FASHIONS DEMAND DLEX'S Offebrated Patent

SKIRT omfort and pleasure to any last wearing the imple ic Skirt will be experienced particularly in a led assemblies, opens, carriages, railroad car church powe, sem chairs, for promounde and house dres as the Skirt can be folded when in dec to occupy a sm

as the Skirt cas be foliated when in decap actiopy as small place as easily and conveniently as a slik or muslin dress—an igraluable quality in crinolity, not found in any Single Spring Skirt.

A lady having enjoyed the pleasure, comfort and great carvanience of wearing the Duranx Fallers Street.

Station Skirt for a single day will never afterward willingly dispense with their use. For Children, Misces and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown adde as useless. The Hoops are restricted with double and twisted thread, and the bottom resis are not only double springs, but twice for doubles covered, preventing them from wearing out when afterping down stoops stairs.

The Dup, or Ediptic is a great favorite with all ladies, and is phire-ally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHION ABLE WORLD.

To enjoy the following inestimable advantages in crinoline, viz: Superior quality, perfect manufacture, stylish shape and finish, floribility, denability, comfort and economy, inquire for J. W. Brandary's Deplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

NEW GROCERY. NEW GROCERY ESTABLISH

FRESH FAMILY GROCERIES AND PROVISIONS.

and all those commodifies that go to make up the assortment of a store of this character. The subscriber hopes to be able to afford all the accommodation, and all the inducement in the way of fair dealing and moderate prices, found at any other place of the Kind in the village.

A slare of public parromage is solicited.

W. L. LEEK.

This Quarry, situated at Thompson, Genaga County, is the nearest and most convenient for the citizens of & detablila and vicinity, of any other, and the quality of its stone is superior for firmness of texturand durability. Stone ent to any dimensions, and for any purpose, dressed in the most workmanlike manner and at short notice. Orders solicitated, for Flaccing Steps, Well-Stones, Underpinning, Window and Doo Caps and Sills, Coping and water Tables. When the traveling is good, natiles may do their own handing at considerable saving.

W. REDHEAD,

Florence Sewing Machine, HE Subscriber having taken the agen-If It Shibscriber having taken the agency of this superior machine, would notify the ladies of
this region that she will supply any grade of machine
from \$63 upwards, according to case and finish, and will
aive such instruction as will enable the purchaser to run
it with facility and satisfaction. The merits of this
machine are equal at least to the best in use, and for ingenuity and simplicity of design and mechanism, holds
important advantages over all others. Some of these
merits may be briefly summed up as follows:

Its shoulcits and great mace of work.

Its simplicity and great range of work.
Its four different stitches—the lock, knot, double lock, and double knot.
The reversible feed motion, operated by simply turning a thumb screw, enabling the operator to run the work to the right or left, and convenience of self-fastening the ends of the seams.
The perfect finish and substantial manner in which the machine is made.
The enddity of its working, and the quality of the
