MAIL ITEMS, &c.

THURSDAY, the 3d inst., was Thanksgiving day in Canada.

FORTY EIGHT Indian squaws were arrested on Sunday evening last in a house of ill-fame in Montreal.

IT is said that about 168,060 of slave population of the South belong to the church—about one seventh of the whole slave population.

ALL the Niagara Falls hotels are closed. It is said the season has been a very profitable one for the proprietors.

THE Troy *Times* says Mr. LA MOUNTAIN, the aeronaut, is in the woods of Northern Vermont, on a hunting expedition, having forsaken his balloon enterprise for the present.

IT is reported that another Vigilance Committee is forming in New Orleans to superintend the election to take place on the 7th of November.

THE Concord (N. H.) *Patriot* states that under no *possible* circumstances will General PIERCE allow his name to go before the Charleston Convention as a candidate for President.

THE Louisville *Journal* says that a gentleman of that city, who was in the Mediterranean at the time, states that Sir JOHN FRANKLIN was in command of the frigate Hermes, at Gibraltar, when an insult was offered the American Minister by the Bey of Tunis. No American vessel being near, Sir JOHN demanded an apology, and it was given.

THE Free Lovers have emigrated from California and purchased from the San Salvador Government a tract of some 50,000 acres of good arable land, at 12½ cents per acre, for $6,250.

A GIRL died at East Cambridge, a few days since, of small pox, induced by cutting the hand with glass, followed by maltreatment, which is said to have turned the wound into the above disease.

AT Easton, Pa., on Monday, the Right Rev. ANDREW BENADE, the oldest bishop of the Moravian church in America, and nearly 90 years of age, died. He was much respected for his intelligence and good qualities.

IT is reported that D. W. VORHEES, the United States District Attorney for Indiana, has been engaged by Gov. WILLARD to defend COOK, the insurrectionist. COOK is Gov. WILLARD'S brother-in-law, and the Governor will undoubtedly use all proper means to secure his relative a fair trial.

JOHN P. WARREN, who murdered his wife some month ago in Willington, Connecticut, and shortly afterward walked away from Tolland jail in broad daylight, without hindrance, was, on Wednesday night, recaptured by Sheriff FOSTER, of Stafford, who "dug him out" from under his father's barn in Mansfield.

"Colonel FORNEY," says the Sunday *Courier*, "is a modest looking man, with a military style of frock coat, a closely cropped head, and an independent kind of cap. He has followed the business of a fencing master for some time back, and we should not judge him to be a dangerous character."

IN New Jersey, the other day, a young couple while courting by the fire, fell asleep. While asleep, the young lady's dress took fire. As soon as they awoke, the young man made every exertion to extinguish the fire, but without success. The young girl rushed out of the door enveloped in a sheet of flame, which continued to burn until her clothing was all consumed. She lived only a few hours afterwards. The young man will probably be crippled in the hands for life.

THE *Journal de Constantinople* gives an account of a curious religious ceremony which has just taken place in that city. It is the reception, by the Sultan, of the golden gutter in which is collected the rain that falls upon the temple at Mecca, and which thenceforward is considered by the Mussulmans as holy water. The gutter has been carried from Mecca, and received by the Sultan with pompous ceremonies. It has been placed in the old palace at Constantinople, where the arms, flags and other memorials of MOHAMMAD are carefully preserved.

THE California *Weekly News* states that, in answer to a letter embodying a wish that a Senatorial appointment may be made, in order that some person from this State may announce in Congress Mr. BRODERICK'S death, and pay a suitable tribute to his memory, Governor WELLER replies as follows:—"My present impression is, that the public interest will not suffer if I leave the whole matter with the Legislature. As the next session will be a long one, very little, if any business of importance will be transacted before the month of February. If Mr. BRODERICK'S death be not previously announced, I have no doubt the Legislature will elect a Senator who can and will make the announcement in fit and appropriate terms."

A WRITER in the Charleston *Courier* praises Gov. WISE as "one of the hardest working men of the age, and says:—One of his schemes is a novel one. When negroes are convicted of crimes, instead of sending them away, and making, as he remarked to me, a Botany Bay of South Carolina and Louisiana, he buys them for the State, and puts them to work on railroads and other public works. He says the system worked well, and the negroes worked well in the railroad tunnels. The Governor is not insensible, too, of the ornate, as well as the useful, and devotes himself to improving the capitol grounds, already very beautiful, employing the white penitentiary convicts, with a soldier in full uniform, with a musket, standing guard over them, and ready to pop away at them if they attempt to escape.

A SICKENING case of flogging recently occurred at Chatham, England. A private of the 88th Connaught Rangers, named NORTON, who was decorated with the Sebastopol medal, returned home wounded from India a short time ago, and was awaiting the order for his discharge. He appears to have always borne a somewhat indifferent character, and on the evening of the 7th inst. he struck a sergeant. For this offence he was sentenced to receive 50 lashes, and to be imprisoned for one hundred and sixty-eight days, and though it rained heavily at the time, the wounded wretch was undressed and fastened up to the triangles, when the full number of lashes were administered. As soon as he is able to leave the hospital he will undergo the remainder of his sentence at Fort Clarence Prison.
