THE ELECTION.

We have before us complete returns of the election in this State, held on the 7th instant, and the result is about as follows:

Col. Marks has a majority in the country Parishes over Hon. John E. King, of 1,600 votes; to this ad Col. Marks' majority in the City and Parish of Orleans of 2,911-and it gives that gentleman a majority in the whole State of 4,511 votes for the office of Auditor of Public Accounts.

Judge Greneaux of State Treasurer, has a majority of 4,600 votes over J. N. Hawthorn, and J. N. Carrigan has a majority of 4.550 votes over A. H. Lamon, for School Superintendent.

The vote on the State ticket is very large, and the Democrats have made large gains in all the Parishes in North Louisiana.

Judge Dunbar, (democrat) is elected to Congress in the 1st. District by some 2,000 votes majority over Judge Gayarré, Independent Democrat.-Judge Perkins (democrat) beats Col. Pond, (whip) in the old 3rd District, over 1,200 votes. Judge Jones (demoerat), beats J. B. Smith, (whig) in the 4th District, over 2,000 votes. Col. Hunt (whig). beats J. B. Davis (democrat), in the 2nd District, about 1,000 votes.

The Democratic majority in this Congressional District is about 4,200.

In the State Senate, the Democrats have 20 members, the Whig 12-majority 8, and a Demogratic majority of 22 in the lower of Sep House, making 30 on joint ballet.

The defeat of the Whigs in this election

House, making 30 on joint ballot.

The defeat of the Whigs in this election, has been overwhelming.

I had been afflicted for 16 years with a severe pain in my breast and shoulders, which would compain the to keep my bed sometimes for two weeks at a time, and I was at no time hardly able to work at all. I used H. G. Farrell's Arabian Liminent, and it cured me sound and well. I had at the same time I used the Liniment, the worst cough I everyhad my life, and was astoniated to find it cured that too.

THE FEVER IN ST. MARY'S PARISH,—The Franklin Planter's Banner of the 27th ult. says.

"Since our last publication several deaths from
yellow fever have occurred in the lower part of our
parish, among whom were Mr. and Mrs. Minty,
Mrs. J. W. Copper and daughter, Joseph Aucoin,
George T. Johnson, Doisino H. Rentrop, Mr. Marsteller, Thomas L. Doremus, and a child of Dr. H.
J. Saunders. On Monday might there was a frost
there, since which we have heard of no new case.
It was reported early in the week that Dr. Brashaer was smong the victims, but such, we are
happy to state, is not the case, nor have we heard
that the old gentleman has been sick.

within the last few days we have had some few cases of sickness in our town, but we have no apprehension that it has any connection with the epidemic, as some of these cases occurred since Monday night, when we had a smart frost: We hope next week to appreach the expression of all next the since the approach the recovery of all next the t week to announce the recovery of all nov

our quarantaine stations at Maskell's Mill and Rentrop's Point are broken up, being considered no longer necessary, and steamboats and vessels can now arrive without detention.

Justas we were guing to press we were informed of six new cases at Centreville, namely, Dr. Fassett, Wm. S. Caryand wife, James Cook and mother, and another whose name, we do not recollect.

NEWS FROM THE TERRITORIES.

The St. Louis Republican has received intelligence from Washington, Territory, Oregon, Salt Lake and the plains, through Mr. Winnender, who has just returned from Puget's Sound, via Salt Lake and Independence.

Mr. Winthrop left the Oregon Dalles on the 2nd of September, and on his route met and passed a great many emigrants, with their families, stock, its estimates the number of persons at six thousand. There were generally getting along

fine wheat and other crops raised upon new and fresh broken lands.

The British Colony on Vanconver's Island was making but slow and doubtful pregross.

Mr. W. describes the Territory of Washington from Puget's Sound, across the Cascade Mountains, as a heavily timbered country, chiefly with the Oregon fir, which in some localities grows very large. There are scattered prairies and some drylarrens between the Sound and mountains, the latter covered with fine pebbles of trap rock, and seartly wooded with caks. Across the mountains, the latter covered with fine pebbles of trap rock, and seartly wooded with caks. Across the mountains, the latter covered with fine pebbles of trap rock, and search trap rock, and search trap rock and the property to secure the purchase money.

To the contrary:
Soon after the report of the case of the 29th Augt, which Out freely spoken of and investigated, a public fleeting was held, announcing excatted, and it is authority of two physicians, that, there had not been and there was not a single case of Yellow Feyer in Washington. Further, it was resolved, but it is information should be atfixed at all the Post-Offices and printed in the two Journals of the Farish.

And this was faithfully done. No doubt the intention of the few persons composing and attending that meeting reflect their sincere conviction in all the facts that were there advanced. Moreover, we inchine to believe in their eagerness to administer comfort and cheering news to the public mind. An hygienic method, a moral treatment, presertative, and conductive to health.

While these efforts speak favorably of the goodness of their hearts, they stand as recording agents of the improvidence of their mind. For this deduction became an imperative duty: If two physicians maintain that, there is not a case of Yellow Feyer in Washington.—Then two from two, leaves zero.

Esq. Baker, of New Canton, Ill, says.]
Mr. H. G. Farrell's Arabian Limiment has cured some bad cases here, which every other remedy had failed in; one was a white swelling and contracted cords in the leg of a boy twelve years old. The leg had withered away, and was so contracted that he had no use of it. Three doctors had tried their skill upon it in vain, and he was fast sinking to the grave, when the boy's father was induced to try H. G. Farrell's Arabian Liniment. Before the first bottle was used up he came into Mr. B.'s store, and the first words he said were, "Mr. Barker, I want all that Liniment you have in the store; the one bottle the first words he sale were, "Mr. Barker, I want all that Liniment you have in the store, the one bottle I got did my boy more good than all that had ever been done before." That boy is now well and hearty, and has free use of his legs. It is good for sprains, bruises, cuts, burns and swellings.

Being fully satisfied that H. G. Farrell's Arabian Liniment is the best medicine in the world, I cheerfully recommend it. I had been afflicted for 16 years with a most severe pain in my breast and shoulders, which was so bad that I could hardly do any work at all, and would often have to lie in bed for two weeks at a time with it. I used your liniment on it, and it cured me sound and well. I had, at the time of using your liniment; one of the worst coughs ever I had in my life; and it cured that too. I rubbed it in well over my breast and shoulders. It is also excellent for frost-bitten feet, sores, a swellings, sore throat, mange, erysipelas, &c.

The next being extinct, the Psesident and others were necessarily as Ligido. And it would have been well if they had there remained.

Or, as in the case of a simple individual, a consentation is often held; could not one have been obtained at this moment, when the welface of a whole community was elbowing a very greatenger. And if one could not be had, would it not have been more product to have given to the first announcement the benefit of the doubt! Was there as very great an improbability that Yellow Bever about appear in that splage. Where is their magic wand? Was thous at that meeting a man so practice, the dighest in position, who could aspire to that kind of intuitive perception of the inter-resp.

The source of our information was untile. For, if we have contended that a
