## TRADE IN CHICAGO.

[BY TELEGRAPH TO THE TRIBUNE.] Chicago, May 29 .- May wheat here closed at 75c, with no evidence of remaining manipulation. To-night's close was 2c under Thursday. July sold at night's close was 2c and closed at 73%c sellers. Sep-73%c and at 73%c, and closed at 73%c sellers. Sep-tember closed at 70%c. There was some firmness early on excessive rains in the Southwest. The market was at all times dull, most of the trade inclined to even up over the approaching triple holiday. The English markets were slightly lower; Peris was 1c to 2c off. Argentine shipments were 1,840,000 bushels. Clearances for the week from this side were 4,871,000 bushels. "The Modern Miller" was bullish, declaring improvement in one section offset by losses in another. The specu lative trade, however, was quiet. Cables said the eat crop in the German Empire was 72 per cent and the rye 74, the market being kept uncertain by railroad strike possibility. Crop condition Northwest are reported high. The speculators here as a class are somewhat incredulous of the crop complaints the Southwest is sending. The seaboard reported 29 loads sold to Lisbon. Millers here are paying %c to 1c over May for No. 1

exceptional rains through Kansas, Texas, Oklahoma and Missouri opened corn higher, and kept it strong for an hour. On the advance there was free selling of September by the provision bull interest, and the market lost about all its advance. The close was 1/3c lower to 1/4c higher than Thursday. July sold at 45%c and at 45%c, and closed at 45%c. May closed at 45%c and September On all the advances of late the liberal receipts-402 cars, with 565 for Saturday. The cash market was 1/4c higher. Country offerings were The Eastern demand was fair, about 200,000 bushels. Argentine shipped 1.212,000 bushels. Corn clearances were 203,000 bushels to-day and 1,179,000 bushels for the week. The bull party is headed now by Bartlett-Frazier interests, with local professionals quite generally believers in the late season. seaboard reported 2 loads.

The rains were considered as favorable for cats and as unfavorable for corn. The oats market closed the higher to 1c lower; the May off the most. It closed at 34%c; July at 3ic, and September, 31%c. There was no sign of manipulation left. On the other hand there seemed to be an overbought May market. Receipts were 217 cars, the estimate for Saturday, 260. Cash oats were 1/2c lower. Eastern

Shorts in May pork were paying Cudahy \$19 05 to settle contract. About 5,000 barrels were openly traded in, and probably more outside of the market. The provision market generally was irregular, perk and lard easier, ribs steady. There were 19,000 hogs, with prices unchanged. The estimate for next week 145,090. Another of the independent packing concerns, the Continental Packing Company, has been swallowed up by the big combine. This eliminating of the independent houses tends
