

SYBARITA'S FAST RUN. LEADS CRUISING FLEET.

Mineola Defeats Yankee in N. Y. Y. C. Sail from Morris Cove.

(BY TELEGRAPH TO THE TRIBUNE.) New-London, Conn., Aug. 12.—Favored by another fair wind from the southwest, the forty-three yachts composing the New-York Yacht Club's cruising fleet made a fast run of thirty-nine miles to-day from Morris Cove to this port, where they will lie at anchor over Sunday.

W. Gould Brokaw's 90-foot yawl Sybarita made the fastest time over the course. It was 2 hours 51 minutes 50 seconds, or at the rate of 11.93 knots an hour for the distance. W. Ross Proctor's Mineola defeated the Yankee to-day by 4 minutes 55 seconds, but the winner in the class was Henry F. Lippitt's Westmore, which defeated the Mineola in corrected time, by a margin of 5 minutes 25 seconds. Some good racing was done by the thirty-footers. Races of own started, and all finished, the Mix, owned by Howard Willett, leading the way, and defeating the Nautilus by 1 minute 29 seconds. The Mix won in Class M, beating the Pelican by 2 minutes 55 seconds. In Class K of yachts there was a great fight on between those old rivals, the Shark and the Humma, owned by the Harvard men, but they were both beaten by the Doris, a new Herreshoff boat from Boston, which outsailed the Iroquois by 5 minutes 29 seconds. The Humma won from the Shark by 10 minutes 41 seconds.

Robert Oliphant's little schooner, Venona, sailed July 29, won in Class E, defeating the Agate by 16 minutes 22 seconds. J. R. Ford's Katrina showed great speed on the reach and run, for she covered the course in 3 hours 52 minutes 15 seconds, which is only 5 minutes 9 seconds slower than the Yankee's time. Arthur T. Luke's 90-foot schooner Corona won from the Laska and the Elmira, defeating the latter by 1 minute 19 seconds. The schooner Venador beat the Cachalot by 7 minutes 58 seconds, and in the auxiliary class the "big four"—the Idler, Intrepid, Ariadne and Vergemere—sailed a great race, the last named winning from the Intrepid by 5 minutes 45 seconds.

THE START AT MORRIS COVE.

With a light breeze from the southwest the start from Morris Cove was made promptly at the time scheduled—10 o'clock—the "thirties" being sent away first. They crossed the line between the committee boat and the Brookway light in this order: Oriole, Mix, Atlatl, Linnit, Adelaide, Nautilus, Dahinda, Noala, Alers, Iris and Caramia. At 10:10 the sloops Mira, Iroquois, Pellegriani, Lidia Louise, Thantom, Doris, Humma and Shark were sent away. These all went on the one gun start. Now came the "seventies," the Westmore and the big yawl Sybarita, on the handicap time system, being allowed two minutes to cross the line. It was a reach, with the wind abeam, to Falkner's Island and a broad reach from there to Bartlett's Reef.

J. Rogers Maxwell, the owner of the Yankee, made the best start. Captain Barr, of the Mineola, tried to get the weather berth, but Maxwell ran the Yankee parallel to the line until there was no room for Barr to get through with the Mineola, and then kept her off, passing close to the stern of the committee boat. The official starting times of the leaders were:

Table with 3 columns: Yacht Name, H.M.S. Yacht, H.M.S. Time. Includes Sybarita (10:20:41), Mineola (10:20:54), etc.

At 12:45 the order of the yachts, as taken from the press tug Catherine Moran, was: The yawl Sybarita leading, just passing Plum Gut light, and with a mile of the Long Island Sound, she was in the lead. The schooner "Venona," with the Elmira on her lee quarter, followed, and she was leading the Yankee by at least a mile. Then came the sloops Westmore, the Shark and the Humma in a luffing match; the Westmore, the schooner Vergemere, Intrepid and Ariadne, the schooner Katrina, with forestay down and a big mainmast stay pulling her along; the Iroquois and the Latona.

Cornfield Lightship was passed, and they were making fast time for the next mark—Bartlett's Reef Lightship—for the wind had hauled to the westward and all hands were now carrying spinnakers.

FINISH IN A SQUALL.

A big black squall struck the fleet soon after, but although it rained for a time, the fresh breeze helped them along to the finish, off Bartlett's ledge. The Sybarita crossed the finish line first at 1:45:05. The steam yacht Katrina led a blade of her propeller off Sackheim's Head. She was towed to New-London by the committee tug.

New-London Harbor shelters at least two hundred yachts to-night. There is a reception on shore and also on the flagship to-night, with fireworks, and the fleet is illuminated. When the fleet of the New-York Yacht Club leaves Newport on Thursday of next week for the eastward there will be four days of racing off Newport for the new 30-footer class of the club, to be given under the auspices of the Newport Yacht Racing Association, for which two cups will be offered each day. Two of the races will be outside and two in the bay, and it is expected that there will be ten boats to compete. Woodbury Kane, C. L. F. Robinson and Max Agassiz were appointed a committee to conduct the races, and the programme will be announced in a day or two.

It is said to-night that Charles Lane Poor's sloop Mira, whose corrected time is 4 hours 11 minutes 48 seconds may be the winner of the Rear Commodore's Cup, and also that the Venona, whose corrected time is 3 hours 45 minutes, may be the winner of the schooner cup.

It was learned from a reliable source to-night that E. A. Boardman and Dr. John L. Bremer, of Boston, the owners of the sloop Manchester, the winner of the Seawanhauk Cup, have challenged W. H. Childs, the owner of the sloop More Trouble, of the Bensonhurst Yacht Club, to race on a date and at a place to be decided. The More Trouble was designed by C. D. Mower, of New-York. She is this year's champion in her class on Gravesend Bay. Her rating is about 38, while that of the Manchester is 21.61. The latter can be transported by rail, but the More Trouble would have to sail to Eastern waters if the race is to be sailed there.

FLEE FROM TYPHOID.

Notable Exodus from Affected Districts in Brooklyn. While only one new case of typhoid fever was reported in the Bay Ridge district of Brooklyn yesterday, Captain Francis Creamer, of the Fort Hamilton police station, decided to take extraordinary precautions to prevent the continuance of the epidemic around Fort Hamilton and Bath Beach.

Instructions were given to the police to arrest bathers near the big sewer openings on the beach along the Shore Road and at the foot of 15th-ave., Bath Beach. This resulted in the taking of four men who were about to bathe on the city beach, near the opening of the 92d-st. sewer. The men were held on a charge of bathing on park property. Captain Creamer said last night that he would prevent bathing from the various beaches in his precinct, where, it is believed, the typhoid fever cases originated.

At Bath Beach the effect of the typhoid epidemic has been felt by nearly all of the summer hotel proprietors. It was said last night that at least fifty guests had left each of the four big hotels in the last few days, while last night the exodus of summer boarders was greater than on any preceding day in August.

Dr. C. H. Mayne, of Bay 17th-st., who has several cases of typhoid fever under his care, at first denied that the epidemic was anything unusual, but he finally admitted that the spread of disease is causing much nervousness among the local doctors. He advised the persons living in Bath Beach to avoid bathing and to be particular to drink only boiled water.

The Norwegian Hospital, in South Brooklyn, received another typhoid fever patient last night, making the total number of cases there at present forty-three. So widespread has been the epidemic in Brooklyn, that a big exodus from the Bay Ridge and Bath Beach districts yesterday, which were designed to alleviate the fear of those who were now taking every precaution against typhoid fever.

It was said that the publication of the Health Department statistics, which show forty-nine cases of typhoid fever in the Bath Beach and Bay Ridge districts, has caused a big exodus among the real estate brokers, as well as bathing house proprietors. No deaths were reported in the infected districts yesterday.

DEMAND CHEAPER GAS.

Petition Before Commission—Senator Page to Fight for It. Senator Alfred R. Page said yesterday that he had forwarded the State Commission of Gas and Electricity a complaint, signed by 100 consumers, demanding a reduction in the price of gas that they did not get by reason of the failure of the passage of the gas bill last winter.

"When I introduced the original resolution," said Senator Page, "I did so in the hope and expectation that the people of this city would have cheaper gas, and I propose to continue the fight till that result is attained." The complaint says, in part: "That the price charged for illuminating gas by the company is a through-out rate, which is excessive and unreasonable, and that a joint committee of the Senate and Assembly reported to the legislature that the price of gas sold in the boroughs of Manhattan and Brooklyn and in that part of the Borough of the Bronx was the highest in the State."

That a bill was introduced in accordance with their recommendation, passed the Assembly and failed to pass the Senate by one vote. Wherefore the complainants pray that the maximum price at which the said company may charge for gas furnished to its customers in the city of New-York be fixed at a maximum of 35 cents per 1,000 cubic feet.

ACQUITTED OF TIMBER FRAUD.

Jury in Favor of R. M. Cobban—Prosecutor Ready to Try Other Charges. (BY TELEGRAPH TO THE TRIBUNE.) Helena, Mont., Aug. 12.—After a trial lasting more than three weeks the jury in the case of the United States against R. M. Cobban, charged with perjury in connection with the Western Montana timber land case, returned a verdict of not guilty. E. A. Maynard, special prosecutor, immediately announced that the government was ready to try Cobban on any one of the ten other similar charges against him. Cobban is one of seventy-five persons indicted on the charge of defrauding the government out of nearly two hundred quarter sections of land.

The government charged that Cobban induced the claimants to take up the lands and turn them over to him, and that he afterwards transferred them to Senator W. A. Clark, whose alleged agent he was. Cobban is a citizen of Montana, but his case has been held to be an innocent purchase. This case has been appealed to the Supreme Court of the United States. Judge Hunt will announce his decision in the other cases on Tuesday.
