### BAPTIST CONVENTION

#### Organization--Ready for Business.

Second annual session of the Baptist Conference of Texas met in the First Baptist church this morning at 10 o'clock. The conference was called to order by Rev. A. T. Spalding, of Galveston, former president. Prayer offered by Rev. F. M. Law.

On motion Rev. Spalding was re-elected president of the convention, Revs. G. W. Baines, F. M. Law and R. T. Hanks were elected vice presidents. Rev. S. J. Anderson and M. P. Matheny were elected secretaries.

The convention was addressed and highly edified by a short talk on education by the Rev. F. H. Kerford, professor of systematic theology in the Southern Baptist Theological Seminary at Louisville, Ky.

Revs. R. T. Hanks, Morris, Luther, Jarrell, Lloyd and Smith were appointed a committee on order of business.

The pastors and deacons of the church of Dallas and East Dallas who were active members of the body were made a committee on religious exercises.

Hours for meeting of the convention were arranged as follows: Morning conference from 9 to 12 o'clock, evening from 2:30 to 5 o'clock night from 7:30 to adjourn at pleasure.

#### Recorder's Court.

"Only four cases this morning; three drunks and one disturbance—all fined," said the clerk. And that's what the record showed. The drunks were Jim Sellers, Mike Bohannon and Rains, and Jack Monroe was the disturber of the peace. Twelve dollars in fines; and the court takes a rest till to-morrow morning.

#### Licensed to Marry.

R. T. Eaton to H. V. McCollister. J. M. Finley to Indy Guynes. E. J. Gaston to Anna Smartt. Thos. Beggs to Fredda A. Lawther.

#### Pianos Sold

On rental payments at Frees & Son's.

For his pair of mules killed by a Santa Fe engine, Mr. Fife, of Oak Lawn, last evening got a verdict of \$325 damages against the Santa Fe.

#### A Sound Legal Opinion.

E. Bainbridge Munday, Esq., county attorney Clay county, Texas, says: "Have used Electric Bitters with most happy results. My brother also was very low with malarial fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. L. Wilcoxson, of Horse Cave, Ky., adds a like testimonial, saying: He positively believes he would have died had it not been for Electric Bitters.

This great remedy will ward off as well as cure all malarial diseases, and for all kidney, liver and stomach disorders stands unequalled. Price 50c. and \$1, at W. H. Howell & Bro's.

### Liquor Licenses.

Friday is the 30th and last day of September, and the end of a quarter; and with this quarter expires eighteen liquor licenses. These eighteen licenses if renewed at all, must be under the new law which requires a \$5000 bond to keep an orderly house under the strict law which describes what must be an orderly house, without screens, women, boys, etc. The new license is \$400 for State and county and \$150 for the city. There is a good deal of public curiosity to see how these eighteen liquor dealers will come out—if they can give the bond, etc.

### The G. A. R's.

St. Louis, Sept. 29.—[Special.]—The great National G. A. R. encampment is at its best to-day. Much is expected to develop at the meeting this afternoon and evening, and the gossip as to candidates is incessant. Nor can much be said as to the outcome, as the friends of all the men are extremely confident. The selection of the next place of meeting lies between Milwaukee, Wis., and Gettysburg, Pa. This morning large excursion trains left loaded with soldiers en route to Springfield, Ill., and the tomb of Lincoln.

### In Favor of Henry George.

SYRACUSE, N. Y., Sept. 27.—A Preston, candidate of the Union Labor party for secretary of state, to-day retired in favor of John Swinton. It is thought the entire Union Labor ticket will be retired and the United Labor (Henry George) ticket will be endorsed.

For Rickets, Marasmus and Wasting Disorders of Children, Scott's Emulsion of Pure Cod Liver Oil with Hypophosphites is unequalled. The rapidity with which children gain flesh and strength upon it is very wonderful. Read the following: "I have used Scott's Emulsion in cases of Rickets and Marasmus of long standing, and have been more than pleased with the results, as in every case the improvement was marked."—J. M. Main, M. D., New York.

Fischer Pianos and Estey Organs at Will A. Watkin & Co's, low for cash or easy monthly or quarterly payments.

Henry Jackson, colored, was unfortunate to-day. He was arrested in the courthouse for some disturbance, just as he was going to have Dick Gover arrested "for stirring up that same old fuss, and botherin' him; an' he hadn't done nuthin'."

Get your heating stoves up now cool weather is on the way. Handsomest and cheapest line in the city at McRosky Hardware Co., 834 and 836 Elm street.

### The Oak Cliff Railway.

In addition to the coaches, a half mile of steel rail for the elevated Oak Cliff and Dallas railway has been received. The coaches are not as handsome in finish as was expected for the price paid, but are neat and comfortable nevertheless. They are after the style of the coaches on the New Orleans and Spanish Fort Canal street road. They will be drawn by an engine patterned after the regular standard road engine, but of course, smaller.

### Y. M. C. A. Notes.

The association wants more young men who desire to enjoy the privileges of the association.

More young men to serve on committees, who can give some time to association work, even if it is but one or two evenings in a month.

More business men who are interested in the progress of the association as one of the most important interests of the city, and who will do something to improve our rooms.

The address of reliable boarding houses and those having rooms to rent.

More good singers and earnest workers to attend our devotional meetings, a few inexpensive articles for our gymnasium, and pictures for all our rooms.

More books for the library. More volunteers who will assume charge of the rooms or assume the expense of it for a week or who will do both.

More earnestness on the part of officers, directors, committees, members and friends of the association.

More support and encouragement from all Christian people. Those who can respond favorably to any of these wants are invited to address the recording secretary.

Visitors at the Baptist State Convention are cordially invited to visit the rooms.

### The Anarchists.

[For the Herald.]

Workingmen of America—Friends: We are here living in a most glorious country—the land of the free, the noble and brave; in a land whose soil has been consecrated to freedom by the blood shed by martyrs in its cause; and now we live in a land whose laws are the purest and best the sun shines upon in this world—where there is no one to make men afraid, and where we can all worship the Creator according to the dictates of our own conscience. This country fought nobly to free herself from the tyranny of the mother land, and afterward, by patient toil and perseverance, built up this grand Republic, the finest and best the world ever saw; where industry has been rewarded and the people governed with impartial and just laws as near as the vagaries of human impartiality can make them. To maintain this honorable and grand Republic we went through the horrors of a civil war, in which justice triumphed. We are now just recovering from the effects of a rebellion that was wrong from the word go; and now we have buried the bloody shirt, and peace and plenty are all over the land. Then up came a band of anarchists on Chicago, waving the blood-red flag of communism, and would re-enact the dreadful scenes of Paris and the commune, openly defying all just government. I say, down with the traitors! I would crucify them upside down and hang them afterward, in mercy to innocent women and children, who would be massacred if the guilty men were to get into power and allowed their own way.

### Defeat for the Knights.

HAVERHILL, Mass., Sept. 29.—[Special.]—The contest between Knights of Labor and the "free shops" in the manufacture of boots and shoes is rapidly verging on a defeat for the Knights, as there are a large number of non-union stitchers and lasters in town and dull business is coming on. This will necessitate the employing of fewer men and the shops will refuse to take back the strikers. In the free shops of Sweet and Bond production is moving on successfully with no indications of trouble.

### Removal Notice.

The Texas Installment Co. have moved to 751 Elm street to larger quarters where they are now prepared to furnish a house complete almost from cellar to garret, on time payments. ### EDINBURG WASHED AWAY.

Santa Maria in Danger—Farms Ruined.

BROWNSVILLE, Tex., Sept. 28.—It is reported that great distress prevails in the upper country from the high water of the upper Rio Grande river. An old timer here for fifty years reports that there are entire farms under water, and families residing near the river have been washed out and have lost all they had, and that a great number of these families have lost their entire crops reaped during the past season, and that their destitute circumstances are pitiful indeed. The river has flooded its banks for miles around. In fact, it looks like a huge ocean, and is still rising at Brownsville. Edinburg, Texas, situated on the Rio Grande about sixty miles above Brownsville, has been washed from the face of the earth, and at Santa Maria it is said that the water is gradually making its way to destroy that place. At this writing the water is but fifteen feet from the main buildings there. Cattle have been moved back to higher altitudes. The condition is due to the storms of Sept. 21. The condition of all those poor families on both banks of the river calls for humanity to give them assistance, that they may not have to suffer from the pangs of hunger during the coming winter.
