WANAMAKER'S STORE SCORCHED.

Thirty Buildings Destroyed Before the Flames Were Gotten Under Control. Several Firemen Injured - One Man Dropped Dead-A List of the Losses.

PHILADELPHIA, Jan. 27.—The fire here destroyed one of the most valuable blocks of real estate in the city. It was the block bounded by Market, Thirteenth, Filbert and Juniper streets, in the very heart of the city. A few steps to the right looms the massive city hall: around the corner stands the Pennsylvania railroad terminal and directly across the way John Wanamaker's great store stretches from street to street. So fierce was the flame and so strong the wind which aided its destructive work that even this building, distant the width of Market street, was saved almost by a miracle from total destruction and Mr.

Wanamaker places his loss at \$100,000. The total loss is variously estimated at from \$1,000,000 to \$2,500,000, but in the chaos and confusion now existing it is all but impossible to secure accurate figures. The losses are very generally covered by insurance.

The fire originated in the basement of the six story building, extending from 1809 to 1317 Market street, occupied in the lower floors by Hanscom Bros., grocers, and above by the umbrella factory of Hirsch Bros. The smoke was discovered by a policeman, who promptly turned in an alarm, but the fire made such headway that before the engines could be put to work the building was a mass of flames. With uncontrollable rapidity it then spread in all directions, destroying about 30 buildings before it had been finally controlled. The fire reached the big tower of Wanamaker's store about an hour after it started and the energies of the department were concentrated upon saving that building. The tower was entirely destroyed and other dam-

tures on Thirteenth street, up to Filbert, assessed in all at about \$150,000, and four buildings on Filbert street about \$75,000, including the six-story printing house of Dunlap & Clark, valned at \$150,000. Wanamaker's loss on stock will reach

\$25,000 and Hirsh & Bros. \$200,000. Several firemen were injured, but none seriously, and one man dropped dead of excitement.

## FEW HUNGRY IN CHICAGO

The Suffering Relieved by Systematic Work-\$35,000 Subscribed.

CHICAGO, Jan. 27 .- The quick response of the citizens to Mayor Swift's appeal has resulted in the relief of suffering in Chicago with rapidity and to an extent far beyond expectation. Through the systematic canvass of the police and the prompt attention to the cases reported by the officers it is safe to say that but few persons are suffering in Chicago from cold or hunger. During 48 hours not less than 1,200 families were supplied through the police with food and fuel.

The work of the police was reinforced by that of the lettercarries who, acting on Postmaster Hesing's orders, gathered the names of the unfortunates on their routes and turned them in to the substations, the superintendents of which then reported to the police. The work of the Salvation Army was far reaching and the information in the hands of the "slum" workers was used to great advantage in the relief work Mayor Swift has been busy receiving subscriptions to the relief fund. Fully

Search Delivered His Annual Address. A Tariff Committee.

PHILADELPHIA, Jan. 27 .- The second annual convention of the National Association of Manufacturers is in session in Horticultural hall. There are nearly 300 delegates present. The address of welcome was to have been delivered by Mayor Warwick, but owing to his being required at the scene of the fire. Charles Heber Clark acted in his stead. Immediately after this, President Search announced the annual committees of the convention, after which he delivered his annual address.

Charles Heber Clark, Pennsylvania; G. J. Seabury, New York; F. S. Fish, Indiana; J. F. Hanson, Georgia, and L. B. Jewell, Connecticut, were appointed a committee on tariff.

The special tariff committee met in the Manufacturers' club. While nothing would be stated officially, it was understood that the committee favored a strong protective tariff and reci-

Trouble Arises Over the Bank Failure at Newport, Ky.

CINCINNATI, Jan. 27 .- A sensational feature has arisen in the settlement of the affairs of the First National bank of Newport, which seems to involve a clash between the state court and the comptroller of the currency.

Some of the depositors have filed a suit asking for the appointment of a receiver, alleging that the directors have abandoned the management of the afiairs of the bank and that Cashier Youtsey, who owes the bank \$150,000, is disposing of his property and giving preference to certain creditors. No officer of the bank appeared to oppose the application and Judge Helm granted it and it is said will appoint John T. Hodge receiver. By what means the order of the court will be enforced is not made apparent. Receiver Wilshire. appointed by Comptroller Eckels, is

still in charge. Hollidaysburg Bank Starts Up.

HÖLLIDAYSBURG, Pa., Jan. 27.-National Bank Examiner Bingham of Philadelphia today transferred the broken First National bank of Hollidaysburg to the new organization, which opened the bank with 100 per cent of new capital. Prothonotary J T. Hartman will be president and J. G. Swope of Mt. Pleasant, Pa., cashier. This bank was closed by a run on Dec. 14. The Martinsburg Deposit bank and the Williamsburg bank, which were branches, will not reopen.

Likely to Fight In Nevada. San Francisco, Jan. 27 .- The Corbett-Fitzsimmons glove contest will take place in close proximity to one of three Nevada towns, viz: Carson, Reno or Virginia City. A bill permitting such affairs has been introduced in the assembly at Carson and there is every indication that it will become a

law within the next day or two. Ice Bridge at Niagara. NIAGARA FALLS, Jan. 27 .- The cold is intense here and the glittering ice bridge has formed in the gorge. The frozen spray upon the trees of the parks and the faces of the cliffs present a dazzling spectacle and trains are hringing many sightseers.

SLIGHT ACCIDENT NEAR TYRONE. First Reports Very Much Exaggerated.

A Relief Train Sent. ALTOONA, Pa., Jan. 27.-The reports of the accident to a sleighing party near Tyrone were much exaggerated. A party of 18 young men and women of that town started in a large sled for a night's diversion at a farmhouse in Eden valley, several miles east of Tyrone. While descending a small embankment leading from the railroad tracks, the brakes failed to hold and the sled slipped over the embankment.

falling five feet. Miss Alice Hadden of Washington, and Miss Jennie Stover of Bellefonte. both of whom were visiting in Tyrone, were picked up unconscious, but they were not seriously injured. The party suffered mainly from the intense cold The news of the accident reached Tyrone in a sensational form, and the railroad authorities promptly sent to the scene a relief train with four physicians. At a late hour the party was returned to Tyrone and all were able to walk to their homes.

TO PROMOTE WOMAN'S SUFFRAGE. The National Convention Now Being Held at Des Moines.

DES MOINES, Jan. 27.-The National American Woman's Suffrage association annual meeting has a fair attendance. Seventeen states are represented. Among those on the committee on resolutions are: Ohio, Dr. Viola Swift: Pennsylvania, Mrs. Mary B. Luckin.

Rachael Foster Avery, corresponding secretary, reported over 2,000 articles published during the past year in nearly 700 papers, read by more than 1,000,000 people in 49 states. Although national headquarters at Philadelphia has done good work during the past year at an expense of \$1,300, she recommended the removal of headquarters to New York to co-operate with the national organization.

Susan B. Anthony, president, gave her annual address. It was devoted largely to a statement of the work in California, which she regarded as very satisfactory. She said that California's defeat is simply victory deferred, for the legislature is sure to resubmit an amendment and they will be victorious in November, 1898. Nevada, Oregon, Washington and Montana are also likely to have suffrage campaigns and prospects for success are good. She urged a more thorough local organization for the education of voters. Rev. Anna Howard Shaw of Phila-

delphia also reported on the work in California. Laura Clay of Kentucky spoke for that state, telling of satisfactory progress in the recognition of women upon state boards and in special legislation

asked for by women.

CHOLERA MAY FOLLOW FAMINE. A Correspondent Reports Dire Distres In Bijapur, India.

[Copyrighted.] Bijapur, Presidency of Bombay, Jan. 27.—The special correspondent of the Associated Press, who is visiting the distressed provinces of India, has arrived at Bijapur, about 245 miles southeast of Bombay, and finds in this district the keenest distress, especially among the people of the lower castes. These are on the verge of starvation and are only saved from it by the government relief work, which enables them to earn enough money to at least keep body and soul together while awaiting the brighter state of affairs which recent rains are expected to pro-

vide later in the year. It is estimated that fully one-tenth of the cattle in this district have already perished from lack of fodder, and the loss from this cause will undoubt edly be considerably increased between now and the growing of the new crops. In the fields can be seen lying numbers of carcasses of animals being devoured by vultures. There are many gangs of robbers engaged in pillaging grainstores whenever an opportunity arises, and the prisons are full of thieves who have been captured while stealing grain or in attempting to do so. Among the masses there are many cases of illness, arising from lack of proper nourishment and it is regarded as certain that cholera will reach this district sooner or later, owing to the careless ness of the people.

A COSTLY RAILROAD WRECK.

The Atlantic City Disaster Cost Almost a Million In Claims

CAMDEN, N. J., Jan. 27.-The rai road accident which occurred on the Atlantic City meadows last summer, when a Philadelphia and Reading flyer ran into a West Jersey train, and resulted in the killing of 44 people and the injuring of about 100 more, has proven a very costly one to the railroads.

Since the accident the companies have been settling the claims for damages outside of courts. It is estimated that thus far they have paid out in damages a sum amounting to nearly

One of the latest claims to be settled is that of Mrs. Samuel Mita. She brought suit for \$90,000 damages for the death of her husband and one daughter and the injuring of herself and a son. The company it is said has given her \$30,000 in settlement.

## MISSION OF WOLCOTT.

Silver Men Deride It In the Senate.

CONFERENCE BILL CONSIDERED.

White Says There Is No Purpose to Oppose the Measure, but Declares It Will Do No Good-Stewart Offers an Amend-

WASHINGTON, Jan. 27 .- The Welcott bill for an international monetary conference has been considered for the first time in the senate. Mr. White (Dem., Cal.), and Mr. Cannon (Ind., Utah) and Mr. Daniel (Dem., Va.) urged that the conference would be futile and was not intended as a serious movement toward

bimetallism. Mr. White spoke derisively of Mr. Wolcott's trip to Europe as the representative of the coming administration in behalf of bimetallism. This envoy antecedent had not met with the most nearty reception, if the cable reports could be believed, but had been referred by British statesmen to their brothers on the continent. Mr. White said the senator from New Hampshire (Chandler), in his leisure hours from the senate, edited a newspaper which contained an article which Mr. White had read at the desk amid some amusement. It spoke of Senator Sherman as the great leader who would solve the problem of bimetallism.

Turning to Mr. Sherman, Mr. White asked the Ohio senator if he was ready to assume the task mapped out for him. There was no purpose so far as he knew, Mr. White proceeded to oppose this measure, as it was felt to be harmless, while it might satisfy its promoters who might feel that it kept some of their promises, yet, with this act, they were doomed to certain failure. When it had remained unacted upon, some other device might be resorted to. The senator referred to the lonesomeness of the proposed commission, going about and seeking nations with whom to confer. He doubted if anyone would be appointed to this commission, unless some large emolument was attached to the places. It was a futile movement, declared the senator, and having relieved themselves of the financial question by this harmless device, its promoters would then turn their attention to levying more taxes.

Mr. Cannon (Ind. Utah) urged an amendment directing the president of the United States to call the conference, and reciting that the purpose was toward securing a ratio between 15 to 1 and 16 to 1. He said the Wolcott bill merely relieved Mr. McKinley, leaving him the mere administrative duty of

appointing commissioners. There was a belief, he said, that Mr. McKinley, in his holy of holies, entertains a conviction favorable to bimetallism and the bill should be made broad enough to permit the coming president to aid in the accomplishment of this great end, instead of retiring into a passive and administrative attitude. As to international conferences in general, Mr. Cannon said he had little faith in them, and it would be about as t to calvanize life into one of the Pharaohs as to get any definite results from such a conference, senator referred also to Mr. Wolcott's trip to Europe and said little was to be expected from this "dilletante dall-

ance' with great questions involved.
Mr. Stewart (Pop., Nev.) offered an amendment providing that in case the international conference failed to efect an agreement as to bimetallism then, within 30 days after the adjournment of the conference, the secretary of the treasury shall coin all gold and silver brought to the mints into standard silver dollars and such gold coins as are now provided by law.

Mr. Daniel, referring to Mr. Wolcott's trip, said it was a remarkable and pa-thetic spectacle to see this sojourn to the foot of the British throne. The American people going to Lombard street and seeking interviews with European financiers presented an impressive picture which deserved a place in the rotunda of the capitol. The senator referred satirically to a crusade for bimetallism in which Mr. Sherman was to be at the head of the crusade.

EX-QUEEN LIL'S RECEPTION. The Public Visits Her at Her Botel In

Washington, Washington, Jan. 27.-Ex-Queen Liliuokalani has held a reception for two hours at her rooms in the Shorenam. It was her purpose to confine the reception mainly to newspaper men and such persons in official life as cared to call. However, the ladies in the hotel soon passed the news of the affair to their friends elsewhere and in consequence the small parlor set apart for the callers was well crowded with persons, mostly of the fair sex, and genrally animated by a feeling of curiosity to see the woman who had been a queer and had filled a page in the history of Polynesia.

The queen was assisted in the reception of visitors by her lady-in-waiting, Miss Kia Nahaolelua, and by her secre tary and agent, Joseph Halelnhe, both native Hawaiians. Mr. Palmer, acting as her chamberlain, received the callers at the doorway and presented them to the receiving party. The queen was be comingly attired in a black silk gown trimmed with royal purple and bore herself with great dignity, responding aptly to the salutations of her callers, and having a pleasant word for every-Whether or not she will again receive the public in Washington is not known, and when she was asked the question how long she intended to remain here she replied that she aid not know; she found it so pleasant in Washington that she had as yet given no chought to departure.

WARMER WEATHER PROMISED. Light Snows Predicted For This Section of the Country.

Washington, Jan. 27.-The weather bureau issues the following: The temperature has risen slowly from the Atlantic coast westward over the Ohio and Upper Mississippi valley and the northwest. It continues low and has fallen slightly in the southwest and it has fallen decidedly on the central gulf and West Florida coasts,

where it is below freezing. The temperature will remain about stationary today in the Middle Atlantic states north of Virginia with fair weather and it will rise slowly in the central valleys, with light local snows. The high winds, which have prevailed on the Atlantic coast north of Hatteras, due to the depression in the lower St. Lawrence valley, have been succeeded by brisk northwesterly winds, which will continue today, the depression having passed to the eastward

of Nova Scotia. The forecast for West Virginia, Western Maryland, Western Pennsylvania and Ohio is as follows: Fair in the morning, with increasing cloudiness; probably local snows in

Curtis (Rep., Kan.) defended Indian education, but admitted that it was a city that educated Indians were returned to the poor soil of Arizona, but where the Indians had good tillable lands he denied that they returned to savagery. He paid a high tribute to the work the educated Indians were doing in Kansas and other states. "Have not the Indians developed great powers in football?" asked Mr.

"I believe they have." "And is not football considered, in our modern colleges, the highest test of culture and civilization?" [Laughter.]
Mr. Hartman (Mon.) offered an amendment which produced a howl of laughter, recalling as it did, the recent exposures in connection with the notorprovided for an appropriation of \$1,000,-000,000 for the education and civilization of the "Seeley savages of the Manhat-tan reservation." AN ANSWER TO RODRIGUEZ.

President Hitchcock Claims Nicaregua Canal Company Has Done Its Part Washington, Jan. 27 .- Hiram Hitchcock, president of the Nicaragua Canal company, has written a letter to Secretary Olney in reply to Senor Rodriguez'

statement, which the secretary sent to Mr. Hitchcock says that when Sengr Rodriguez says the company has forfeited its charter because of neglect to make the surveys as required, "he omits to inform you that the final surveys and location of the canal were made and concluded by a commission of engineers in strict conformity with article 47 of the concession and were formally accepted by the government

of Nicaragua on Oct. 8, 1889. Mr. Hitchcock also asserts that the company has fully complied with the requirements of the concession. "The letter of the minister," he concludes, is an attack upon the integrity of the Maritime Canal company, and its concessions; and on behalf of that company I ask the protection and aid of the government of the United States in the defense and maintenance of its concessionary rights and its property."

SHERMAN SURE TO RESIGN. Brosvenor Denies the Senator Might Reconsider His Decision

Washington, Jan. 27. - General Grosvenor of Ohio declines to discuss the rumors from Ohio as to the probability that Governor Bushnell will appoint Lieutenant Governor Jones to the vacancy in the senate upon the retire. ment of Senator Sherman, except to say that the sentiment in Onio, as expressed in the newspapers, seemed to him overwhelmingly in favor of Mr. Hanna. With regard to the rumor that Senator Sherman might reconsider his acceptance of the state portfolio in case Mr. Hanna was not appointed to succeed him he expressed himself most em-

phatically. "Mr. Sherman," said he, "was tendered the premiership by Mr. McKin-ley on his own merits. He accepted, and he would have no right now to repudiate his acceptance because of dissatisfaction with matters growing out of his retirement from the senate, and moreover, I can say most positively that he has no intention of reconsidering his action."
