TRACK RECORD FOR HERMIS.

WINS CUP PRELIMINARY FROM MAJOR DAINGERFIELD.

guns a Mile and a Half With Stake Weight Up in 2:32 1-5-Precious Stone, Highlander, Oarsman, Yo San and Toscan the Other Winners at Brighton Beach.

Hermis was a great racehorse yesterday. He won the Cup Preliminary at a mile and a half over the Brighton track in 2:32 1-5, a new record for the course, and incidentally de-feated Major Daingerfield by a length and a half. Igniter, the only other starter, finished lengths back and then worked over the full Brighton cup distance, two miles and a quarter, pulling up sound in wind and limb This race was exclusively for horses nomifor the Brighton cup, to be run next Tuesday, and fully 10,000 persons looked on Hermis was the favorite at 13 to 20, Major Daingerfield being played down to 13 to 5, while Igniter went back to fives. All carried scale weight, 126 pounds. Fuller, taking a firm hold on Hermis, went to the front, with Daingerfield, Odom up, within a length of him as they passed the stand for the first time. Igniter, who got the worst of the start, was beaten when he entered the backstretch, where Odom tried to get upon even terms with the \$60,000 horse. But Hermis was full of running, turning the half in 0:49, the three quariers in 1:141-5 and the mile in 1:334-5. At that point Odom let the Handspring colt down and he began to close the gap, when Fuller let out a link and the great Hermence horse rushed away again. The mile and a quarter was covered in 2:05 3-5, with Hermis still in front. Then Odom drew his whip, and Daingerfield responded with remarkable gameness, going up to Hermis so quickly that Fuller let out another wrap and sat down to ride Mr. Thomas's colt with hand and heel. It was a drive up to within a few yards of the judges' line of vision, where Hermis was eased up. the \$60,000 horse. But Hermis was full of

A more perfect day for racing could not have been made to order. The warm sun dried the track, so that fast time was in order, but the infield lake remained intact. The fields as a rule were large, and the speculation in the ring was unusually heavy. The talent began operations auspiciously when Green B. Morris's Precious Stone, 13 to 10 favorite, won the first race, for two-year-old fillies and seldings, at five and a half furlongs. Gannon rode him perfectly, waiting with him until the head of the stretch was reached, where the Star Ruby gelding ran over Dave Gideon's Blytheness, the pacemaker, who was backed down to fives, and beat him by two lengths in 1:07 2-5. Blytheness was a head before Andrew Miller's Julia M., 10 to 1. PIRST BACE.

BRIGHTON TURF GOSSIP. John A. Drake Discusses the Bennings Episode.

John A. Drake was at Brighton Beach track yesterday and when asked about the report that the Washington Jockey Club ad declined to let him have stable room at Bennings, said.

behind the refusal, but am sure that it was due to a lack of accommodations. I see no reason why there should be any trouble over the matter. Mr. Madden has set aside six stalls in his stable for me and my horses will race at Bennings just as they have here. cannot understand why there should be any feeling here against the West, for Eastern turfmen are always welcome and are fairly treated at Washington Park, where fifteen stalls are always reserved for their use."

There is scarcely a doubt, however, that there is a feeling of antipathy toward the Western turf brigade which has made things lively here since the Saratoga meeting.

Bud Meyer has just gome back from Chicago, where he scorched the poolpooms on the two victories of Early Eve at Morris Park. When the mare's first race was on he got down several big wagers with James O'Leary and other Chicago bookmakers at 20 to 1, cleaning up \$20,000. On Early Eve's second race, when she beat Caughnawags, Meyer hit the Westerners for \$10,000 more and came home with bulging pockets.

Mike Daly arrived at Brighton yesterday with his stable, including the three-year-old Claude, who was jumped on in a race at Toronto and narrowly escaped having a tendon severed. The colt may be able to race here before the season closes, but Daly will not push him.

Clem Jerkins is about to take a flying any feeling here against the West, for Eastern

before the season closes, but below the push him.

Clem Jenkins is about to take a flying trip abroad to attend to some business and will come back in time to ride on the Coast this winter. He says he may ride in France next year, where Ransch and Winnie O'Confor, American fockeys, head the list this season.

AUTOS SCORCH TO CLEVELAND AGAINST THE RULES TO RACE,

Stearns Reaches the Garage First and Makes the 103-Mile Run From Erie in a Trifle Under Five Hours-Eighteen Cars Now Travelling Over Good Roads.

BUT STEARNS AND JAY DO SO.

CLEVELAND, Ohio, Oct. 13 .- In spite of all the rules and injunctions of the contest com-mittee in charge of the automobile endurance contest from New York to Pittsburg, there was a race in it to-day, a rousing good one of 103 miles from Erie to here. The car of F. B. Stearns, No. 35, that of Webb Jay, scorched over the distance in a shade under five hours, and finished neck and neck. Stearns succeeded in getting to the door of the garage before Jay and getting registered as the first to arrive here, but the same time was given to both, minutes not being split by the timekeepers.

There were really four cars in the race, but the other two had mishaps. These were B. B. Holcombe's No. 2 and M. W. Winters's No. 9. Holcombe had a tire burst before Ashtabula was reached and the delay caused by that virtually put him out of the race. off the axle and the occupants were dumped into the road, but not hurt. In spite of these troubles Holcombe got in less than an hour behind Stearns. Winters's car exhausted its batteries and was stalled when Tom "Old Pacific" Fetch came along and gave him a new set of batteries. Paul DeMings's No. 6 was a sort of runner-up to take the place of its stable mate while against Stearns in case of trouble, but Jay having no mishaps De-Mings allowed him to have it out with Stearns. This has been the second day of fast running over roads from fair to good and the contestants consider them all excellent by comparison with the flooded and partly washed out roads of the Catakills and central New York, although there were some very hilly and sandy stretches to be gone over

hilly and sandy stretches to be gone over to-day.

The number in the vanguard of the run was increased last night at Erie by the arrival of Car 36 carrying Mr. and Mrs. Riker, the heroes of the all night vigil in the rain on the road near Bath, and their machine is in good running order again and the couple not any the worse for their experience.

J. E. Cowan, No. 24, and F. H. Fowler, No. 28, also joined the leaders at Erie before the start this morning. These additions made eighteen starters for the run of the day. Of these one fell by the wayside whose misfortune is a cause of general regret. It is E. T. Fetch with "Old Pacific" No. 16. About twenty miles out of Cleveland his car dropped into a hole and broke a steering knuckle and an axle. He was towed into the garage.

Of the eighteen now in the front there are only seven who gan be considered to be in the contest because they are the only ones who have not lost the 380 points of at least one full night by failing to report at midnight. Following is the list of those who had arrived here up to 7 o'clock, Eastern time. The times on the list are all Eastern times, because of the cars having been started by that standard. Riker and Cowan, the only two of the eighteen not in by 7 o'clock, are said to be on the way.

Left Arrived Eric Civins.

DRIVER GREER INJURED. Falls From Sulky at Lexington-Patchen Maid Wins the West.

LEXINGTON, Ky., Oct. 13 -The racing at the Breeders' Association track to-day was marked by an unusually large card of six races trotted and paced to a completion. The West Stakes for 2:29 class trotters was

marked by an unusually large card of six races trotted and pueed to a completion. The West Stakes for 2.20 class trotters was swon in five heats by Patchen Maid, a product of the famous Patchen Wilks, farm, owned by the New Yorkers, W. E. D. Stokes and Peter Duryea. Previous to this occasion she only won one heat, that in 214 %, which she reduced to-day to 2:11%.

In the first heat of the 2:08 pace Cubanola fell and threw Joe Greer, the noted Cincinnatid driver, out of the sulky. Pinchen Wilkes, driver by Estes, fell over the prostrate horseman, who, for a time, lay on the track as if dead. Three physicians were summoned and under their treatment Greer revived sufficiently to be removed in an ambulance to a nospital from the track. The hasty examination at the track revealed no bones broken, but the physicians said Greer would not be in the sulky again this year. Estes and the two horses were not injured. Snipe at the Horseraces.

While the racing at Brighton Beach was under way yesterday several yellow legged snipe made their appearance in the water near the timers' stand. Their plumpness made many sportsmen water at the mouth and declare that they would bring shotguns to the track to-day to hag another flock, should one put in an appear-

Jimmy Britt Sprains An Ankle SAN FRANCISCO, Oct. 18. - The fight between Jimmy Britt of San Francisco and Charlie Sieger of Jersey City on Friday night has been ankle, which will lay him up for several weeks A loose board in the boxing platform caused A loose board in the boaing platform caused Britt's ankle to turn yesterday afternoon and by this morning it was badly swollen. A doctor placed the foot and ankle in a plaster cast. He is not sure that some small bones are not broken. Alex Greggains, manager of the San Francisco club, will try to get a substitute to meet Sieger, probably Rufe Turner. Billy Roache, Sieger's manager, favors a postponement of the fight for two weeks.

IN THE FOOTBALL WORLD.

dule for To-day Presents No Hard Games for Big Teams. The football games scheduled for to-day are small in number, and, unlike last Saturday's contest, they do not promise to be hard tussles for the bigger elevens, although there is no telling.

Harvard vs. Wesleyan, at Cambridge. Yale vs. Holy Cross, at New Haven. Frinceton vs. Lehigh, at Princeton. Princeton vs. Leniga, at Princeton.

Manhattan vs. Rutgers, at New Brunswick.
Tufts vs. Andover, at Andover.

The N. Y. U. 'varsity played a hard, fast game with the scrub yesterday. Although the second team was especially strong, the 'var-sity broke through the line for big gains on every play. This was due principally to the return of Reilly and Coe to their places in the line after over a week's absence. The scrub found it difficult work to make any material gains and were never in reach of the varsity goal. Big holes were opened by Reilly and Callahan, who, the first time, rushed the ball down the field, scoring three times on straight line plunging. The 'varsity was lined up as follows: Left end, Connell; left tackle, Callahan: left guard, Coe; centre, Friedburg; right guard, Goldstein; right tackle, Reilly; right end, Lowry; quarter back Hulsart; left half back, Tuthill; right half back, MacDowell; full back, Rogge. This seemed to be the fastest and best working combination that has lined up this season. Hutchingson, a "Veterinary School," man was tried at full back, and his work seemed to please the

AMHERST, Oct. 13.—The entire Amherst team, just as it lined up against Harvard last AMMERST. Oct. 13.—The entire Amherst team, just as it lined up against Marvard last Saturday, was put through a light practice yesterday afternoon by Coach Hart, despite the rain and mud. Not a man, except Coggleshell, who made the touchdown against Harvard, seemed at all the worse for Saturday's encounter. Coggleshell was kicked in the head, and was the only Amherst man taken out of the game because of injury, and even he played the entire practice.

On Saturday Amherst plays Columbia at New York, and she will spare no effort to repeat her victory of last year, although it is conceded, of course, that the score of 29—0 can be nowhere near repeated. Amherst will not attempt to develop any trick plays, but will go at Columbia with good straight football, such as has characterized Amherst's style since Charlie Gould came here last fall.

Quarter Back Lewis, who was elected captain, to take the place of Biram when the latter came down with typhoid, was a good choice for the place. On Saturday he handled the team without a mistake, was on Harvard's fumbles quick as a flash and played most fiercely on offence and defence alike. Amherst's weak spot is her ends. New Haven, Conn., Oct. 13.—John A. Moorehead, a member of the senior class. whose home is in Allegheny, Pa., this afternoon sustained a fracture of the right leg just below the knee during the regular scrimmage between the Yale 'varsity and college teams. Moorehead had gone into the game in place of Shevlin at right end. In a scrimmage another player struck him with his head causing the fracture. Moorehead was carried from the field and sent to the city, accompanied by Trainer Murphy. The fracture was reduced and he was taken to his dormitory. The break is the first that has occurred on the Yale field in a long time, and is the second serious accident this fall. Walter Stillman, who strained a ligament in his leg some time ago, still is on crutches.

The afternoon's practice was of a fierce order throughout. The college team put up the best defensive game of the season and the 'varsity scored only once. Bowman kicking the first goal from the field here this fall. Another attempt was blocked and the college gained twenty-five yards and secured the ball. Soper was played as first sub quarter. All the men who were off yesterday were back in their positions to-day. Bloomer received a day's rest, but will play to-morrow. Batchelder had the preference over Flanders to-day and took Bloomer's place, Norton still being retained in the 'varsity line at left guard. George Adee spent the entire afternoon with the backs, paying special attention to the quarters. Frank Butterworth assisted in coaching the linemen.

Delegates to the New York Interscholasti Athletic Association held their first annual neeting at Dwight School yesterday after-noon. J. Ellingwood of Dwight School was installed president, owing to the graduation of President Wright of Barnard School. Notwithstanding the action of the advisor

ommittee in retaining the one-year rule the boys yesterday moved to amend the rule from one year to six months. That this is a direct blow to the committee is apparent but the boys cannot pass the amendmen

but the boys cannot pass the amendment without the sanction of the advisory committee. It was also decided to retain the bleycle races, although cut out by the advisory board.

There was considerable discussion over the prizes, but it was finally decided to leave them as they were, with the exception of a little more fancy work on them. President Ellingwood appointed a football and basketball committee and asked them to have the schedules arranged as soon as possible. It was also decided to have the football games at American League Park.
