-Mr. H. C. Whitley, of the Secret Service Department, with others of the force, have just effected a very important detective operation in this city, which they have been for several weeks upon. Receiving information that a stone was being engraved here on which to counterfeit beer stamps, he set to work to discover the engraver and other parties concerned, and was successful, securing Frank Mackey, who has the reputation of being an old counterfeiter, and Morris H. Traubel, lithographer, whose place of business is at No. 409 Chesnut street. The first named was arrested two or three nights ago, with a valise in his possession containing a number of the counterfeit stamps, which, it is alleged, he had made an arrangement to sell. At that time, it is said, the transfer plate or stone was in the possession of the lithographer, it having been taken to him with the intention of having it improved. With a view to detect the lithographer under circumstances showing his connection with the work, it was arranged that the transfer plate should be obtained in the presence of Chief Whitley, and he and one of his assistants on Tuesday night, following the man who was to receive it up a dark stairway in their stocking feet, were present unobserved when the delivery was made and a portion of the money paid. The arrest then took place. Yesterday the accused were before United States Com. missioner Craig Biddle, and, waiving a hearing, were committed in default of bail for their appearance at the present term of the Bail in the case of Mr. Traubel was fixed at \$20,000, of Mackey at \$10,000.

-Yesterday afternoon, a few minutes before 6 o'clock, Eli Wilmer, colored, residing at No. 425 Lynd street, between Fourth and Fifth and Coates and Green, struck and killed his wife. Wimer resided in a small house at the place named, with his wife and six children, the oldest of where is about twenty years of age. One of his children. about fourteen years of age, has her left arm caralyzed, and, according to the neighbors, Wilmer has been in the habit of beating this child. Vesterday, while under the influence of liquor, he met the child in the alley alongside of the house, and commenced beating her. For protection she ran into the house, and her mother hearing her cries, came down stales, carrying in her arms an infant of two months. from her husband, which knocked her down. In falling she struck the left side of her head against the corner of the step in the room, and the result was that she never moved or spoke afterwards, and seemed to have died instantly. A large wound is observable on the side of the head, apparently fracturing the skull. Wilmer, who made no attempt to escape, was arrested a few minutes afterwards by Sergeant Donnelly and locked up at the Eleventh Ward Station House to await the result of the Coroner's inquest. The prisoner is about forty-five years of age, and has been employed in a brick yard.

Another Meeting of the Board Yesterday. A meeting of the Board of City Trusts was held yesterday, at the office of the Girard Trust, on Fifth street, above Chesnut-President William Welsh in the chair,

President William Allen, of Girard College, who, as usual, was present, presented his re-port of the condition and wants of the college. After some explanations, the various items of the report were referred to their appropriate committees with power to act.

Mr. George H. Stuart, chairman of the Committee on Household, reported that there was no insurance on any of the buildings within the college walls. The committee was authorized to have an insurance effected. Messrs. George H. Stuart and Alexander Cattell were authorized to have the summer

clothing for the pupils purchased. Mr. John H. Michener, Chairman of the Committee on the Girard Estate within the city, reported that a fire had occurred in one of the dwellings on Girard street, damaging it to the extent of \$2400, and on which there was but an insurance of \$2000. The committee was authorized to increase the insurance on all the

real estate within the city. Various committees on the different trusts reported progress and were continued. A code of by-laws for the government of the

board were reported, to be considered at the next meeting. A report was received from the officers of

the Wills Hospital, and referred to the committee on that hospital.

Among matters of minor importance, it sets forth that building lots on three sides of the hospiral property had been sold on mortgage, viz: 133 feet each on Eighteenth and Nineteenth streets, and 220 feet on Race, leaving the present size of the hospital lot 180 feet on Race street, extending of that width through to Cherry street 288 feet. The price obtained for the lots was \$134,133.84. These lots have all been occupied by handsome dwellings, the interest on the mortgages amounting to \$8048. In view of the increase of the means of the hospital, the late board of managers contemplated certain alterations and additions to the building, which the largely-increased work of the hospital seemed imperatively to demand.

No definite plan had been decided upon, but a favorite idea with some of the late board of managers was the erection of a suitable building on the Cherry-street front, with an entrance and exit on that street, for the treatment of the largely increased class of clinical patients, thus leaving the present building, with some alterations, such as an increase in the height of the stories or the addition of a French roof, for the better accommodation of those patients whose condition necessarily confines them to the wards of the hospital. It was further in contemplation to increase the medical staff, so as to afford closer examination into and attention to individual cases. Adjourned.

The bill was referred to the Committee on Manufactures.
