CINCINNATI'S DUDE HIPPOPOTAMUS SNUB BED BY HIS BETROTHED.

He Confided to Her the Latest Wester News and Smiled a Three-Foot Smile-Miss Sturphy Tried to Bite Him-A Light Brenkfast of Forty Pounds of Hay with Bucketful of Turnips and one of Bran

Amid the roaring of lions, the howls of tigers and the bark of the coyotes. Caliph, the Cincinnati \$5,000 dude hippopotamus, arrived at Central Park yesterday afternoon.

Owing to his immense proportions he was placed in the large cage usually occupied by Miss Murphy," while she was compelled to occupy a smaller one adjoining.

Caliph spent the greater part of the night entertaining his betrothed with the latest Cincinnati gossip, and the two were on a most friendly footing until this morning, when Miss Murphy's tank was filled with water and Caliph was permitted to bathe his huge body in her bath. This usurpation of her rights angered Miss Murphy, and-sad

her rights angered Miss Murphy, and—sad to confess—she made great efforts to bite her sweetheart whenever he thrust his head above water for an affectionate kiss.

Luckily Miss Murphy cannot bite very hard, as after a siege of toothache last winter her keeper, George Williams, was compelled to pull out three of her teeth.

After a light breakfast, consisting of forty pounds of hay, a bucketful of turnips and a like quantity of bran, Caliph once more submerged himself in the water, raising his head occasionally to cast a three-foot smile at Miss Murphy, who received his addresses sulkily.

Mr. S. A. Stephens, the Superintendent of the Cincinnati Zoological Garden, who accompanied Caliph in his journey, ventured his opinion that Miss Murphy would be the boss when they were wed and that Caliph would have to bend to her will.

It will be another sad instance of woman's tyranny should this prove true, that Caliph notwithstanding his superiority in age and size, should be subjected to the dictation of his smaller helpmeet.

A large tank is being constructed in the inclosure formerly occupied by the elephants, in which the couple will disport themselves during the coming summer and throw water in each others faces, and behave generally like any other engaged pair at a seaside resort. The tank will measure \$9x30 and will

during the coming summer and throw water in each others faces, and behave generally like any other engaged pair at a seaside resort. The tank will measure 35x30 and will be brick lined to a depth of six feet.

An incident occurred during Caliph's arrival which, but for the timely intervention of Pete Shannon, might have resulted seriously. Insdescending the small bill leading from the Arsenal to Fifth avenue, a piece of stout joist was placed between the spokes of the hind wheels of the truck on which was placed the box containing the hippopotamus.

The weight of the animal proved too much for the joist to stand and it parted with a loud crack.

The heavily-loaded truck was forcing the horses down the hill, gaining additional impetus with each foot, when Shannon placed a block under the hind wheel.

The first attempt was unsuccessful, for the wheel glided easily over the obstruction, and the truck continued its downward career.

The second time, however, the block held, and the truck was brought to a standstill.

But for Shannon's timely interference Caliph might have made his entrance to the Park with more force than grace.

The ample Ann O'Delia, who still languishes in her dungeon, said to-day that she was preparing to go on the stand at Tuesday's examination. She will have Luther Colby and other of her Spiritualistic patrons there to testify in her behalf.

In the course of a boastful statement as to prominent people who attended her seances, Mme, Diss Debar mentioned the name of ex-Senator J. G. Boyd, her principal counsel. She said:

"Senator Boyd ofts: had sittings at my house and he knows of my power to produce spirit communications. He had such faith in me that he sent his iriends to test my wonderful power."

Dr. Lawrence and his son, on their release from the Tombs last evening, did not return to the Marsh mansion. The servant there said they were at their own home, 49 West Thirty-Grat street.

Mr. Hummel obtained an order from Judge Kilbreth to-day to take from Mr. Marsh's bouse eight of the alleged spirit pictures, to be produced at Tuesday's hearing.

Conner, who is a believer and practitioner in the cure of disease by prayer.

Mrs. James soon died, as also did the child.

Mr. James was away from home on business, and it spoears no physician or midwife, other than Mrs. Conner and snother woman scientist, were called until both woman and child were dead.

Dr. J. L. Coffin was then summoned, and after a hurried examination oalled in the District Medical Examiner, Dir. Durrell, who decided that an autopsy was necessary.

It is probable that Dr. Durrell will institute legal proceedings against Mrs. Conner and her assistant.

There is considerable excitement over the case, owing to the fact that a number of people have been under the treatment of the practitioners.

The interest attracted by the Police Captains' stories and those from prominent officials printed the THE EVENING WORLD was greater than anticipated, so arrangements have been made to begin a new series. These stories will be from the Fire Department, and will relate some incident in the lines of the Chiefs of that brave and honorable body of men. The series will begin on Monday next. The first is by Charles O. Shay, Chief of the Fire Department, and is entitled Fire Heroes; or, The Roll of Merit.

ROYAL THE ROAD

Life is full of mistakes.

Millions of people die because they don't know enough to live.
In some cases they are not responsible for this ignorance.
In others they are.
If you, Reader, don't PICK UP BETTER this Spring than you did last Spring, you will be Dead within a twelvemonth.
You can't possibly "pick up" if your blood is full of Uric Acid. This is the deadliest of poisons, and causes Apoplexy, Pneumonia, Consumption, Rheumatism, Bright's Disease, Convenience.

It produces all these effects in the system because the kidneys are inactive, and yet KID.

NEY DISEASE IS PAINLESS LOCALLY. It is only known by the effects it produces, by the Uric Acid, in other parts of the system. By and by you break down and are ALL GONE. The only way to remove this great threat to life is to restore the kidneys to healthy activity at once, and this you can only do by abundant, timely use—especially in the Spring of the year—of the only specific,

D. C. BURNS, BUFFALO, N. Y

In 1884 I was laid up with Inflammatery Rheumathum, prostrated from a week to ten days at first. My limbs were greatly swollen and I suffered pains so excruciating that it was impossible to sleep. I had the first attack in the fall and the second attack in the winter, and then the following spring had another. Each time it came on like a stroke of lightning. I would go home and be laid up in the morning. I went through the summer of 1885 all right, but the following fall, about September, I was again prostrated. I had been treated by the heat physicians; while obtaining temporary relief, there was no cure. Having taken 30 bottles of Warner's Safe Cure and Pills I felt completely well, better than I had in years. My physician said that he considered it one of the good proprietary medicines, and if it was helping me, to continue its use. In the spring of 1887 I had another attack and then took 30 bottles, while completely cured me, and I have not been troubled since.—(Lithographer with Cosack & Co.)

B. PRICE, M. D., HANOVER C. H., Va. In 1889 I was a great sufferer from Bright's Disease. In despair, I tried three proficient physicians, several sileged specifics and the celebrated waters, and still got no relief. I then used Warner's Safe Cure, and in a few months was entirely cured, never having had the elightest symptom of my old and fearful trouble. It is four years since I used Warner's Safe Cure, and I consider myself perfectly

I began four or five years ago to be very nervous and restless, unable to sleep. From the nervousness there came gradually a letting down of the entire system. I could not point to any specific disease, yet I was gradually going down bill, and the consciousness of this fact added to my nervousness. Dectors doing me no good, I began to me Warner's Safe Cure, and from that day to this (four years ago) I have never required the use of any medicine whatever, have been perfectly well ever since, and the effect of Warner's Safe Cure was decidedly permanent.—[MacNeale & Urban Safes.]

REV. J. P. ARNOLD, CAMDEN, TENN. In 1874 I was taken with an Aboess on the lower part of the abdomen. I had three M. D. 's to wait on me, but with very little benefit. In 1880 I had my third attack, in the early part of '80, and suffered—up tongue, can tell how much I endured, and I finally despaired of ever recovering. In March, 1880, I began Warner's Safe Cure and Warner's Bafe Pills. By July I was fully well, and now at this date I feel no effect of the disease.—[Aged 71; Baptist.]

JOHN COLEMAN, NEW HAVEN, CONN. In 1873 began to run down until I had Bright's disease. The best physicians give me up. I then began Warner's Safe Cure until myself and my family have taken about 200 bettles. For nearly a year I have not felt the need of any, and am able to attend to my business most of the time. I am now in my 51st year. I give Warner's Safe Cure the praise, and take every opportunity to tell the afflicted with Bright's Disease what Warner's Safe Cure has done for me.—[100 Gregory st.]

W. T. CRAWPORD, - RICHMOND, V. Several years ago was in the death agony from kinney disease, convulsions and Bright's disease. The best Philadelphia specialists in such diseases pronounced me practically dead and incurable.
