Latest Fashlons Demand J. W. Bradley's Celebrated Patent

THE wonderful flexibility and great THE wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced in all crowded assemblies. Operas, Carriages, Church Pews, Arm Chairs, for Prominade and house dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the pleasure, comfort and great convience of wear ng the Duplex Eliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For children, misses and young ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary skifts have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered; preventing them from wearing out when dragging lown stoops, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is recommended by the fashionable magazines as the Standard Skirt of the fashionable world.

To cujoy the following inestimable advantages in crinoline, viz.: Superior quality, perfect manufacture, stylish shape and finish, flexibility, darability, comfort and economy, enquire for J. W. Bradenay & Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

Caution.—To guard against imposition, be particular muine article.

genuine article.

CAUTION.—To guard against imposition, be particular to notice that skirts offered as "Duplex" have the red ink stamp, viz. "J. W. Bradiey's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also notice that every hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other Skirt.

For sale in all Stores where first class skirts are sold be found in any other Skirt.

States, where its merits ha Il known as the tree from which, in part it derives ;

THE WHITE PINE COMPOUND CURES fore Throat, Colds, Coughs, Piptheris, Bronchitis, Spitting of Blood, and Pulmonary Affections generally. It is a remarkable Remedy for Kidney Complaints, Diabetes, Difficulty of Vending Urine, Bleeding from the Kidneys and Bladder, Gravel and other complaints.

The White Pine Compound.

"It was early in the spring of 1855 that this compound was originated. A member of my family was afflicted with an irritation of the throat, attended with a disagreeable cough. I had for some months previous thought that a preparation having for its basis the inside bark of white pine might be so compounded as to be very weeks in diseases of the throat and lungs. To test the value of it in the case alluded to, I compounded a small quantity of the medicine that I had been planning, and gave it in caspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided and a speedy care was effected. Soon after this I sent some to a lady in Londonierry, N. H., who had been suffering for some weeks from I had cough, occasioned by a sudden cold, and had raised nuchs streaked with blood. She soon found relief, and ent for more. She took about ten ounces of it, and gave the J. B. Clarke, Esq., editor of the Manchester Pally dirror, made a trial of the same preparation in the case of a severe cold and was cured immediately. He was so dighly pleased with the results, and so confident in success attending its sales, if placed before the public, that The White Pine Compound. Send your disharges and apply in person or by letter o the undersigned, at Ashtabula or Geneva, who will ollect all soldiers' claims promptly. Fees reasonable. dirror, made a trial of the same preparation in the case of a severe cold and was cured immediately. He was so ighly pleased with the results, and so confident in success attending its sales, if placed before the public, that is finally persuaded me to give it a name, and send it droad to benefit the suffering. In November, 1835, I irst advertised it under the name of White Pine Compound. In two years from that time there, had been wholesaled in Manchester alone, one nunpuro pointage worth, where it took the lead of all the cours remedies a the market, and it still maintains that position. There is good reasons for all this; it is very coothing and healing in its nature, is warming to the stomach, and pleasant withal to the taate, and is exceedingly cheap.

"As a remedy for kidney complaints the White Pine tompound sames unrivaled. It was not originated for integrations; but a person in using it for a cough was Att'y and Claim Ag't, - Att'y at Law and Claim Ag't. SUMMER & WINTER COOK-STOVI and purpose; but a person in using it for a cough was of only cured of the cough, but was also cared of a kid ev difficulty of ten years standing. Since that acciden-il discovery many thousands have used it for the same

The Editor of the Manchester Daily and Weekly Miror, in the leader of the Daily, thus writes of the Compound:—"The White Pine Compound is advertised at such length in our columns, and we are happy to learn that the demand for it is increasing beyond all previous expectations. It is the very best medicine for coughs and colds we know of and no family that has once used twill ever be without it. We speak from our own mowledge; it is sure to kill a cold; and pleasant as it same. The greatest inventions come by accident, and it is singular that the White Pine Compound, made for oughs and colds should prove to be the greatest remedy or kidney difficulties known. But so it is, We cannot loubt it, so many testimoulals come to us from well-mown men. Besides, the character of Dr. Poland is uch that he will not countenance what is wrong. For nown men. Besides, the character of Dr. Polanticular that he will not countenance what is wreas. For ears a Baptist clergyman, studying medicine to find emedies for his allments, with a delicate, consumptive characters with one foot upon the grave, he made the ook, standing with one foot upon the grave, he made the iscovery which has saved himself, and called our from

he condition of all engine and other houses, of all fire ngines and other apparatus belonging to the village of ever any of the buildings or apportatus used by or for the purpose of the fire department need any repairs, alteraannually on the first Monday of May and November cach year. He shall also report all accidents by fire which may happen within the limits of the village, with

he causes thereof as near as may be ascertained together with the names of the owners or occupants and the approximate loss in each case. Sgc. 3-Any fire company, or any officer or officers of any fire company that shall knowingly or wilfully disregard, disobey or refuse to yield obenience to the directions of the chief engineer at any fire, or neglect of the to take care of, preserve and keep in order the free engine or apparatus under their charge, shall upon con ection thereof before the mayor and council be fined i any sum not less than five nor more than finy dollars and be deprived of their organization or command a the discretion of the council.

Sec. 4.—The village council shall on the last Saturda of December, 1855, elect one chief and one assistant engineer of the fire department who shall exercise the dutie of their office until their specessors are duly elected and SEC.5.-The chief engineer and the assistant engineer together with the several foreman of the respective fire companies shall constitute a board of fire wardens under

liner into convenient districts assigning one memb to each district, who shall in his own district at lea once in each year, and oftener if required so to do by the council, make a thorough examination of all buildings or tenements wherein fire is used, with power to direct such repairs or alterations of stoves, pipes thimble flue chimneys or any other apparatus used for heating, when by there exist a hability of fire, or such disposition of ashes taken out from where fires are kept, as in their judgment shall be necessary to make the same safe and prevent fires. And if any person or persons of directed to make any of the above named alterations or repairs shall neglect or refuse to comply with such directions within a reasonable time the same shall be done y the board of fire wardens and the expense thereof be me a charge upon the property until paid by the own

AN ORDINANCE. TO establish new boundaries to Spring Be it ordained by the Mayor, Recorder and Trustees of SEC. I.—That Spring street shall hereafter be forty feet wide from the east line of main street to a point in the neither sunshine or water can penetrate or dissolve it, from the moment it is applied. Can be put on any form, from flat, to perpendicular.

One base of the contract of the c be as follows; Commencing at a point in the cast line of Main street ; wenty fact north of the north brick wall of Soon hardens, so as to bear uninjured, the weight of a man jumping upon it. Will supercede tin roofing—that is so expensive and so soon rusted through; Iron Roofing—that is so costly, and often racks by its undue weight the structure it covers. Gutta-Percha—which always leaks; Tar and Gravel—ditto; Shingle Roofing—yearly growing more costly, and is but finder to every stray spark, which at best Time will soon destroy.

Main street twenty feet north of the north brick wall of the Clarendon house building as it now stands extende to the Clarendon house in the South 35° 30' east twenty feet from the Clarendon house building as it now stands extende to the clarest line of Main street, thence such as it of the Clarendon house building as it now stands extended to the clarendon house building as it now stands extended to the clarendon house bu to a stake standing south 73° 30' east twenty feet from a stone in the south side of Spring street near the Claren-don house barn, thence south 2° 50' east, I chain and 30 links, thence south 26-45' west two chains and three links, thence south 60-20', west 3 chains and 8 links thence south 60, west 3.38 chains, thence south 130, west 2,23 chains, thence south 3° 30', west 2.53 chains to near the bottom of the hill, thence south 15° 10', east 7 chains 88 links to the north and of the bridge, thence in the centre of the old county read as laid out and located to the tre of the old county read as faid out and located to the east line of the incorporated villago of Ashtabula.

SEC. 2.—That said Spring street is hereby declared to be opened according to the above boundaries to be used by the public as a street, and to be kept open and worked by the supervisor as other streets in said incorporated village of Ashtabula, and all land lying within the old boundaries of said Spring street not embraced in the above boundariesis hereby forever vacated as a street and the incorporated village of Ashtabula does have seen the incorporated village of Ashtabula does hereby relin-quish for ever all right and claim to the same for a street and for all other purposes.

SEC. 3.—That this ordinance shall take effect and be in

> AN ORDINANCE, NO permit certain persons to fence part of Spring Street:
> Be it ordained by the Mayor, Recorder and Trustees of Be it ordained by the Mayor, Recorder and Trustees of the Incorporated Village of Ashtabula.
>
> SEC. 1.—That the persons owning the land on both sides of Ashtabula Creek, on the east and west side of Spring street, have, and they are hereby given the right and privilege to build and construct fences on the edge of the channel of said Creek, upon both sides thereof, and from both sides of said Spring Streets to the corners of the bridge across said Creek,
>
> SEC. 2.—That this ordinance shall take effect and be in force from and after its passage.
>
> Passed January 9, 1867. H. L. MORRISON' Mayor.
