[VOLUME XIII.]

FOR THE CURE OF  
**COUGHS, COLDS, ASTHMAS, CONSUMPTIONS,**  
And all disorders of the Breast and Lungs,  
**Church's Cough Drops**  
Is a medicine unequalled by any other in the world.

"I hereby certify, that I have been cured of a most severe Cough, Cold, and violent pain in my breast, by taking only a few doses of Dr. Church's Cough Drops."  
**CHARLES BEVANS,**  
Sail Maker, Spruce street wharf, Philadelphia.

From a London Paper.  
To Dr. CHURCH.

SIR,  
Having been recently restored from the brink of the grave, by your invaluable medicine, I think it my duty to make this public acknowledgment of the same, for the benefit of others afflicted with a similar complaint. I had been afflicted with a most dreadful asthma for about twenty-three years. I never for years got any rest, my cough was so troublesome in the night; and used to discharge an almost incredible quantity of glutinous matter from my lungs; and my breath was so exceeding short that I could not walk across my room. Providentially hearing of your Cough Drops, I too, them; and, through taking them alone, I am now blessed be God! restored to perfect health. My case is well known to the members of the Ebenezer Chapel, in Lincoln's-Inn-Field, of which I am also a member; and any of them will gladly furnish any inquiry concerning the truth of what I say. I am, Sir, your grateful servant,

**Ran away the 25th of December, 1797, a Negro Man,** about 5 feet 5 or 6 inches high, of a yellow complexion; when spoke to and called by his name he has a quick sharp look out of his eyes and shews the white of them very much; has taken all his clothes with him, which are, a new kersey great coat, a grey broad cloth and close bodied coat, a striped velt, nankeen breeches, silk stockings and ruffled shirts, and a number of other cloaths. The said Negro understands farming, and is a good shoemaker and carpenter; he can read and write tolerably well. It is likely he may forge a pass. And just imported from England, by **WILLIAM GRIFFITHS,** No. 177, South Second street, and may be had of **MORAN J. RUES,**

A Cheap and valuable work, in two closely printed volumes in 8vo. (price 3 dollars)  
**Illustrations of Prophecy:**  
In which are elucidated many predictions, which occur in Isaiah, Daniel, the writings of the Evangelists, and book of Revelation; which are thought to foretell among other great events, a revolution in France, favorable to the interests of mankind, the overthrow of the papal power and of ecclesiastical tyranny, the downfall of civil despotism, and the subsequent melioration of the state of the world: together with

A large collection of Extracts, interspersed through the work, and taken from numerous commentators, particularly from  
Joseph Mede, Sir Isaac Newton,  
Vittoria, Mr. William Lowth,  
Dr. Th. Goodwin, Fleming,  
Dr. Henry More, Bengelius,  
Dr. John Owen, Daubuz,  
Dr. Cressener, Whitby,  
Peter Jurieu, Lowman,  
Brenius, Bishop Newton, add  
Bishop Chandler, Bishop Hurd.

By **JOSEPH LOMAS TOWERS.**

Besides various other inquiries treated of in this work, and numerous illustrations of prophecy; it contains a considerable number of facts or observations on the symbolic language of prophecy, the authenticity, uses, and obscurity of the apocryphal, and the genuineness of the Hebrew prophecies; on the rapid corruption of christianity in the fourth century; on the dispersion and restoration of the Jews, the history of the false Messiahs who have appeared among them, and the reasons in support of the conjecture that the Africans are the descendants of the ten tribes; on the right of resistance to oppression; on the irruptions of the northern nations, and the causes of the decline and fall of the Roman empire; on the customs of the Tartars, and the independence of the Arabs; on the conquests of those nations, and those of the Turks; on the usurpation of the Mamalukes, and on the past history and present state of Egypt; on the character and conduct of Constantine, Justinian, an Clovis, and Lewis XIV; on the scarcity of books in the dark ages, and the cause of the decline of literature; on the rapid rise of modern monarchy, and the causes of its fall; on the inconsistencies in the political character of Bishops, Monks and Priests; on the persecutions of the Protestants; the character of the earth; on the beneficial effects which christianity has produced; on the learning and civil liberty, and its tendency to promote the establishment of equal governments.

Independent of the large proportion of original matter contained in these volumes, those who are interested in the subject will, it is presumed, wish to peruse or consult them, because the extracts introduced in them, which are accurately cited, and marked with inverted commas, are taken from a greater number of writers on the prophecies (at least if the roman catholic commentators be excluded) than are easily accessible to any one individual even in Europe, or are probably to be found in any one library in the world. They are furnished with indexes, and a copious table of contents.

**Salisbury Estate.**

THE Subscriber, proposing to contract his business

with the Estate for sale, on moderate

terms. On it are one Blast and three Air Furnaces,

a complete Boring Machine, and a very good grist

Mill, with two pair of stones; also a good Forge, all

in perfect repair, as are all the Water Works connected

with these various branches. The Air Furnaces

were lately built for the purpose of casting Cannon

for this State. There are about two thousand acres

of Land, one half of which is under wood, the other

very fine arable Land, producing the best Hay and

Paillure. The Cannon lately manufactured there,

fully proves the excellency of the metal, which is

superior to any in this country, and probably, equal

to any in the world; for not one of sixty-nine guns

lately made, although some of the 24 were bored

into 32 pounders, have failed on proving. The situation

is very eligible, particularly for this branch of

manufacture, and a place of arms lying in the State

of Connecticut, and only six miles from several land-

ings on the Hudson's river, and having every advantage

that can result from a plenty of water issuing from

a large natural pond, very near the Furnace, and

which may be converted into a variety of other

useful purposes. The purchaser can be accommodated

with all the stock and utensils, and have possession

on or before the first of June next, and preparation

may be made in the meantime for going into Blast
