing a balloon line of our own, and intend always to keep up with the times.

DON'T FORGET OUR NEW PLACE,

Main Street, between Austin and Lamar.

BRING YOUR FRIENDS ALONG, AND WE WILL ALWAYS BE GLAD TO SEE YOU!
