I purchased a sample of DR. PRICE'S CREAM BAKING POWDER and subjected it to a rigid examination. The results of the chemical analysis prove it to be of greater strength, of more perfect purity and more conducive to digestion than the other baking powders in the market.

I use it in my own family in preference to all others.

EDGAR EVERHART, Ph. D.,

Professor of Chemistry, University of Texas, Austin, Texas.

The following Heads of the Great Universities and Public Food Analysts having analyzed every brand of Baking Powder in the market, find DR. PRICE'S CREAM BAKING POWDER THE STRONGEST, PUREST, AND HEALTHIEST, and recommend it with DR. PRICE'S SPECIAL FLAVORING EXTRACTS for general family use.

The above named institution has on hand a deposit of \$1770, clear profit from the lunch rooms conducted through the late State Fair and Dallas Exposition. This with other funds on deposit as a building fund is to be used in the erection of a magnificent brick building during the ensuing year.

We understand that the family now numbers 96 and several others are to be added within the next few days. The school is progressing finely with two excellent teachers in charge.

Rev. Dr. Buckner certainly has his hands full in supporting such a family mainly by collecting voluntary contributions in the general management of the institution, and in raising \$25,000 for the main building, to say nothing of his efforts to endow the home.

Have you tried the California canned goods that A. E. Bouche sells.

About 7 o'clock yesterday evening a fire broke out in the hay room of Bowen & Cole's feed store on Main street. The timely appearance of the fire department prevented a big fire. Water was applied freely until the flames in the burning hay were out. The loss to feed store was about \$500. The building is owned by Nussbaumer Bros., and the only loss it sustained resulted from breaking window lights and flooding the floor with water.
