EPPS'S COCOA BREAKFAST.

BREAKFAST

"By a thorough knowledge of the natural laws which
govern the operation of direction and nutrition, and by
a careful application of the dine properties of wellelected Cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may
save us many beavy doctors' bills. It is by the juidclous use of such articles of diet that a constitution
may be gradually built up until strong enough to resist
every tendency to disease. Hundreds of subtle maladies are iloating around us, ready to attack wherever
there is a weak point. We may escape many a fatal
shaft by keeping ourselves well fortified with pure blood
and a properly nourished frame."—Civil Service Gazetta,
Made simply with belling water or milk. Sold only in
hair-pound time by grocers, labelled thus:
