SPICE BITTERS.—Those Bitters have been long celebrated for their peculiar virtue, in fortifying and strengthening
the stomach; they procure an appetite and help digestion, sweeten
and purify the blood, remove obstructions, and are found very use
full in removing the jamelice; they produce a sweetness of the breath,
removing all acorbitic and unasovery belching, and are a great pre
ventative against fevers and agues. They are useful in all seasons
of the year, but more particularly so in the spring, by bracing the
fibres, and preventing that disagreeable listlessness and weakness
arising too frequently from relaxation on the approach of warm
weather. Prepared and sold, wholesale and tetal, by

COURT OF COMMON PLEAS,

COURT OF COMMON PLEAS,

JANUARY TERM—JUDGE ULSHOEFFER PRESIDING.

Cameron & Hughes rs. Tudihope and others.

This action was instituted to recover damages sustained by the plaintiffs, as they allege, caused by the interference and threats of the defendants, who were members of the Committee of the Journeymen Stone Cutters Association. The leading facts in this case are nearly as follows:—

The plaintiffs had a contract for the stone work of the house building on the corner of Duane street and Broadway, the property of Mr. Eissha Bloomer. While Cameron & Hughes were at work upon their contract, it was rumored that state prison stone was used in the building, and acting upon this rumor, the defendants came one Satarday in July to the yard of the plaintiffs, and forbade the journeymen at work, from working any longer for Cameron & Hughes. They gave no reasons for their conduct, but told the men they might act their pleasure whether to work or not—they knew what would be the consequences if they did not obey—they would be scabbed—this term implies, that a person scatbed cannot get work in any shop in the city, for as soon as he comes in any shop in work, all others would leave, and he would thus be thrown entirely out of occupation, without even a prospect of ameadment. Mr. Western of counsel for the complainants, opened the cause in a speech of great abuilty, in which he deprecated, in the severest terms, "the Trades Union" aystem. Peter Collins was then called, who being swern, testified as follows:

testified as follows:

Is a Journeyman Stone Cuttur—has been for 36 years—knows the plaintiffs, and is in their employ—their shop was in 19th Street—in July last they employed 7 journeymen—they were cutting stone for Mr. Bloomer, for his house on the corner of Broadway and Duane street—witness was in their employ at that time—Tudhope, Crhystie and Macin came to their shop in July—they came on Saturday, and on Monday they were arrested and put in jail—they told the worknen, who were eating dinner, that they must quit work at that shop—it was between 12 and 1 o'clock when they came—Chrystie spoke first and told them to quit working there—witness told him he was committing himself, and was liable to be taken up for it—the defendants then said they would give them until Friday night, and that if they did not quit them, no menshould work there thereafter—they knew that defendants were a committee.

Mr. Whiting for the defence hereafter—they the defence hereafter—they had defendants were a committee.

mire.

Mr. Whiting for the defence, here made strong objections to the testimony of this witness, as to the cause that induced the journeymen of Cameron & Hoghes to leave their employ. But Judge U. ruled, that it might be received. Mr. Whiting's exception was noted.—They all quit on Tuesday but one—Collins, McCabe, Taylor, Dixon and a man who has since gone to Cuba—Walker quit before Tuesday—Fagan said he would not work any longer there, for fear he would be scabbed—knows Alexander Grant was in their employ in July—Grant never worked any more after the committee came to the shop—they did not quit work until Tuesday night—witness quit on account of the threat of being put on the scab list—witness attended a meeting of the Stone Cutters' Association, of which he was a member, on the following Wednesday—they (the journeymen) never returned to C. & H.—they were enployed on Bloomer's contract—they could not execute Bloomer's contract—the season until Services—of the journeymen were worth 50 cents a day—July is a very good business month and the season until Nev. is the same.

Cross-examined—Was a member of the Stone Cutter's Association in 1834, and was so until they stood out fan was eabbed—has been at a meeting in Juse—was not was eabbed—has been at a meeting in Juse—was not was eabbed—has been at a meeting in Juse—was not were well as the stone out—they stood out for two distracts—the brown stone men also stood out, and wanted a draft of the price book—a committee was formed to meet Mr. Bloomer, who has defered to find work by the day, and not to furnish state prison stone—Cameron & Hughes, McCluskey, and Junea—was not one of the first who werked with them at \$2\$ per day—witness quit because there was after prison stone—and the conference with B—they, C. and H. were reported on the conference with B—they, C
