Philadelphia Academy.

SAMUEL MAGAW, D. D.
Rector of St. Paul's church, and formerly Vice-Provost of the University of Pennsylvania;
AND
JAMES ABERCROMBIE, A.M.
One of the Assistant Ministers of Christ Church and St. Peter's,
INTEND TO OPEN,
On Tuesday the 15th of next month, (April)

An Academy,

1. AN English School, in which will be taught Reading, Writing, English Grammar, Composition, Elocution, and Natural History.

2. A Mathematical School, in which will be taught Writing, Arithmetic, Mercantile Accounts, Geography and the use of the Globes, Geometry and Trigonometry, with their application to Mensuration, Surveying, Navigation, Nautical Astronomy, &c.—Also, the Principles of Mechanics, Algebra and Fluxions.

3. A Classical School, in which will be taught the Latin and Greek Languages, in conjunction with Chronology, Civil History, Rhetoric, and the Institutes of Moral Science.

A well grounded conviction of the expediency of the foregoing plan, has been our principal inducement to undertake it. When it is considered that this populous and flourishing Metropolis contains only one Public Institution on an extensive plan, and that many of our youth are obliged to resort to other States, to receive even a Grammar-School Education, the Seminary now proposed, will, we trust, be regarded as eminently useful.

Actuated by these considerations, many gentlemen, friends to Science, and to Literary Establishments, have urged, with great warmth, the present undertaking, and excited the most flattering expectations of its success.

Thus encouraged by the countenance and promised aid of liberal men, no less than by a firm persuasion that well-regulated Academies have a most important influence on manners, habits, and principles; we are our earnest endeavor to so conduct the great interests of Religion and Morality, to promote Decorum of Behaviour, correctness of Taste, Liberty of Sentiment, and every other attribute of an ingenious mind, which, in connection with good principles, and sound literature, constitute the distinguished ornaments of the gentleman, and the scholar.

The building, engaged for this Academy, though affording excellent accommodation, will be relinquished for a more central situation, if such a change should be found necessary.

A master of distinguished abilities will be procured to conduct the Mathematical Department.

Persons desirous to be employed as Tutors in this Seminary, are requested to apply, without delay, to either of the subscribers, to whom also Parents wishing to send their children, will please to make application.

FACTS.

Submitted to public consideration, as additional evidence of the efficacy of

Dr. HAMILTON'S MEDICINES,

IN THE CURE OF Most Disorders to which the human body is liable.

RHEUMATISM.

JOHN HOOVER, Rope-maker, South Second Street, between May and Christian Streets, Philadelphia, voluntarily takes oath, as follows: namely, that his wife, Mary Hoover, was so severely afflicted with violent rheumatism, very dangerously situated, the consequence of cold after lying in, as to be confined to her bed for several weeks, and was at length reduced to the melancholy apprehension of remaining a cripple for life; notwithstanding the most respectable medical advice was followed, and every probable remedy attempted. When feeling several cases of cures performed by Hamilton's Elixir and Extract of Mustard, they were procured from Mr. Birch, No. 17, South Second Street. The first application enabled her to walk across the room, and the use of one bottle restored her to her usual state of health and strength.

JOHN HOOVER.

Sworn and subscribed to the 24th day of March, 1860, before Ebenezer Ferguson, Esq. one of the Justices of the Peace for Philadelphia County.

DANGEROUS COLD.

DAVID GILBERT, Toyman, No. 46, South Fourth Street, Philadelphia, voluntarily makes oath, as follows: namely, that about eight months ago, he caught a severe cold, which resisted every remedy he could think of, and produced the most alarming effects; he could procure no rest for incessant coughing, nor breathe without great pain and difficulty, and was finally so exhausted, as to be scarcely able to walk about, which left his friends little hope of his recovery, though the prescriptions of a respectable physician were constantly attended to. In this situation hearing of the efficacy of Hamilton's Elixir, a bottle was procured from Mr. Birch, No. 17, South Second Street; the first dose of which afforded the most surprising relief, and gave him more ease than he had enjoyed during the whole of the above period, and before the contents of one bottle were taken, he was perfectly cured, his strength and appetite recovered, and not a symptom of his former distressing complaints remained.

The above particulars the said David Gilbert witnesses to be true public, as a testimony of his gratitude, and for the benefit of mankind.

DAVID GILBERT.

Sworn and subscribed before me the 24th day of March, 1860.

JOHN JENNINGS, Alderman.

TO PARENTS.

Who may have Children afflicted with the Hooping Cough.

This discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorder to which children are liable. The Elixir is so perfectly agreeable, and the dose so small, that no difficulty arises in taking it.

WORMS.

A daughter of Mr. Ewing Wiley, No. 109, Cedar Street, Philadelphia, was dreadfully afflicted with worms, inasmuch that her life was with great reason despaired of; her complexion faded and grew pale and fallow; her eyes sunken; her appetite was lost, and succeeded by a painful and constant sickness at the stomach; which general wasting and debility was accompanied with every appearance of a dangerous fever. From this deplorable situation she was relieved, and restored to a state of perfect health and strength in a few days, by the use of Hamilton's Worm Destroying Lozenges, which expelled a great number of large pointed worms, from six to nine or twelve inches in length; one of which being a most extraordinary thickness, (supposed from half an inch to an inch in diameter) was opened and found to contain a quantity of young ones.

The above is communicated by Mr. Wiley, believing its utility may be useful to many, by extending the knowledge of a medicine which merits universal attention; But this testimony is only a corroboration of the evidence of more than fifty thousand persons of all ages, who have, within twenty months past, been cured by this medicine, with the utmost ease and safety, of various complaints, arising from worms and from obstructions or foulness in the stomach and bowels.

Dr. Hamilton's Grand Restorative.

It is recommended as an invaluable medicine, for the speedy relief and permanent cure of the various complaints which result from dissipated pleasures, juvenile indiscretions, residence in climates unfavourable to the constitution; the immoderate use of tea, frequent intoxication, or any other destructive intemperance; the unskilful or excessive use of mercury; the diseases peculiar to females at a certain period of life; bad lymphas, &c.

And is proved by long and extensive experience to be absolutely unparalleled in the cure of nervous disorders, consumptions, lowness of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weakness, violent cramps in the stomach and back, indigestion, melancholy, gout in the stomach, pains in the limbs, relaxations, involuntary emissions, female weakness, obstinate gleets, flour albus (or whites) impotency, barrenness, &c.

This medicine is perfectly different in its qualities and operation from those hot and irritating drugs so frequently proposed for similar purposes, and which only recommend themselves by the dangerous rapidity of their effects, and which, acting as a temporary but violent stimulant on the nervous system, infallibly produce greater evils than those they are intended to remove.

The principal operation of this remedy is in the stomach, restoring the digestive powers, and sending from that organ new health, and vigour into every part of the system. It enriches and purifies the blood without inflaming it; brace, without stimulating too violently the nervous system; strengthens the secretory vessels and the general habit; brings back the muscular fibres to their natural and healthy tone; and restores that nutrition which immodesate evacuations, have destroyed, and whose loss had thrown the whole frame into languor and debility.

The Restorative is absolutely above all recommendation, in removing those weaknesses and infirmities with which many females are afflicted, the consequences of difficult and painful labours, or of injudicious treatment therein.

The most obnoxious female gleet; and the most distressing cases of flour albus in females fall particularly under the province of this restorative, speedily yield to its benign operation, and are radically cured, by condescending and purifying the acrimonious humors, restoring a proper degree of tension to the relaxed fibres, and strengthening the weakened organs.

The grand restorative is prepared in pills as well as in affluant form, which affords considerably in producing a gradual and lasting effect. Their virtues remain unimpaired for years in any climate.

Dr. Hahn's true and genuine

GERMAN CORN PLAISTER,

And infallible remedy for corns, speedily removing them root and branch, without giving pain.

The genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellant minerals (the basis of other lotions) and of unparalleled efficacy in preventing and removing unsightly blemishes of the face and skin of every kind, particularly freckles, pimples, pits after small pox, inflammatory redness, furfur, scurf, ringworms, sun burns, prickly heat, premature wrinkles, &c. The Persian Lotion operates mildly, without impeding that natural, insensible perspiration, which is essential to health, yet its effects are speedy and permanent, rendering the skin delicately soft and smooth, improving the complexion and restoring the bloom of youth; never failing to render an ordinary countenance beautiful, and an handsome one more so.

The Damask Lip Salve

Is recommended (particularly to the ladies) as an elegant and pleasant preparation for chapped and sore lips and every blemish and inconvenience occasioned by colds, fevers, &c. speedily restoring a beautiful rosy colour and delicate softness to the lips.

The Restorative Powder for the Teeth and Gums.

This most excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, absorbing all that acrimonious slime and foulness, which is apt to accumulate never fails to injure and finally ruin them.

Sovereign Ointment for the Itch.

Warranted an infallible and immediate cure at once using; being the most speedy, effectual and pleasant remedy ever offered to the public, and for the satisfaction of the numerous, the proprietor makes oath, that this ointment does not contain a single particle of mercury or any other pernicious ingredient in its composition, and may be used with the most perfect safety by pregnant women, and on infants newly born. Price 3-4ths of a dollar each box.

Patent Indian Vegetable Specific,

For the cure of Venereal complaints of every description: An extensive trial of near four years, has proved the Vegetable Specific to be effectual in expelling the venereal virus, however deeply rooted in the constitution, and has restored health to many who have been brought to the brink of the grave by the improper administration of mercury.

Within this period upwards of eight thousand patients have experienced its salutary effects. With the medicine given, a description of the symptoms which obtain in every stage of the disease with copious directions for their treatment, so as to accomplish a perfect cure in the shortest time, and with the least inconvenience possible.

Infallible ague and fever drops.

A long eulogium on the virtues of this medicine is unnecessary, as the money will be returned if the patient is not relieved, it never having failed in many thousand cases, not one in a hundred has had occasion to take more than a bottle and numbers not half a bottle.

Dr. Hahn's celebrated Anti-Bilious Pills.

Which have been uniformly successful in the cure of bilious and malignant fevers, and in all disorders of the head, stomach and bowels.

Gowland's Genuine Lotion—Cure of Cough Drops—Anderson's Pills, &c.

Take notice, the above valuable medicines, are sold in Philadelphia by William Young Birch, Stationer, No. 17, South Second Street, and by no one else in the city. Likewise observe that the signature of Lee and Co. (the general agents for the United States) is pasted on the outside of each without which they cannot be genuine.

Purchasers by the dozen or gross will receive a liberal allowance by applying to Lee and Co. Baltimore.

TERMS.

Of Richard Folwell, in Philadelphia, FOR SUBSCRIBING TO THE JOURNALS OF CONGRESS,

From the commencement Of the American War, in 1774, to the present time, INCLUDING

The Reports of Heads of Departments, of Committees, and other Official and Private Papers of that Body, now first permitted to be made public.

TERMS.

THE work will be printed on a fine paper, and a new neat type, in large octavo.

Each volume will contain above 500 pages, neatly bound and lettered.

Uniformity in size, paper, and binding, will be observed throughout the work; so that, while the subscribers become possessed of a valuable record, an ornament may be added to their libraries.

The price to subscribers will be a dollar, 75 cts. per volume, in boards, and 3 dollars, whole bound; but, as the publisher does not intend to print more than the number subscribed for, a considerable rise on the price may be expected to non-subscribers.

Each volume will contain about one third less of letter-press than the original edition; but, as the publisher is not yet enabled to determine the extent of the Private Journals, which he may be allowed to make public, he cannot ascertain this number of volumes which will comprise the work.

Payments to be made on delivery of each volume.

Subscribers will have at their option, either to subscribe for the whole of the Journals, up to the present time, or to those only of the Old Congress prior to the organization of the Federal Government.

In all countries, the proceedings in the commencement of their governments, are lost in darkness and obscurity, owing to a carelessness, in the succeeding generation, to preserve the public records, and the attention of the nation, in these rude ages, being called off from their domestic concerns, to engage in wars and conquest. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that destroys every thing, enhances the value of well authenticated public records, and renders them almost invaluable. It is hoped, that Americans will, therefore, cheerfully contribute their assistance in transmitting to posterity the labours of their ancestors—founders of the Columbian nation.

The work will certainly be advanced with expedition and promptitude. The following will show the support it has already acquired:

"Philadelphia, June 15, 1798."

"To the Honorable the Senate and House of Representatives of the United States."

"The MEMORIAL of the Subscribers, Citizens, &c. of Philadelphia,

"Respectfully sheweth,

"That having, in our respective vocations, frequent occasions to recur to the Journals of Congress, we experience inconvenience by the scarcity of them: That we understand that Richard Folwell, printer, of Philadelphia, has had it in contemplation to print that public record; and that he hath obtained partial countenance from many individuals; but that he has delayed prosecuting the work, in expectation of encouragement from government, that may adequately indemnify him. We, therefore, respectfully solicit, as the publication is necessary to be disseminated among public bodies, that Congress will, in their wisdom render him such additional encouragement, to that which he has obtained from private individuals, as to enable him to proceed with the work, so that your Memorialists may be enabled to purchase copies of that record for themselves.
