M'CARREN TO RETIRE.

#### Senator to Quit the Turf and Sell His Stable.

Senator Patrick H. McCarren, the Democratic representative in the State Senate from the sugar refinery district of Williamsburg, announced his intention yesterday at the Sheepshead Bay racetrack of retiring from the turf. Subsequent to the Senator's announcement it was given out that his entire stable, consisting of about twelve horses, would be sold at auction next Saturday in the sales paddock at Sheepshead Bay.

A few days ago the Senator's filly, Ocean Tide, ran in the Great Fillies Stake, worth about \$20,000, and, although it seemed to a great majority of the given to August Belmont's Octogon filly Beldame. It was said at the time that Senator McCarren was keenly disappointed, and that he did not think the judges had placed the runners correctly. It was also intimated at this time that the decision of the judges meant a loss to him, including the value of the stake, of \$100,000.

When it became known yesterday that he was to retire, the reason for it was assigned to the defeat of Ocean Tide. The Senator, however, was quick to deny this report, and said emphatically that the result of that race had nothing whatever to do with his retirement. "Other men," he said, "have retired. Why shouldn't I? My business, anyway, demands more of my time."

Senator McCarren has been racing on the Eastern turf for a number of years, and has won some valuable stakes. He has in Ocean Tide one of the best filles of the year. This spring she won the Astoria, an owners' sweepstakes, and has been one of the most consistent two-year-olds of the season. The politician is one of the principal owners of the new racing plant at Jamaica. Some of the horses to be sold on Saturday are Brooklyn. Mackey Dwyer, Tower, Ocean Tide, Equity and Miss McKenna. It was said at the time that Senator McCarren left standing the wrong way of the track when the barrier went up.

The heavy headed, sluggish old rogue Carbuncle, who has a habit of fooling the students at costly intervals, was in one of his whimsical moods yesterday, and, meeting Lord Badge, Moon Dalsy, Himself and a couple of others, at about even weights in a handicap at a mile and a quarter, he took their measure in a hurry-up finish from the sixteenth pole, where he caught both Lord Badge and Moon Daisy. The Follansbee filly gave way to Goldbell in the last few jumps and was beaten out for third place.

Hicks rode a very pretty race on Conundrum in the usual affair for the platers, at a mile and a sixteenth on the turf, and, picking his way carefully through his field, kent the gelding going long enough to best Ernest Parham a very short head. Tribes Hill was third.

WELSH BUYS HURSTBOURNE.

A sale of racehorses in training was held in the paddock at Sheepshead Bay yesterday. The con- ning. The score: nts were from the stables of J. Fleishmann the Hurricana Stud and other owners. High prices prevailed. Hurstbourne, a three-year-old brown colt by Indio-Flora Hurst, was knocked down to "Tom" Welsh for \$9,600, the top price of the day. C. Henshell bought the two-year-old colt Long Shot, by Indio-Stray Shot, for \$5,100. The other sales of \$1,000 or over were:

Nine yachts of the raceabout class and five of the 15-foot one design type sailed an interesting race on the Sound yesterday, off Oyster Bay, in the first of the three day series of the Seawanhaka Corinthian Yacht Club.

The race was sailed in a fresh breeze from the southward, which put the little boats' lee rails

Gybing there, they had a reach of two and one-quarter miles east-one-half-north, then two and one-half miles of windward work to the finish. The raceabouts sailed the course twice, the 15-footers once.

The Rascal, owned by S. C. Hopkins, sailed a close race with T. B. Bleeker's Jolly Roger, beating her by 51 seconds and winning in the raceabout class. Coigate Hoyt's Cayenne won in the 15-foot class. The summary follows:

## WINS CHARTER OAK.

### E. E. Smathers's Billy Buck Wins Another Rich Stake.

Hartford, Conn., Sept. 10.—Some royal racing was seen at Charter Oak Park to-day by the ten thousand people in attendance. It was all confined, however, to the Charter Oak Stake, in which there vas a field of twelve horses. Billy Buck, owned by E. E. Smathers, took the race in straight heats. But each heat was a race, the battle never waned and Smathers's bay gelding was compelled to use every inch of speed he possessed to accomplish what he did. Walnut Hall and Hawthorne pushed him so hard that whipping finishes characterized every heat, the leaders being neck and neck as they passed under the wire. In each heat the first horse received \$1,500 and the second \$500. The remaining \$4,000 was then divided according to the summary at the end of the third heat, \$2,000 going to the first horse, \$900 to the second, \$600 to the third and \$500 to the fourth. The final division therefore was: Billy Buck, \$6,500; Walnut Hall, \$1,900; Hawthorne, \$1,100, and Swift, \$500.

In the first heat Walnut Hall had the pole and he held the lead all the way round. In the stretch Billy Buck, which was trailing closely, let out a kink, and for the last 100 yards the horses raced neck and neck. As they passed under the wire the finish was so close that none could name the win-ner, although a goodly number were of the opinion that it was either Walnut Hall's race or a tie. The decision of the judges, however, was different, and did not meet with general favor. In the next heat the same two horses fought it

out, Billy Buck having the advantage of the pole and winning by half a length in an exciting finish. When the horses lined up for the final heat there was so much jockeying that every driver was threatened with a fine of \$100 before they got away. From the word it was a fight between Hawthorne and the favorite. Billy Buck was headed twice, being in third place at the half, but Geers demonstrated his generalship by avoiding pockets, so that when the stretch was reached he was in a position to fight it out with Hawthorne and Swift, which were leading. As the wire was being reached whips were wielded with a vengeance and the spectators were on their feet, yell, ing vociferously for their favorites. At the distance final dash Billy Buck made another rally and swept under the wire a winner by a nose. His time in the first heat of the race is the record for the Charter Oak Stake, 2:07%.

To-morrow Dan Patch will go a mile against his record of 1:59, but owing to the weather and track conditions it is not believed he can even equal it. The results:

# GOLF.

#### Livingston Beaten by Hollins at Westbrook Tourney.

Still in pairs, but with medal play giving place to more aggressive match play, the competitors in the Westbrook Golf Club's tournament yesterday carried things to the semi-final round. This morning H. B. Hollins, jr., the Harvard undergraduate and the hope of the Westbrook club, will be paired with R. D. Bokum, fr., of the Glen View Golf Club, of Chicago, while E. S. Knapp, another Westbrook golfer, will meet E. C. Sawyer, of the Midland Club, of Garden City. Both matches promise good golf.

Hollins, while not given to overmuch practice, is a natural adept at the game, and his work yester. day showed that his mastery of it would follow any kind of persistent training. In the forenoon he de-feated F. C. Jennings, his clubmate, by 4 up and 3 to play, and later he won a well earned victory over Louis Livingston, jr., the former captain of the Fox Hills team. The latter match was full of good points. Starting out Livingston captured the first hole, 430 yards, in one less than bogie, and at by taking the eighth and ninth, so that at the turn the score was all even.
On the last half of the journey Livingston was

again 1 up at the fifteenth, but he lost the next by driving out of bounds, and the two last by equally unfortunate plays, so that Hollins won by 2 up. The cards: L. Livingston, fr.:

7 4 5 2 4 6 4 4 5-41-51 Knapp gained his place in the semi-finals by his usual consistent form, beating W. J. Hyds, of Bayshore, in the first round by 5 up and 4 to play, and D. MacKellar, of the Midland Chib, in the second by 4 up and 2 to play. MacKellar is a youngster of about fourteen, who plays with the deliberation of a Bramston, and whose work gives promise of strong development in the near future.

Knapp, who knows the Westbrook links like a book, could only gain a lead of I up on the out-ward trip, and, though he was never in danger, his opponent gave him a smart fight. The cards: E. S. Knapp: D. MacKellar:

Sawyer, the other Midland player, was more fortunate in his draw, for he was favored by having to meet G. E. Watson in the forenoon and J. S. Brown, of Bellport, in the afternoon. Netther man gave him a fight. Watson was smothered by a score of 9 up and 7 to play, and Brown lost by 4 up and 2 to play. The cards of the latter match were:

Bokum, the fourth survivor for the semi-finals, created some surprise by his defeat of Mallouf, the young Syrian golfer, now at Cornell, who lest by 3 up and 2 to play. In the afternoon Bokum continued his winning ways by beating Chrisholm Beach, of the Point Judith Club, by 2 up.

The semi-finals will be decided this mornining at eighteen holes, and in the afternoon there will be a best ball foursome at scratch, in which competitors may choose partners. On Saturday, in addition to the finals, there will be an all day handicap.

### COLUMBIA WHEEL FOR NEXT YEAR.

The new model of the Columbia bicycle for next year will be ready in about six weeks. Although this season was considered an off year in the cycling line, the Pope Manufacturing Company has done a flourishing business. The sale of the Columbia motor bicycle has also been encouraging. The

bla motor bicycle has also been encouraging. The capabilities of the motor machine were shown in Saturday's four hour motor race at Manhattan. Beach. Had N. T. Bernard taxed the machine a little more the result of the race might have been different. As it was, he got third place.

Mr. Mason, of the Pope Manufacturing Company, had just returned from the factory when a reporter of The Tribune called at the salesroom in Warrenst, yesterday. Asked if there would be changes in the 1994 model, he said that there would be enough to please the most enthusfastic who are looking for the latest style of wheel.
