with renewed vigor the work already so far ac-complished to completion, Every facility will be given, on application at the office, to impart the information required to convince every one that the success of the road is assured as soon as the sum of \$675,000 is reached, either in subscriptions to the first mortgage bonds or to the stock of the company.

In order to place their securities within reach of all classes of our people, the company have issued scrip limited in amount to \$50,000, and maderecelvable either for stock when presented in sums of \$100, or for freight or passage on completion of the road. This scrip is divided into notes of \$50, \$20, \$10 and \$5, transferable by bearer, thus enabling all to aid this immeasurably important work, the success of which will largely redound to the interests of every man.
