M. R. EDITOR—TO BE GRATEFUL IS THE DUTY OF the overy one, and I having great cause to be so, perm to state the following circumstances—In the first place, I must remark. that I am opposed to all kinds of quackery. I have never employed a quack in my He institute Warfel of the over used one centrely the feel pleasure in upholding and discountenance quackery. I feel pleasure in upholding and supportion are entired to my bed with the rheumatism, which infered every joint and which was accompanied with indescribelic pain and swelling. My suffering caused me to pray fer God to end my existence. I had skilful phylicians, who called for consultation three of our most eminent practitioners on several occasions; but, alas, their ustrict attention and combined skill availed me none. I had lingered upwards of nine months, when my attending physician informed me that he, with his associates had exhausted every means, and that the disease had affected my heart, and that I must resign to my fate. At this critical moment a friend of mine advised me to send for Dr. Heine, 20 Duane street, I placed myself under this gentleman's care. Very soon I found relief; and in the remarkable short time of three weeks I have been restered to health, and am now pursuing my business. Give this an insertion in your journal, hoping thereby to be a hencelt to the public.
