Health Bureau and Local Druggiests Co-operate for Public Safety

Owing to the large public interest generated by a recent order of the Health Department in Cleveland, a series of tests was conducted by the Bureau of Drugs of the City of Cleveland Advertising Commission, with the result that a number of the drug preparations were found to be highly defective in one or more respects. The tests were conducted under the supervision of the Bureau of Drugs, which is the official organ of the city and gives the direction of the Health Department in matters relating to the sale and use of drugs. The tests were conducted in cooperation with the Bureau of Drugs, which is the official organ of the city and gives the direction of the Health Department in matters relating to the sale and use of drugs.
