## JERSEY CITY WIVES BUNCOED.

SENT TO NEW-YORK IN A HURRY BY NEWS THAT THEIR HUSBANDS WERE INJURED.

An unknown negro worked a heartless bunco rame on several women living in Jersey City ights, yesterday, securing about \$30. Having arned the business of several citizens of the Heights who work in New-York he reported to their wives that they had been seriously injured in accidents here, and in each instance he collected from \$1 to \$5 as messenger fees. About 4 o'clock yesterday afternoon a cab

dashed up to Bellevue Hospital and two hysterical City Heights, and the other her daughter. Mrs. Clair could hardly calm herself sufficiently to inquire how her husband was, as she plaintively begged for information. The negro had told her that her husband had been fatally injured by a Washington, Feb. 18.—The Senate Committee on While the women were explaining, a second cab

drove up at a mad pace, and a third woman, pale and in tears, was assisted into the reception-room. Between her sobs she asked for her husband, G. R. Russell, of No. 34 clendenning at., Jersey City Heights, who she said was the chief train dispatcher of the Third Avenue Elevated Raifroad, at Chatham Square. He had been one of the "fatally injured in an awful wreck," according to the negro's tale.

The women were told that they had been misinformed, and one, with a cry of "Thank God" dropped fainting into a chair. Mrs. Gray, of Madison-ave., Jersey City, whose husband is a collector for the firm of Colgate & Co., of No. 55 Johnst., and William B. Nason, a clerk, who refused to give his address, were among half a dozen other victims who called. All live in Jersey City Heights, and had paid the negro sums of money ranging from \$1 to \$5.

The colored man is described as twenty-one years old, with long black hair, and weating a black overcoat. He was a glib talker, and so plausible did his story seem that the anxious relatives lost no time in asking questions, but paid his fee and hurried to New-York. Threats to lynch the man if he was caught were freely made in Jersey City

## LAWLESSNESS IN ALASKA.

AUTHORITIES POWERLESS, SAYS GOV-ERNOR BRADY.

THE GOVERNMENT JUSTIFIED IN SENDING MORE TROOPS NORTH - SERIOUS CONDITION OF

THINGS AT SKAGUAY AND DYEA. Washington, Feb. 18.-Secretary Bliss is in receipt of a letter, dated February 3, from Governor John G. Brady of Alaska, descriptive of the law-less condition of affairs at Skaguay and Dyea. It | solvents. was referred to at the Cabinet meeting to-day when Alaskan affairs were under discussion, and was considered sufficient justification by the members for the dispatch of the additional military force already authorized to be sent to Alaskan territory. The following is a copy of the letter:

force already authorized to be sent to Alaskan territory. The following is a copy of the letter:

News from Skuaguay by the steamboat now in port is serious. The United States Deputy Marshal has been shot dead in discharge of his duty. Another man was killed at the same time and at the same place. Recently the steamers have been carrying great lists of passengers. Many of these are gamblers, thugs and lewd women from the worst quarters of the cities of the Coast. They have taken in the situation at Skaguay and Dyea, and appear to have combined to carry things with a high hand. The best people at these places are powerless, because they have no municipal forms of government. The United States Marshal is powerless, because he can appoint only a few deputies, and when they undertake to act they are singled out as targets by this ruffiantly element. One of this class was tried in the United States District Court last December for the killing of United States Deputy Marshal Watt in January, 187, and was acquitted by the jury in the face of positive testimony. In fact, these influences seem to be joined hand-in-hand, and will surely go unpunished unless the Government takes immediate action and provides the necessary force at Skaguay, Dyea and other points. Congress should grant immediate relief, so that both naval and military officers can act when requested by the civil authorities. The United States Marshal should have a patrol versel at his command, with necessary

# ness, and this tends to bring the crowds sooner than they were expected. FOR A MONUMENT TO LAFAYETTE.

MOVEMENT TO ERECT AND DEDICATE ONE A'

ngton, Feb. 18.-A movement has been set on foot to have the United States erect a monu-ment to General Lafayette in the city of Paris, to be dedicated at the time of the Paris Exposition. The projector of the movement is Robert Thompson, who has been assured by the French Govern ment unofficially, through M. Picard, that ground for the monument can be secured through the mu nicipality of Paris in case it is deemed inadvisable to erect it over the grave of Lafayette, which is now obscure and almost unmarked. President McKinley and Assistant Secretary Day, Mr. Thompson says have shown much interest in the matter, been brought officially to the attention of Congress through resolutions offered in both houses. A resomakes "provision for a Commission to supervise the United States, for the purpose of erecting a monument to General Lafayette in the city of France, the same to be presented to the Government of France and unveiled and dedicated on the fourth day of July, in the year 1900."

The Commission is to consist of the President of the United States, as ex-officio president of said Commission, and the Governors of the various States and Territories, as ex-officio vice-presidents of the Commission. The President is authorized to appoint an active commission of five members, con-sisting of a president, secretary-superintendent, treasurer and two others, who shall arrange plans and personally direct the collection and expenditure of all money, the selection of a site and the plans and building of said monument.

He caught an ice-covered pile as he came to the surface, but the chill was so great that he soon sank. His two brothers called for heip, and several boatmen tried to rescue the lad, but in vain. Albany, Feb. 18 (Special).-There was considerable talk in the Legislature to-day about the conference in Governor Black's room at the Capitol last night on the primery reform bills. Senator Pavey departed for New-York early in the morning to communicate to Elihu Root and others engaged in framing a primary bill the views of Governor Black and of other members of the Legislature on the subject.

It was announced by those who attended the conference that before next Tuesday it was hoped to come to an agreement with Mr. Root and his associates on a bill. Senator Lexow, in the mean tims, was requested to put into legal form the measure outlined at last night's conference.

naries were not to be included in the bill, Senator "Because in rural districts personal registration

Mr. Marshall, of Kings, took a hand in the primary matter to-day by introducing a bill which he believes embodies the best features of the measures now in. His bill is brief, and demands that enrolments shall be made on June 5 and 7 of each year, and that primaries shall be held on June 15. There is to be no secret ballot, and all parties are to hold conventions on the same day. The rolls of local conventions are to be made up by local officers, and those of State conventions by State committees.
