MAYOR HAS NOT TURNED DRY

IT'S BLACKMAIL HE WANTS TO TOP. NOT DRINKING.

General Approval of His Pian Comes From Officials Around Town—Places with No License to Sell Sunday Likely to He Cautious Under New Procedure.

Mayor Gaynor, having set the town to taking with his proposal to abolish ammary arrest by the police in barrooms ss, would add nothing yesterday to letter to Police Commisit can be stated authoritatively that Mayor said nothing to any of his allers which would justify such an repression. All that he would say to the newspaper men was that his letter spoke

an open or closed Sunday when he was making his programme. What he means to strike at is the blackmailing of saloon by the police through barroom rrests. This extortion he thinks can be prevented by leaving it to the District Attorney to say whether the evidence obtained justifies an arrest on warrant police extortion system, not the

of the Aldermen and ward politicians. ounge around the corridors of the City Hall was that the saloons of the city would be kept rather tightly closed for a few Sundays until it is seen how the police take the Mayor's orders. The reneral comment heard from these men was that while it was one thing to deal with a cop they knew and could fix it was quite a different thing to deal with sworn informations upon which a District Attorney would act. One of these men who owns a saloon on the East Side said:

There was no danger in taking chances when the worst that might happen to us was a \$10 or \$25 fine in Special but I den't intend to take a chance for a because who knows that the State Excise Department might not take advantage of these affidavits, and that would mean the cancelling of my nse and the forfeiture of my bond."

Commissioner Baker said yesterday that he agreed with the Mayor that plain arrests and that he would begin at once preparing to enforce the law in accordance with the Mayor's letter.

"It is a fine thing," said the Commis-"to have as Mayor a Judge who out the proper interpretation on the This matter of the method of makce the early part of January. Our sterest in the matter antedates the first raid made by Policemen Cunningham and nan and their activity had nothing hatever to do with the new order. will take some time to lay the plans for the will take some time to lay the plans for the new method and to instruct the police. I shall consult with four or five inspectors to-day or to-morrow and explain my views to them and they will know the quickest way of instructing the men. There may be some dissatisfaction with the new orders; that is to be expected: but I believe that the majority of the force will accompany with me.

but I believe that the majority of the force will cooperate with me.

"There is an infinite amount of detail requiring attention before the plan can be instituted and we shall take things up as they appear. The matter of enforcing the law at Coney Island can wait until the resorts are opened. New forms will have to be printed, on which the police will make their affidavits, which will be presented at the District Attorney's office. All those things take time and I can not cay just when we will begin operations."

The Commissioner was asked whether Gen. Ringham as Police Commissioner The Commissioner was asked whether Gen. Bingham as Police Commissioner had not advocated a plan similar to that proposed by the Mayor.

"I believe he did propose something like it," answered the Commissioner.

District Attorney Whitman said:

"I think the Mayor's plan for dealing with the excise situation is well worked.

trying and is clearly in accordance with the provisions of the liquor tax law. It must be remembered, however, that the obtaining of evidence of violations of the law, and hence the enforcement of the law, and hence the enforcement of the law by the courts, rests primarily and almost entirely upon the integrity and efficiency of the Police Department, even under the scheme which the Mayor proposes. The District Attorney's office is not provided with officers for the purpose of obtaining evidence of violations of law. Of course my office will cooperate cordially with the Mayor and with the Police Commissioner, and will vigorously prosecute such persons as are vigorously prosecute such persons as are shown to be guilty of the violation of the excise law on the evidence presented to me by the Police Department as re-

d by the statute."
. Whitman added that he did not hink the Mayor was trying to put the oxcise business up to the office of the District Attorney. It was not a part of the work of the office to do police duty. "I will proceed on any evidence that brought to me properly corroborated. continued Mr. Whitman. "It is not up to me as to how they may obtain the evidence and I do not believe that the Mayor

me as to how they may obtain the evidence and I do not believe that the Mayor has any idea of keeping plain clothes men from getting evidence. All that he wishes to do is to stop peremptory arrests and possible graft.

District Attorney Clarke of Kings said:

I have read the Mayor's letter carefully and I consider it covers the situation admirably. All excise cases that have come up for prosecution here have regularly come to this office and I am ready to take care of all that may come under this new rule. I do not think that the number of excise cases will be materially increased by the new policy, but even if it should be the present force of assistants will be able to take care of all the cases.

The only comment which F. F. Donovan, secretary of the United Liquor Dealers Association of Kings County would make on the Mayor's letter was "It is a good thing."

orts that Mr. Gaynor is aiming at or broad and enlightened view of this law ects a "dry" Sunday are erroneous. who would have strength and courage to who would have strength and courage to make formal pronouncement upon the subject; and Mayor Gaynor is deserving of the highest commendation for his broad and liberal interpretation of that law, a law that can be interpreted only in this way from an intelligent standlaw, a law that can be interpreted in this way from an intelligent s point, and from the standpoint espe of the intent of the Legislature. only approve of Mayor Gaynor's re marks but it has long been my opinion that I have expressed several times." ALBANY, March 30.—Excise Commis-sioner Clement said to-day of the Mayor'

Packard Motor Car Co. N.Y.

ALBANY, March 30.—Excise Commissioner Clement said to-day of the Mayor's letter:

"Taken as a whole, I heartily approve of it. The letter shows a careful, clear-headed examination of excise conditions and excise methods as they exist in New York city, and a no less careful examination of the law. I am particularly gratified with some of his statements. For instance, in speaking of the methods of plain clothes men which have resulted in extortion of money from proprietors of saloons and hotels rather than in the enforcement of the law, he says. The provisions of the liquor tax law were carefully drawn to prevent all of this, and they have been followed all over the State outside of this city, resulting in the reduction of extortion to the minimum and a safe, orderly and effective administration of the Squor tax law.

"This is a solar plexus blow to the demagogues and critics who have been persistently clamoring that every existing excise evil and abuse was due to defects in the law itself instead of being the result of a deliberate disregard of law by local officers, as is clearly pointed out in the Mayor's letter. I have always contended that the liquor tax law, if decently enforced in accordance with

visions, was adequate to correct all serious excise abuses that exist, and that the amendments most needed were in the interpretation of the law and in the con-duct of officers charged with its enforce-

DEATH OF GEN. TIERNON.

in the Philippines.

BUFFALO, March 30. Brig.-Gen. John
L. Tiernon died here to-day. Born in
Indiana in 1841, he gave up, when just of
age, the Speaker's chair in the House of
Representatives of Dakota in 1862 to
accept a Second Lieutenancy in a Missouri artillery company. The civil war
found him at different periods provost
marshal of Governors Island, assistant
provost marshal of California and Nevada
and on special duty in New Mexico. In
the Spanish war he started in as head
of the artillery school, but was sent to
the Philippines, where he organized and
was the head of the native police in
Manila. His forty years continuous service was ended seven years ago by his
voluntary retirement the day after he
was made Brigadier-General.

ADVICE FOR GOOD CATHOLICS

ARCHBISHOP FARLEY FATHER MCLUSKEY.

New York the Some of America, Farley Tells the St. Francis Xavier Alumni —Pidelity in Mixed Marriage Urged the President of the College.

This is "the greatest Catholic city in the world, the Rome of America." Archbishop Farley told more than 200 members of the alumni of St. Francis Xavier's College and the Xavier Alumni Sodality who dined at the Hotel Astor last night with the Archbishop as th chief guest. The prelate spoke briefly on the theme of a Catholic citizen's duties, a subject dwelt upon by most of the rs that followed him.

The Rev. Father Thorias J. McCluskey sident of St. Francis Xavier's College and rector of St. Francis Xavier's Church in West Sixteenth street, delivered a longe address than the Archbishop, who could remain but a short time after the dipper because of engagements. Father Mc-Cluskey talked of "our system of deistic schools," among other things, and urged his hearers to see to it that their children

The Catholic church in America, aid, was the greatest foe to socialism and anarchy, two forces which the speaker eared are the greatest foes of the re-

The toastmaster was Dr. Francis J. Quinlan president of the alumni, who wore about his neck the crimson ribbon mander of the Order of St. Gregory. Archbishop Farley and Father McCluskey the others at the guest table were the Rev. Father Hearn, Thomas A. Brennan, Percy J. King, Robert King the Rev Father Macksey and John D. Moore. Also among the diners were Mgr.

re1le Mgr. Lewis, Judge Francis B. Delehanty, John T. Keresey, Thomas M. Mulry, Dr. J. A. Hofheimer and the Rev John C. Clarke. Archbishop Farley expressed his please

ure at being "here among the leaders of

aid, "who said to me. 'You don't know how proud I am to be here in this great Catholic city of New York. Then she added Its the Rome of the new world.

continued the Archbishop, "are com-paratively few and not so well off in this world's goods as some of our neighbors mity such as you will find nowhe else in the world. Recently I visited Paris, Vienna and other great cities, changed my belief that New York is the reatest Catholic city in the world.

The Archbishop recounted the struggies of the pioneer Catholics in New York, to whom he gave credit for the present state of good will between Catholics and non-Catholics, and he urged his hearers to see to it that the good feeing continues, so that "New York will go down into history as the Rome of the New World."

Father McCluskey was greeted rousing cheers as he rose to spea "his boys."

"his boys."

There's a new paganism in our country," he said after he had told of the Church's work in instituting chivalry. "Recently its doctrines were sent forth anew by a man supposed to be one of our leaders of thought, thereby quenching for thousands the light of heaven so that now they see only the electric lights of earth. Socialism and anarchy are following in the wake of this new paganism. "We are not a Christian nation, despite our boasts of centuries, when 50,000,000 out our boasts of centuries, when 59,000,000 out of 75,000,000 in one census answer that

of 75,000,000 in one census and they profess no religion. Yearly thousands and thousands are coming to our sands and thousands are coming to our shores with their red flag and nothing our only for their red flag and nothing on Stars and Stripes. If the nation God forbid it will ever be dragged down, but it is our duty to deal effectively, in-telligently with the threatened danger."

The speaker reminded his hearers how

Served in the Civil and Spanish Wars and religion. In illustration of the necessity

nor a non-individual man.

The speaker pleaded with his audience to educate their children in the Cathloic schools in order that they might be "better citizens." Also he deplored the lack of schools in order that they might be "better citizens." Also he deplored the lack of combined effort among American Catholics in public matters and said that the Socialists, "even the suffragettes," make "more noise" where their interests are concerned. The Catholic church never dragged down a good Government, concluded the speaker, but was ever the most conservative of any particular body. Robert H. King spoke on "Catholic Unity," Thomas A. Brennan on "The Catholic Citizen," Percy J. King on "Ourselves," John D. Moore on "Chivalry," and Dr. Quinlan on "Catholic Citizensnip."

PREACHER OUT OF ASYLUM.

PROVIDENCE, March 30 .- The Rev. Ray mond B. Walker, formerly pastor of the Graniteville Free Baptist Church, escaped

On December 2 of last year the minister was arrested after a fight with Inspectors J. T. Haran and H. D. Caffrey of police headquarters, charged with forgery. On this charge he was indicted by the Grand Jury on Tuesday. The Rev. Mr. Walker was at first confined in the jail, but twice attempted to commit suicide. On January 22 he swallowed nearly a paper of pins, a lot of ground glass, pieces of wire and a threaded needle. It was expected that he would die at that time, but he so far recovered that the physicians say that his physical condition is now excellent. After that escaped he was transferred to the insane hospital.

He escaped about midnight, after the night watchman had made his rounds at 11:30. He jumped out through a window, and eluding the guards who patrol the grounds scaled a twelve foot fence to freedom. The police all over the State have
