Commercial and Money Matters.

MONDAY, P. M.

The improvement in stocks was checked to-day by the freedom with which they were offered, and although the operations were to considerable extent, yet with the exception of State stocks, the market closed with a downward tendency. Delaware and Hudson declined 1 per cent; L. Island 1½; Harlem ½; Mohawk 2½; Paterson 1; Canton ½; Mechanics Bank improved 1.

For State Stocks the rates were firm generally. State sixes improved ¼ per cent; Fives and a half 2 per cent; Ohio sixes 1; Illinois bonds ½; Indiana bonds 1. The fancies closed heavy. The sales reached about $60,000.

There is a fair business doing in sterling at 9 a 7½ for leading bills. Francs are a little worse, the quotations to-day being 5 87½.

A rather improved demand for Treasury notes to-day has put the rates at ½ a ¾ per cent discount.

There has been a better business doing to-day in inland bills, and on some points a tendency to improve. We quote,

The American Exchange Bank has declared a dividend of two and a half per cent for the last six months.

A small sale of Government sixes were made at Boston on Saturday at 99¾. Western Railroad shares sold at 70; Boston & Providence 91¼.

At Detroit exchange on New York was 1½ per cent prem. for Michigan Insurance Co., Farmers & Mechanics and Bank St. Clair notes. The banks were discounting nothing but short drafts on the East drawn against produce shipments.

Hon. James Clark, Bank Commissioner, reports in respect to the condition of the Farmers Bank of Amherst, N. H., that—"There are no stock notes; no liabilities of the Directors; every one of the securities is esteemed undoubtedly good, and ten thousand dollars of reserved profits to meet the exigencies."

At Philadelphia money is easier. The rates range from 9 to 15 per cent. A sale of $10,000 was made on Saturday at 8 per annum. Stocks also exhibited considerable improvement, especially State fives. Sales were made at 45.

Thirty-eight of the fifty banks of Pennsylvania have recently made returns to the Auditor General, by which it appears that they have a demand circulation of $4,420,000, to meet which they have in gold and silver $2,057,000 Treasury notes, $200,000 notes and checks on other banks, $1,537,000. Total $4,053,000—leaving an excess of circulation of only $367,000. The other twelve banks did not make returns; but taking the statements of November the result of the whole fifty is as follows:—

Demand circulation.....		$6,670,000
Specie and Treasury notes.....	$3,700,000	
Notes of other banks.....	2,271,000	5,971,000
Excess circulation.....		299,000

Since November, however, the circulation of the last named banks has no doubt been reduced, and the specie funds increased. In this calculation the United States Bank is included.

[Reported for The Tribune.]

BEEF.—The market was the dullest that has been for some time, and prices declined full 50 cents per 100 lbs.—There were in market 150 head left over from last week and 300 received since. Of the fresh cattle 97 were from this State, and the remainder from the South; a large proportion from Ohio. The medium qualities brought $5 a $6 50 per 100 lbs; the poorest $4, and the best $7. There were none extra good. 250 were left unsold.

Sears's Bible Biography.—We heartily commend this new forthcoming work, advertised in another column, as a very valuable, cheap and convenient book to aid the parent and teacher or student in explaining and interesting the young especially, in the study of the Holy Scriptures. Those particularly who are engaged in the instruction of Sabbath Schools and Bible Classes will soon find it one of the books that they must have. May the publisher supply the land with many ten thousands.

This beautiful book will consist of one large volume of about 500 pages, printed from new and elegant type on the finest paper. We have seen a specimen of the engravings, of which the work is to contain more than five hundred. They are executed by the first American artists after pictures of the most celebrated painters.
