The Important August Sale of Fine Furs

—Featuring Coats of Raccoon, Muskrat, Hudson Seal, Caracul, Mole and Persian Lamb

AT SAVINGS OF FULLY ONE-THIRD

These handsome coats were made when prices of pelts were much lower than they are at this moment and the workmanship was executed during the dull season—hence these very low prices for fur coats of distinction. *We know that furs are to be very much higher in the Fall, every kind of pelt is increasing in price almost daily*, all of which prompts us to urge the purchase of your furs *NOW*, so that you may effect a saving of one-third or more.

A Deposit of One-Third will reserve any coat in the sale, the balance to be paid when your coat is taken from our vaults in the Fall.
