FARMERS, ATTENTION!

HE Attention of Ashtabula, Lake Geauga and a part of Eric County Farmers is particular by invited to several very Superior Agricultural Implements for which

GEO. J. RECORD & Co.,

Are General Agents, at CONNEAUT, O.

Have secured the sole agencies for these Countles. It is confidently claimed that the best Mowing and Reas ing Machine in use is

DODGE'S Patent Reoper and Mower and Self-Raker.

The success of the Dodge Machine for several years past is unprecedented. Wherever introduced, it at once takes the front rank.

By lease and purchase, the manufacturers have secured the use of all the desirable standard patents for Reaping, Mowing and Reking Machines. The Dodge Machine has thus been made a perfect combination of the best points of all the Machines, and this is the reason for its undefinable superiority.

In plan of operation, compactness, lichtness of draft, good quality of the iron and steel need in its construction, excellence of workmanship, and elegance of ninth, combined with great strength and adaptation to all kinds of work, the Dodge Machine certainly surpasses any other heretofore offered to the intelligent farmers of this country.

It Mows, and Reaps, & Rakes,

And does each and all of these easier, quicker, neater closer, safer, and better, than any other Machines. Read the following testimonials

G. J. RECORD & Co., Gents :—The Dodge Mower and Reaper that I bought of you hast seasen has met my expectation, and I feel that I cannot speak too highly of its merits both as a mower and self raking resper. I have no hestitation in recommending the bloige Machine as being the best I am acquainted with, as I have had it on trial with other machines, and I flud none that compare with it, both as to the kind of work, drability and case of management.
