Hare or Tortoise?

Speculation is the Hare. Investment is the tortoise. The Hare was the faster, but you may remember that it was the reliable old Tortoise that won the race.

In the long run, investment in sound securities profits more than speculation. Safety with a reasonable interest yield represents the requirements of the vast majority of investors.

For safety and income, we recommend First Mortgage Commercial Real Estate Bonds, issued and safeguarded under the Straus Plan. We have just purchased a highly attractive new issue, secured by high grade, income earning New York property. We are offering these bonds—tax-exempt in New York State—with our recommendation to net 5 1/2%.

Call or write for Circular No. 1101.

ley were repulsed. Oborocea Height was taken by Austro-Hungarian troops. Army group of Field Marshal von Mackensen. South of Bucharest enemy troops have gained a footing on the right bank of the Danube. Southwest of Toprali (Dobruja) enemy attacks were repulsed.

Vienna, Oct. 2.—To-day's official report says:

Rumanian Front.—In the Orsova sector we captured some heights, and west of Petrovici seized Mont Oborocea. Rumanian counter-attacks were repulsed. On the Great Kukul River our advanced posts were obliged to retire to Kokoli.

Bucharest, Oct. 2.—The official statement to-day says:

On the north and northwestern fronts fighting continues. In the mountains at Ghurgill and Lerghizel we captured four machine guns and made prisoner eleven officers and five hundred men. Southern Front.—Our troops crossed the Danube between Rustchuk and Turtukal.

In Dobruja we attacked along the whole front and repulsed the enemy on his center and right flank.

Sofia, Oct. 2.—The War Office report to-day says:

Sunday, west and east of Florina, our infantry repulsed enemy attacks north of the village of Armenko, near the village of Krushegrad, and in the region of the village of Sevich. Stern fighting is proceeding for possession of the height of Kaimakalan.

In the Moglenia valley there is lively artillery fighting. Enemy attacks against the Outaskas height failed completely. Rumanian Front.—The situation is unchanged and calm. We felled an enemy aeroplane in the environs of the village Reybouner, in the Koutbouner region. Both men in the machine were saved.

ONE CANADIAN FELS BAND OF 22 FOES

Corporal Kills or Wounds All but One, Whom He Captures.

Ottawa, Ont., Oct. 2.—A tale of a Canadian corporal in France who single handedly charged a party of twenty-two Germans advancing to an attack and killed or wounded all of them except one, whom he took prisoner, is related in a dispatch received to-day, which says:

"The case of a corporal of an East-ontario battalion is one of the most extraordinary ever recorded. The battalion had captured a line of German trenches, when a party of the enemy, consisting of two officers and twenty men, began a counter-attack. The corporal advanced alone against the whole party, emptied his revolver, picked up first one and then another German rifle, shooting the two officers and fifteen of the men. One of the officers attacked him with a bayonet and pierced him in the leg below the knee, but the corporal shot him dead. The rest of the enemy attempted to escape. The corporal shot four of them and made the fifth a prisoner. Although wounded in two places, he remained in the trenches until his battalion was relieved."

Official Statements on Balkan Fighting

London, Oct. 2.—An official Serbian statement, dated Sunday, says:

The Serbian Drina division has taken the important position of Kotschov, one and one-half miles northeast of Kaimakalan (on the western end of the Macedonian front).

The Bulgarian battery which we took yesterday is one of field guns, not mountain guns, as previously announced.

The British official report to-day says:

The portions of the Bulgarian line on the Struma front which we captured on September 30 include the villages of Kara Zakobala and Kara Zakolir. Repeated enemy counter-attacks against these places were entirely unsuccessful and were beaten off with heavy loss. All the ground won has now been consolidated. There is no sight of the enemy for some distance in front of our trenches.

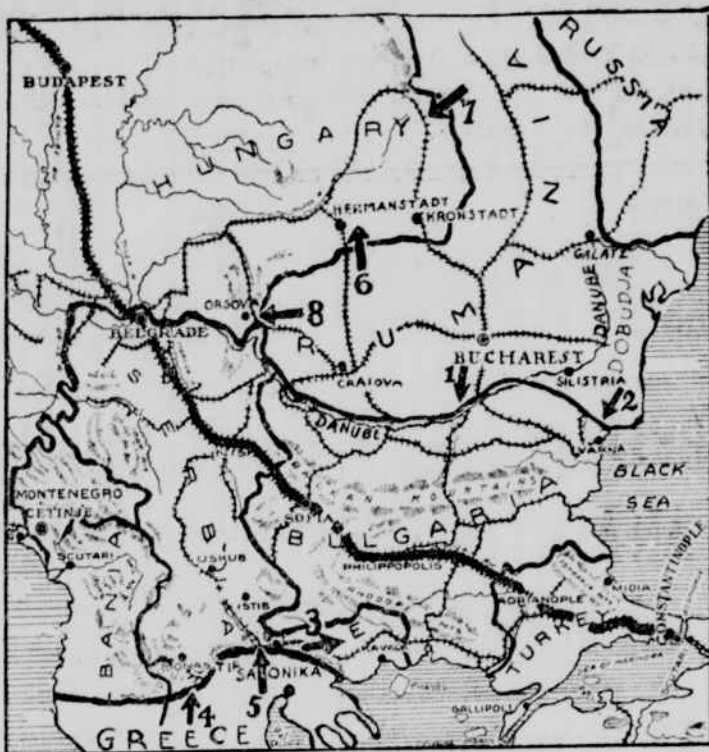

In addition to the heavy casualties inflicted on the enemy, the number of prisoners taken has been increased to 250. Our casualties were comparatively small. Three machine guns were captured.

Berlin, Oct. 2.—The War Office statement to-day says:

Stubborn fighting continues on the Kaimakalan Height. Northwest of Tahinos Lake British detachments, which had penetrated as far as the eastern bank of the Struma, were attacked.

Transylvania.—On both sides of the Great Kukul River the Rumanians have won ground. Near and north of Orsova (on the Danube) successful attacks have been made by our Allies. In the Hatzeg Mountains enemy attacks on both sides of the Struhl (Satrigy) Val-

THE BALKAN RING OF FIRE.

1. The Rumanians cross the Danube and invade Bulgaria, threatening the flank of Mackensen's forces in the Dobruja.
2. The Rumanians renew their offensive in the Dobruja, where Mackensen has captured Turtukal and Silistria.
3. The British begin a fresh attack along the Struma, which purposes to drive the Bulgars out of Macedonia.
4. The Serbs win more ground along the border and move northward toward Monastir.
5. The Allied artillery is active along the Vardar, where Sarraill plans his main thrust to cut the Berlin-Constantinople railway at Nish.
6. The Rumanians have opened a counter attack against Falkenhayn's forces, who threw them back from the Hermannstadt sector.
7. The Rumanians have launched another offensive in Northern Transylvania.
8. The Rumanians plan to drive into Hungary through the Iron Gates of the Danube, to which Orsova is the key.

TEN ZEPPELINS KILLED ONE MAN

Continued from page 1

their escaping untouched and there is chance of their number being depleted.

Official Account of Zeppelin Raid

London, Oct. 2.—An official account of last night's Zeppelin raid, issued this morning, reads:

"Ten airships crossed the east coast last night between 9 o'clock and midnight. One airship approached the north of London at about 10 p. m., but was driven off by gunfire and pursued by aeroplanes. She attempted to return from the northwest, but was attacked by guns and aeroplanes and brought to earth in flames in the neighborhood of Potter's Bar shortly before midnight."

"A second airship attempted to attack London from the northeast and was driven off. Bombs were dropped. No reports of casualties or damage have yet been received."

"The remaining airships wandered aimlessly over the eastern counties. In Lincolnshire bombs were dropped promiscuously. Most of them appear to have been dropped in open country, without doing damage."

"The airship destroyed was of the latest type."

A later statement said:

"Police reports show that the total casualties in last night's raid were one man killed and one woman injured. The material damage was insignificant, although the raiders covered a wide area and dropped a great number of bombs. Four houses were seriously damaged. Some glass houses were demolished and a number of windows were broken."

Berlin Admits Loss; French 'Plane Taken

Berlin, Oct. 2.—The following official statement was issued this afternoon:

"During Sunday night several naval airships successfully threw bombs on London and military works on the Humber. Despite the heavy firing by anti-aircraft guns, all the airships returned, except one, which was hit and set afire by anti-aircraft guns and fell near London."

Dispatches from Sofia to the Overseas News Agency say that a French biplane on September 30 made a flight over the Bulgarian capital, and was immediately attacked by the guns of the fortress of Shumen. The biplane was dropped only one bomb, which fell to the north of the city. The raid was brought down near Gebian by Bulgarian aviators, and the occupants of the machine, a French pilot and a Serbian observer, both of whom were unhurt, were made prisoners.

Decisive Victory Ahead, Joffre Tells Troops

Paris, Oct. 2.—General Joffre, under date of September 29, sent the following order of the day to armies of the north:

"The general commander in chief expresses great satisfaction to the troops who have been fighting successfully on the Somme for nearly three months. By their valor and perseverance they have given blows to the enemy from which he has difficulty in recovering."

"I am relieved, twenty-two villages reconquered, more than 35,000 prisoners and 150 cannon taken, successive

ZEPPELIN CANCELLED LONDON RAID TRIP.

London, Oct. 2.—Friends of Count Zeppelin were alarmed when they learned another airship had been brought down in England last night, says the Amsterdam correspondent of the Exchange Telegraph Company.

The Count intended to take part in the raid, the correspondent cables, but a message sent to Germany elicited the information that at the last moment, owing to the persuasion of his family, he decided not to join the raiders.

MEXICO ASKS QUICK RETREAT

Continued from Page 1.

preted by officials to-night as a direct outgrowth of the tense situation which developed in the commission at New London ten days ago and culminated in the sudden recall of Ambassador Designate Arredondo for consultation.

It is believed, however, by Administration officials that Carranza's new play is mainly for political effect in his own country, where the press has been attacking him for failure to force the issue with the United States. With the announcement that the new demand has been presented by Mr. Cabrera and his colleagues it is expected that Mexican public sentiment will be appeased for a time.

Officials say there is no thought of consulting with withdrawal until all the questions at issue have been thrashed out. Instructions to that effect have been given to the American commission. The hostile aeroplanes dropped a delegation of mining men as witnesses to-day is regarded as an indication that the real work of the commission is only beginning.

GREEN HAND'S CAR HITS BUS

Four of Auto's Passengers Hurt in Twenty-third Street Crash.

A green hand piloting a car eastward on Twenty-third Street yesterday ran down an automobile being used as a jitney bus at Second Avenue. Four of the automobile's passengers were taken to Bellevue Hospital. They were Philip Duquesne, Maspeth, Long Island, with a fractured jaw and internal injuries; James Reilly, of 46 Meserole Street, Brooklyn; William Dempsey, of 329 Leonard Street, Brooklyn; and Rudolph Drunkelle, of 244 Stanhope Street, Brooklyn, who were bruised.

GERMANS REGAIN HOLD IN VILLAGE

British Are Forced from Part of Eaucourt l'Abbaye.

HAIG PUSHES ON NEAR COURCELLETTE

Advances Nearer Bethune Road — French Operations Checked by Rain.

(By Cable to The Tribune.)

London, Oct. 2.—The stubborn battle on the twelve-mile front south of Bapaume, from Thiepval to the Bethune road, is unabated. The Germans, whose positions all the way to the Ancre and along the highroads to Bapaume are threatened, have thrown all their strength into repeated counter attacks.

These have succeeded in regaining a hold on Eaucourt l'Abbaye, captured by the British yesterday. Until the German counter blow is spent the British are not likely to resume the attack on a large scale. Small thrusts to-day will be succeeded soon, it is believed, by larger moves.

Fighting, comparing in ferocity with that at High Wood, continues around Thiepval. North of Courcellette the British advanced, but a German counter attack won back part of this ground, in the Regina trench. West of Guedecourt, toward the Bethune road, the British also advanced.

From Eaucourt l'Abbaye as far west as Thiepval the Germans are contesting bitterly the efforts of the center of the British army to push forward. But, despite these heavy counter attacks, Haig has succeeded in establishing his line.

Unfavorable weather conditions are holding up operations, especially for the French, who must cross low, marshy territory at many places. A period of long nights and rainy weather offers greater opportunity for surprise attacks, but precludes the steady and consistent thrusts, which throw the enemy off his balance and yield large gains.

In small actions east of Bouchavesnes Foch extended his line, but otherwise there was no infantry action on the French front.

Day's Official Reports on Somme Offensive

London, Oct. 2.—The official statement issued to-night reads:

A heavy rain fell on the front early Monday morning. During the day there has been some fighting in and about Eaucourt l'Abbaye. The enemy succeeded in regaining a footing in the buildings.

During the day we improved our positions southwest of Guedecourt and north and east of Courcellette. An earlier statement follows:

During the night our troops south of the Ancre beat off an enemy attack on our advanced positions east of Eaucourt l'Abbaye. We have now established our front in that area and have cleared the buildings of Eaucourt l'Abbaye of the enemy.

Further east during the night, we also established our lines from a point 1,200 yards north of Courcellette in the direction of the Heslary trench. An enemy counter attack forced us to regain a portion of the Regina trench which we had gained further to the north. This area has shown stubborn fighting during the last twenty-four hours.

Elsewhere on our front the night was calm. Successful raids on the enemy's trenches were carried out north of Neuville St. Vaast and east of Laventie.

An earlier communication reads:

To the north of the River Somme an operation on our part resulted in our occupying a German trench to the east of Bouchavesnes, and we took some prisoners.

Berlin, Oct. 2.—To-day's official announcement follows:

Army group of Prince Rupprecht.—Fighting on a large scale on the twenty-kilometer (12 1/2 miles) front, between Thiepval and Rancourt, occurred again yesterday in the battle area.

The British and French, after a great increase in their preparatory fire, advanced to the attack. They were sanguinely repulsed many times by our well directed artillery fire. Detachments which penetrated our lines were ejected by our unshakable infantry after bitter hand-to-hand fighting.

Immediately north of the Somme a French local attack was repulsed. The battle lasted throughout the night and is still in full swing.

Paris, Oct. 2.—The official communication issued to-night reads:

In the course of the day we progressed by grenade fighting to east of Bouchavesnes; about forty prisoners and six machine guns were left in our hands. In the same region a German detachment, caught under our fire in the direction of Epine de Malassise, was dispersed, leaving fifty men on the ground.

South of the Somme a small German attack directed on one of our trenches near of Verdunvillers was easily repulsed.

Bad weather has hampered the operations on the whole Somme front. There has been intermittent cannonading on parts of the front.

TEUTONS RETAKE LINE IN GALICIA

Seize Trenches South of Brody in Counter Thrust.

London, Oct. 2.—The Russian hammer continues to batter without pause against the sixty-mile arc of steel that hedges in Lemberg, but so far the Germans have held their own. From the Dniester and Zlota Lipa lines and from the district south of Brody the Czar's commanders hurled their troops at the powerful defenses built for the protection of Galicia's capital.

South of the Brody-Lemberg railroad, near Graberka, the Teutons succeeded in retaking a position lost to the Russians on Saturday and sweeping in more than 2,000 prisoners. In Volhynia Russian attempts to advance northwest of Svinitsky failed under the fire of the enemy's batteries. This move was evidently aimed at Vladimir Volynski and is believed by some observers here to presage another strong offensive against Kovel from the south.

Near the River Narayuvka, a tributary of the Dniester on the right bank of the Zlota Lipa and on the Bystritsa the Czar's forces advanced. In the latter region General Letchitzky captured more than 2,000 troops in two days of furious fighting, while in the Dniester sector the enemy left 1,600 prisoners in the hands of the Russians after an all-day combat.

Day's Official Reports on East Front Fighting

Vienna, Oct. 2.—To-day's official report says:

In the Carpathians there is a lull. Southwest of Bretanice fighting is progressing in our favor.

Front of Prince Leopold.—On the Brody-Zlitchoff road the German and Austro-Hungarian troops recaptured by counter attacks all the ground lost Saturday. Twenty-four Russian officers and 2,300 men, together with eleven machine guns, were taken.

Volhynia.—General Terstansky's army was exposed all day Sunday to the heaviest artillery fire. Some attacks were repulsed. Early this morning the enemy directed strong columns against our positions northwest of Svinitsky. He was repulsed by counter attacks.

Berlin, Oct. 2.—The official announcement to-day follows:

Army group of Prince Leopold of Bavaria.—West of Lutsk the activity of the artillery increased appreciably. Fresh enemy attacks were stifled by our curtain of fire. An attempt made by Russian artillery to drive forward the infantry by directing fire upon the Russian trenches was of no avail. Near Wofnits brief hand-to-hand encounters developed.

A counter-attack carried out by Lieutenant General Melior led to the recapture of a position taken by the Russians north of Graberka (south of the Brody-Lemberg Railroad) on September 30. The enemy left more than fifteen hundred prisoners in our hands. His attempts to drive us back, as well as his renewed attacks on both sides of the Brody-Lemberg railway line, failed, eight hundred prisoners being taken.

Petrograd, Oct. 2.—An official announcement says:

On the western front, in the region of the River Narayuvka and on the heights on the right bank of the River Zlota Lipa, stubborn fighting is continuing.

BRICKLAYERS TO JOIN LABOR FEDERATION

Union of 80,000 Reaches Agreement with Samuel Gompers.

Negotiations for the affiliation of the Bricklayers, Masons and Carpenters' International Union with the American Federation of Labor were completed last night at the Hotel Continental. Representatives of the Granite Cutters and of the Allied Building Trades, speaking for the union, reached an understanding with Samuel Gompers, president of the Federation. Only a few formal details remain to be settled before a charter is issued.

The bricklayers, who recently included the hod carriers in their membership, constitute one of the wealthiest and most powerful of the trade unions. It has 80,000 members.

ARCHIE ROOSEVELT FINED AS AUTO SPEEDER

Mincola Justice Collects \$25 Fine and Thanks Him.

Archie Roosevelt, Theodore Roosevelt's youngest son, found Long Island justice no less courteous than that of the Bronx when he was arraigned on Saturday before Frank P. Seaman, Justice of the Peace, in Mincola, on the charge of speeding. The court accepted with thanks the young man's check for \$25. A summons was served on him on Thursday after a motorcycle patrolman had chased him four miles along the Jericho Turnpike.

When he was arrested, more than a year ago, and arraigned in the West Farms police court on a similar charge Archie did not have the cash to pay his \$25 fine. On learning his identity Magistrate Seaman said he could drop in later and pay it.
