INDIANS OFF TO A FLYING START

Ten Thousand Fans See the Baseball Lid Lifted in Newark.

THE MAYOR PITCHES OUT THE FIRST BALL

International League Champions Bunch Hits in the Seventh and Eighth Innings.

Encouraged by the glamour of opening day frills and the shouts of a large home crowd, the Newark Indians, champions of the International League, began the season with a victory over Rochester at Newark yesterday by a score of 4 to 2. Mayor Jacob Haussling pitched the first ball, and a gathering of 10,000 fans looked on and showed keen enthusiasm.

The game resolved itself into a pitchers battle for seven innings between Johnny Enzmann, the Williamsburg youth, and "Long Tom" Hughes, the veteran. The latter was the first to give way when the Indians fell upon him for two runs in the seventh and eighth innings. They needed them, too, for Enzmann became a trifle rattled in the ninth and was touched up for two counts. Only a brilliant running catch by Billy Zimmerman in the ninth inning with a man on base retired the side, and perhaps saved the day.

Newark outhit Rochester, but it was not until the seventh that the Indians did any concerted batting. Schultz, the Rochester third baseman, made the first hit of the season, bounding a grounder off Enzmann's glove. Newark didn't get a safe drive until the fifth, when Billy Zimmerman dropped a Texas Leaguer in left field, but was left. Rochester was cut off by a return to the plate on an attempted steal in the fourth, when the visitors had a chance to score.

Newark broke the ice in the seventh. Smith dropped Collins's fly, falling down after a hard run in left field, and the batter got two bases. He tallied on a triple to centre by Meyers, and the last named raced home on Zimmerman's single to left.

To this the Indians added two more in the eighth frame. Getz singled, was forced by Heckinger, and then Enzmann singled. Tolley hit to right, scoring Heckinger, and Mowe's safe bunt filled the sacks. Enzmann scored on a sacrifice fly by Collins.

McCloskey, batting for Hughes, got a life for Rochester on Mowe's high throw to first. McMillan singled to right and McCloskey perched on third. Breen went out, but Barrows singled and McCloskey came home. McMillan then crossed the rubber on Priest's fly to centre.

STAGE LIFE SUITS MORAN

Boxer Who Is to Meet Jack Johnson Back from Tour.

Frank Moran, who will meet Jack Johnson in a twenty-round bout for the heavyweight championship of the world in Paris on June 28, arrived in this city last night. Moran has been on a tour through the middle West, elevating the stage. He admits that he has several shades on Forbes Robertson, and stated in confidence that in every city he simply "knocked them off their seats." Moran will sail for that dear Paris on Saturday, if he can secure passage.

Ike Dorgan, who managed the trip for Moran, said that the boxing enthusiasts treated Moran royally. In every town he received many messages of good luck and hopes for victory in his coming match with the big negro champion. Incidentally, Dorgan declared that they had cleared up a tidy sum of money on the tour.

Moran met all comers in short bouts, and in several cities there were big fellows who sought to leap into prominence in a minute. In Detroit he encountered two big sailors, who tried their best to beat him to a pulp. Moran had to box his best to keep out of trouble.

There is not likely to be any hitch in the proposed bout between Georges Carpentier, the heavyweight champion of Europe, and "Gunboat" Smith, of this country. Jim Buckley said yesterday that he would gladly sign the articles of agreement when he received them. Buckley declared in ringing terms that he would box the foreign champion for any amount of money in the world. Buckley will arrive in this city some time to-morrow.

Harry Pierce and "Young" McGowan will box ten rounds at the Vanderbilt Athletic Club to-night.

Giants to See Wild West.

The New York Giants will attend the performance of the 101 Ranch Wild West Show at Madison Square Garden to-night. Chief Meyers will be the guest of Chiefs Iron Tail, Eagle Shirt, Black Fox and Charley Yellow Boy.

WHY SOME MEN OCCASIONALLY PREFER THE CLUB

N. Y. A. C. MAY HOLD GOLF MATCH EARLY

Club Tournament Probably Will Be Held in June, Instead of Fall.

In all probability the next golf championship of the New York Athletic Club will be held in June instead of in the fall, as has been the case in the past. One reason for preferring an early date is that the club's golfers may better be able to make their plans for future tournaments. It is also contended that they will have more time to devote to the game in the early summer than in the fall.

The club's tournament arrangements have been left in the hands of the golf committee, which is subsidiary to the athletic committee. This golf body consists of James G. Batterson, chairman; Theodore Cassebeer, James D. Foot, William F. Murphy and A. H. Pogson.

In all probability the tournament will be run off at Fox Hills, the same as in former years. Should a week in June be selected a conflict with some other tournament in this district will be inevitable.

Among those who play regularly over the links of the Country Club of Lakewood these days are several of the prominent polo players now practising there. The Lakewood course, by the way, has wintered well and is now rapidly getting into condition for tournament golf. In the last week-end handicap Arden M. Robbins, of this city, played in his best form, winning the first prize with a card of 76—7—69.

The fourth hole at Lakewood will be more of a test of golf than ever, for the reason that the green has been severely trapped. In future nothing except a straight drive will make it necessary for the player to reach the green with a pitch, instead of the run-up approach.

There is still a narrow opening immediately in front of the green, and for the person who gets an absolutely straight drive it will be possible to get home with a comparatively simple run-up shot. The putting greens are reported to be nearly at their best now, while throughout the fairways heavy rollers have been eliminating the bad lies for several days past.

Word has been received from John J. McDermott, former national open golf champion, to the effect that he is still undecided as to whether or not he will go abroad this spring. The Atlantic City homebred has completely regained his health and is keen for another try. He said yesterday that if he could possibly arrange his plans he would cross the water in the near future.

McDermott, who is playing as well as ever, turned his home course at Atlantic City in 71 yesterday, despite a strong wind. His drives are long and straight, with less of the troublesome hook at the end.

Greenberg Captures Winton Run

Murray Greenberg, late of the Glencoe Athletic Club, won easily from a large field in the weekly four-mile run of the Winton Athletic Club, in Jersey City, last night. He won by more than 200 yards in 24 minutes, 16 seconds. M. Cohen, Z. Teller and N. Rosenthal, all of the home club, followed in order.

The New York University baseball team will meet the Stevens nine this afternoon at Ohio Field. The home players had a light practice yesterday in which they showed lots of speed.

KENNEDY DEFEATS KEARNS

"Soldier" No Match for Fighter Trying to "Come Back."

Tom Kennedy, imbued with aspirations to "come back," substituted for "Battling" Levinsky against "Soldier" Kearns at the Broadway Sporting Club last night and won handily after ten hard rounds. Kennedy was in fair condition, tipping the beam at 203 pounds, and outboxed his opponent handily.

Kearns, while by far the stronger, lacked style to his boxing and was unable to land effectively. His heaviest swings either missed completely or slipped around Kennedy's neck, doing no damage. Tom, on the other hand, worked a left hand lead to the face and head and landed two clean blows for one.

KELLY PULLS A TENDON

One of Penn's Quarter-Milers May Be Lost to Team.

[By Telegraph to The Tribune.]

Philadelphia, April 21.—Harold Kelly, one of Pennsylvania's quarter-milers and a member of the one-mile relay team that will run against Harvard, Illinois and Cornell in the big relay carnival on Saturday, probably will be lost to the Red and Blue team as the result of a breakdown while he was training on Franklin Field this afternoon.

Kelly was rounding a turn with Don Lippincott and Joe Lockwood, two other members of the team, when the tendon in his right leg, which he had slightly strained during the indoor season, gave way and he limped off the track.

High Scores Again Rule in Bowling Tournament

Howard Freese Takes Fifth Place in Singles at Atlantic City.

OPSANN ALSO FINDS PLACE IN HONOR ROLL

Philadelphia Pair Captures Third Position in Doubles, with a Score of 1,232.

[By Telegraph to The Tribune.]

Atlantic City, April 21.—Several changes were made among the leaders in the singles and doubles at the National Bowling Association championship tournament here this afternoon. Several high scores were made, but no records fell.

The best performance of the day was the 649 of Howard Freese, secretary of the Elks Club of Reading, Penn. It was good for fifth place. Freese hardly fared well at the hands of fortune, for after his 202 for a foundation he tallied 201 in the second, despite a foul in the ninth frame. He finished with 246, and "blew" a single pin spare in the tenth frame. The seventh pin stood on an apparently good hit.

Oscar W. Opsann, of New Rochelle, who is a regular competitor in the New York tournaments, totalled 643, and moved into eighth place, leaving tenth position for R. D. Bonitz, of Paterson. The latter's 638 is exceptionaly high for that position, and indicates the excellence of the general bowling. E. R. Grossman, of Philadelphia, had 621. Michael J. Costa, of the same city, 606, and Talcott I. Curtis, of Trenton, 601.

S. F. Rodgers, of Philadelphia, who with Edward Satterthwaite won the national two-man title in 1909, tallied 600.

Satterthwaite had to be content with 588. Other totals were those of Jack E. Hewes, who had 588; H. B. Gardner, 569; B. Kirchoff, 561; W. Lippoth, 531, and F. M. Carpenter, 522.

In the doubles Haney and Trucks, of Philadelphia, went into third place with 1,232, and it might have been good enough for the lead but for a lapse in the second game.

Jones and Hoffman, another Philadelphia pair, captured eighth position with 1,179. In the New Rochelle doubles Gardner and Opsann had 1,076, Lippoth and Hewes, 1,053; Kirchoff and Carpenter, 1,027. The best single score of the day was Opsann's 259.

There also was a change in the standing of the all around fixture, Charles Trucks, of Philadelphia, getting fifth place with 1,857.

A feature of the day was the appearance of H. J. Whipple and Edward McQuestion, of Nashua, N. H. This New England city never before was represented at a national tournament. In the doubles they tallied 1,055 and in the individuals Whipple had 546 and McQuestion 482.

Skeeters Start Out Like Pennant Winners

Taylor Performs Well in Box and Home Nine Scores Easy Victory Over Montreal.

Jersey City opened the International League season at its home grounds yesterday, with an easy victory over Montreal. The score was 8 to 1.

Seven thousand fans were on hand to cheer the Skeeters at the beginning of their chase for the pennant, and the home players put up the kind of ball that made them feel that at last Jersey City was to have a real team.

There was a parade and a band concert, and when L. Edward Hermann, secretary to Governor Fielder, threw out the first ball the grandstand looked like an old time Jersey City political convention, so many were the politicians, both great and small, who were on hand for the fray.

Taylor, who twirled for the Skeeters, was in good form and had excellent command of the ball, while Mattern, who began the game for the visitors, was driven from the box in the sixth inning.

Couchman succeeded him, but was hit hard before he finally settled down.

In the first inning Bues put up a fly to right, but the sun interfered with Deininger, and he missed the catch. Hulswitt followed with a triple, and the first run was recorded.

In the third Tee singled, and Bues tripled, sending Tee in. Hulswitt singled, scoring Bues.

In the sixth Bues bunted safely. Strait hit to centre for the circuit. Barry hit for two bags and crossed the plate on Baxter's single.

In the seventh Taylor and Cooper hit safely. Bues sacrificed, and Hulswitt drove a hot one through Keller, scoring Taylor and Cooper.

Montreal's lone tally was made in the seventh inning, when Whitman hit to left for two bases and scored on Flynn's single.

Auto Exports Growing.

America still continues to make great strides in the exportation of automobiles, official figures for January indicating that 2,526 cars were exported at a total valuation of $2,248,853. That there are still greater possibilities for American motor car exports is indicated by the figures, which show that France exported more than $42,000,000 worth of automobiles during 1913, as against total exports of automobiles and parts from the United States valued at $20,000,000, a record breaker for this country.

COLUMBIA TO FACE YALE

Blue and White Nine Counting on Victory at New Haven.

Columbia's baseball team, which appears to be the best that has been seen on Morningside Heights in years, will journey to New Haven to-day to meet Yale. Billy Lush, the old Yale coach, who is in charge of the Blue and White team this year, and Andy Coakley, look for a victory.

Lush announced yesterday that the team which defeated Fordham on Saturday will be used against Yale with O'Neale beginning the game in the box instead of Shea.

The Columbia freshmen play their first home game of the year on South Field this afternoon when they meet the De Witt Clinton High School nine.

Water Polo for Chicago.

James E. Sullivan, chairman of the Amateur Athletic Union championship committee, announced yesterday that the national water polo championship has been awarded to the Chicago Athletic Association, and will be held early in May.

HOPPE AND YAMADA WIZARDS WITH CUE

Play Brilliantly in 14.1 Balkline Billiard Tournament.

FORMER MAKES NEW HIGH RUN RECORD

Demarest and Slosson Vanquish Schaefer and Cline in the Afternoon Matches.

Calvin Demarest, of Chicago, and George F. Slosson, of New York, came through as victors in the afternoon games of the 14.1 balkline billiard tournament for the championship of the world at the Hotel Astor yesterday.

Demarest defeated Schaefer by a score of 400 points to 345, and Slosson vanquished Harry P. Cline, of Philadelphia, by a score of 400 points to 367.

In spite of the closeness of the scores the games were long drawn out and tedious in character, with few occasions for the gallery to enthuse, although in compiling the high run of the afternoon, when he gathered a cluster of 81 points, Demarest gave a flash of his real form.

In his match with Schaefer Demarest scored many misses in the first half of the match, with the result that his youthful opponent held a lead of 92 points in the twenty-second inning and looked a likely winner.

Demarest seemed to realize then that he must adopt sterner measures if he was to defeat the youngster, and in his next turn at the table he proceeded to nurse the ivories carefully along the rail and at one end of the table.

His playing in and out of balk was a treat to watch at this period, and he appeared at last to have gauged the cushions and balls correctly. From that point he continued to overhaul his rival and passed him in the thirty-second inning, when he ran 46.

Young Schaefer's cue grew as lead in his hands after that, and in the next twelve innings he gathered a total of only 32 points. True, Demarest, who has learned his lesson in many hard-fought tournaments, began a systematic campaign of safety play and never gave the younger player an opportunity of regaining his lost ground.

He completed his string with an unfinished run of 4 in his forty-fifth inning.

The game between Slosson and Cline was even more tedious. After gaining a comfottable lead in the first stages of the match, Slosson's playing fell down badly and Cline began to creep up on him, finally gaining the lead in the thirty-fifth inning, when he ran 82 points by delicate nursing of the ivories.

The scores follow:

George F. Slosson (white ball)—2, 1, 3, 1, 12, 20, 1, 16, 0, 41, 2, 4, 4, 6, 17, 20, 3, 0, 1, 47, 2, 0, 1, 6, 2, 3, 5, 2, 2, 1, 28, 0, 1, 3, 13, 1, 10, 11, 1, 2, 5, 20, 24, 0, 14, 43. Total, 400 points; average, 8 32-46; high runs, 43, 41 and 41.

Harry P. Cline (spot ball)—0, 19, 1, 5, 0, 3, 0, 5, 0, 21, 13, 16, 8, 1, 0, 1, 0, 0, 12, 9, 5, 7, 6, 13, 4, 7, 5, 27, 0, 12, 0, 5, 1, 12, 62, 8, 29, 1, 2, 45, 0, 3, 0, 0, 0, 0. Total, 367 points; average, 8 7-45; high runs, 62, 45 and 29.

Busy Season Planned for the Columbia Yacht Club

Members of the Columbia Yacht Club, at Riverside Drive and 86th st., are planning a season that they are confident will outshine anything ever before attempted.

The opening of the season will be celebrated on June 6 with races in the afternoon, followed by a dinner, with dancing, in the evening. This always has been a big day in yachting circles, and gives promise of being one of the foremost of the coming season. There will be races for launches, speed boats and cruisers.

On July 11 the club will comply with the request of many of the power boat men and hold a long distance race from the clubhouse to Stratford Shoal Light, in Long Island Sound, and return. The enthusiasm with which this announcement has been received makes certain that it will attract plenty of entries.

The race committee already is active in laying plans for a series of races. As in the past, the prizes to be offered will be carefully selected. Two silver cups, of $250 each, already have been donated. The committee, following many demands, will select articles of personal use, such as gold fobs, ship's clocks, smoking trays, etc., in addition to many sterling silver cups.

Full information and entry blanks may be had by writing the Race Committee, Columbia Yacht Club, 86th st. and Hudson River.

Following is the power boat racing programme of the Columbia Yacht Club for this season:

June 6—Open races for all classes, over a course in front of the clubhouse: Class 1—Open boats, with speed of less than fourteen miles an hour; ten-mile race. Class 2—High speed boats, both displacement and hydroplaned; thirty-mile race. Class 3—Cabin cruisers. Class 4—Semi-speed boats, open boats and runabouts, with speed over fourteen miles and less than twenty miles an hour; fifteen-mile race.

July 11.—Stratford Shoal Light race, open to all cruisers under 35 feet over all length. Start from clubhouse, out to and around Stratford Shoal Light and return.

September 19.—Club races in three or four classes. To be held over the course at the club.

October.—A speed championship race for the club will be held early in October over a course of sixty or ninety miles.
