A serious accident occurred on the Painesville Narrow Gauge road last week, too late for notice, by which a conductor was killed and a fireman had a leg broken, by the engine, which was running backward, near Chardon, jumping the track.

REV. HOMER WHEELER, Rector of St. Peter's church at the time of our first acquaintance with Ashtabula, filled his old desk on Sunday of last week. He is now located at Racine, Wisconsin.

THE Merchant-Union Express Company, so far as the Jamestown line is concerned, is merged into the Union Express, a company made up of the Adams and American Express companies.

OUR VILLAGE AUTHORITIES are taking up the well at the watering place near Firemen's Hall. Enlightened policy would seem to have suggested the putting of this expense to the project of bracing the surplus water from the south end of the village.

MAILS.—A special messenger is to be deputed to carry the mails on the trains to and from Jefferson, until the matter is arranged between the Railroad Company and the Post-office Department.

PICNIC.—A grand Grant and Wilson picnic will be held by the colored citizens of Ashtabula County, at Sturgeon Point, Geneva, August 13th, 1872.

MR. GEO. COOK, of New Lyme, says the Sentinel, while with a serious accident on the 2nd inst., while driving down a hill, some part of the harness gave way, letting the buggy against the horse, which took fright and began kicking, breaking Mr. Cook's leg and injuring him otherwise.

TO THE ELECTORS OF ASHTABULA COUNTY, regardless of former party predilections, who are in favor of the election of those heroes of the Revolution and Equal Rights—HORACE GREELEY and B. GERT BROWN—are hereby requested to meet in Mass Convention at the Court House in Jefferson, on Wednesday, August 14th, at 11 o'clock, A. M.

The Sentinel Ashtabula Correspondent takes fire, as if very proper, at the slabby way in which one of our citizens is used in the Madison Press, and follows the paragraph with one about as tasteful and gentlemanly, in reference to an attack of the Telegraph office, whose bearing is about as correct and proper, and as far above ridicule, as any one in the community.

GABRIEL'S life-size likeness, very well executed, has been sent up by some one—we suppose, the Golden Age office. As we have no interest in Greeley or his political kidney, it is as useless as a tail to a pony, and it will be sold out to any admiring friend, at a discount.

TRANSFER OF REAL ESTATE.—The house, barn and half acre lot on Division, at near the angle with Prospect, belonging to the heirs of F. B. Howe, deceased, has been sold by the agent, Mr. FERRIS, to F. B. FORD for the sum of \$1,300.

The two new lots on Depot at the east side, belonging to Geo. WILLARD, has been sold to Geo. HERRICK, for \$1,000.

THE FRANKLIN DIVISION of the L. S. & M. S. road was opened for regular business on Monday, the 5th. The delegates to the Republican County Convention rejoicingly took the first express train for Jefferson, which left this place at 10, A. M.

THE REVEREND CUTLER PERRY, CAPT. OTTENBERG, steamed into our Harbor on Wednesday last and spent the night, leaving in the morning for Connecticut. This is the first visit of this fine vessel to our port, her cruising ground having heretofore been in another district. The field of the Perry is now the whole of Lake Erie. This cutter is of a somewhat different model from the Sherman. While about the same length, her beam of beam is much less, making her one of the sharpest vessels upon either fresh or salt water.

Mr. Editor.—In the proverb, "Whom the gods will destroy they first make mad," about to be realized in connection with the saloon business of Ashtabula? If it is, the friends of decency and good order trust that you will bear with patience the onslaughts made upon you, by those whose madness is in the "man's a pot" variety. It is such attacks indicate that there is a "good time coming" for your village, when sobriety shall be the rule and rowdiness the exception, from early evening until the waning hour of midnight and beyond, you can well afford to endure for the present, in hope for the future.

ROCK CREEK CELEBRATION.—Notwithstanding the doubt and uncertainty that hung over this matter in respect to obtaining transportation, it was ascertained on Monday evening that a train of cars would be run on Tuesday, the 13th inst., for the purpose of preparing and the extending of information to the public. This, of course, left but Tuesday for preparation and the extending of information to the public. This, of course, left but Tuesday for preparation and the extending of information to the public.

Ashtabula Market August 9, 1872. Dealers pay the following prices: Wheat—No. 1, Red, \$1.00; No. 2, 90c; No. 3, 80c; No. 4, 70c; No. 5, 60c; No. 6, 50c; No. 7, 40c; No. 8, 30c; No. 9, 20c; No. 10, 10c.

LOCAL NOTICES. In Everybody's Mouth.—Praise the Sorcerer! Greatest luxury of modern times—beneficial to the system and refreshing to the palate. As a fragrant as a rose, and colder by friends, or in business, will now be no longer noticed.

THE HUMAN ROOF and its Thatching.—If man deserves well of his country who makes two blades of grass grow where only one grew before, surely he who produces a glorious crop of hair on a comparatively small piece of ground, is entitled to a reward. The occasion was celebrated by the Lenox Band as well as our own, and speaking of that now being interspersed with music—was led off by E. H. FRETCH, in a very commendable effort, followed by the Editor of the Times, who did himself no discredit either in head or heart, but the tightness of the place was a little apparent as well amusing. The spirit seemed to be willing, the flesh was weak. Then followed Old Father CLARK, one of the godfathers of the old New Lisbon enterprise, who contributed his thousands and his voice by the score, for securing its building. His voice was too feeble to hear. He was succeeded by THOMAS HALL, Esq., whose effort in noting the halting but certain progress of this enterprise, showed that he was quite happy in that which he seldom undertakes when other remedies have failed.

THE CONFESSIONS of an Invalid.—Published as a warning and for the benefit of young men and others, who suffer from Nervous Debility, Loss of Manhood, etc., supplying THE MEANS OF SELF-CURE. Written by one who has cured himself, and sent free on receiving a post-paid directed envelope. Address: RALPH J. MAYFAIR, 301 Broadway, Brooklyn, N. Y.

ARE YOU GOING WEST?—It is to take our advice, and purchase your tickets on the reliable and popular Missouri Pacific Railroad, which is to be the only line that runs three Daily Express-Trains from St. Louis to Kansas City and the West! and is, positively, the only line which runs Pullman's Palace Sleepers and Fine Day Coaches from St. Louis to Kansas City and the West. At Keystone, Indiana, on the 27th ult., suddenly, Mrs. LUCY HUNTER DUNN, aged 21 years. At the funeral, took place from the residence of her father, Mr. J. W. CLARK, at 10 o'clock, on the 29th inst. In New Lyme, August 4th, LAMINA, wife of H. A. HOVE, 62, aged 41 years. In Richmond, 28th inst., HARVEY TURNER, aged 30 years. In Richmond, 28th inst., SPEDY C. YOUNG.

Rev. EDWARD ANDERSON has, or is about to, fix himself upon the editorial tripod, and with the editor of the Chautauque Democrat, has issued the prospectus for a daily Greeley Journal at Jamestown. The position is one in which our revered friend will be very much at home, as he holds a sharp and keen eye, and no doubt will do something in the way of adding a contour or convulsion or two to the rapidly stiffening excess of Greeleyism. We would commend to his attention, the returns of the North Carolina election, before investing very largely in his proposed enterprise. Whether he puts off the cloth or not, we are not advised, but our advice would be, if he persists in his new project, by all means, to retain an interest in the prayers of his friends. Whether this is a fitting connection or not, the congratulations sent us while here, for our fidelity to principle, were received in all sincerity and are duly and gratefully acknowledged.

J. E. SMITH.—We notice by a New England paper, dating back a few years, that our fellow townsman, J. E. SMITH, known among us as a fine musician, and an artist, achieved some reputation at the South as a draftsman and architect. His model of a monument to the memory of Gen. Quitman, is spoken of in some of the Southern papers, as a fine specimen of skill and taste. A description of it given in the paper we quote from, is a most clear and graphic one—indicating that if he had turned his attention to this profession he would have been equally successful as in the photographic line. With such verities of genius, there is no reason why Mr. SMITH should not make his mark.

Dear Sir.—I beg to acquaint you that I have no interest whatever in the manufacture or sale of Medicines that are now being advertised as sold in the States as "Holloway's Pills and Ointment." Gross frauds have been practiced upon me by one Joseph Haydock and a David Pringle, both of New York, and who, in different places, have been successful in their business at St. Louis, Mo. In that city, David Pringle wrongfully sold forth, that he had the "Copyright" to make and sell my "Holloway's Pills and Ointment." And for this and other wrongs, legal proceedings are now being taken by my representative in New York, against them and others.
