

## This and That from Washington

By Congressman Frances P. Bolton

Mrs. Bolton

EMPHASIS ON SMALL BUSINESS. The Eisenhower Administration is continuing to demonstrate its interest in the welfare of the nation's small firms. The President has asked Congress to appropriate \$30 million more to increase the lending strength of the Small Business Administration, which expects to distribute five percent more money in loans in the coming fiscal year than in the present one.

Recently S.B.A. began approving loans to retailers and wholesalers who were previously unable to receive such aid. Now the agency plans to add to the eligibility list dental and medical clinics, laboratories and privately-operated convalescent homes.

On another front, the S.B.A. announced a plan to give small firms a bigger share of the Veterans Administration's \$200 million a year that is spent for goods and services. Similar arrangements have been made with the Defense and Agricultural Departments and the General Services Administration.

**SURPLUS FOODS FOR FRIENDS ABROAD**

The Eisenhower Administration is making real progress in moving mountains of surplus farm products into channels that will be of benefit to our friends abroad. Export sales for March alone included:

Cheese: 36,374 pounds for export to England. Total sales of cheese owned by the Commodity Credit

Corporation since authorizing legislation was passed in 1954 is now \$914,528 pounds.

Butter: 75,000 pounds for export to Peru. Total sales of CCC-held butter for recombining now 1,216,871 pounds.

Cotton: \$236,900 worth for export to Spain.

Rice: 230,000,000 pounds for export to Pakistan, plus an additional 132,000,000 pounds which are being donated.

Finally, the United States has recently signed an agreement to finance the sale of \$96 million worth of farm products to Indonesia. The agreement, for delivery over a two-year period, involves about 550 million pounds of rice, about 200,000 bales of cotton, 23 million pounds of tobacco and about 1,270,000 bags of wheat flour.

FOOD AND DRUG ENFORCEMENT ON WHK SHOW

Did you know that the head of the "F.B.I." of the thin, we eat is a distinguished Ohioan? George P. Larrick, U. S. Commissioner of Food and Drugs, and a native of Springfield, Ohio, operates the agency that checks the purity and safety of the products upon which the American public spends about one-fourth of the average family income.

Mr. Larrick who was my guest on a radio taping this week, had some fascinating stories to tell about how his people are constantly searching for products which might be harmful to the consumer. I asked him specifically about two new chemicals which reportedly are dangerous for human consumption. For his very interesting answers, be sure to hear the program on Sunday, April 8th on Radio Station WHK at 4:30 P. M.

GOLDEN AGE  
SUNNY MONDAY CLUB

What is the Sunny Monday Club? Various answers might be given but member A. H. Gillis of 678 East 118th st. answered the question in the poem he wrote for the Poetry Day program earlier this month. Mr. Gillis expresses it

In our Club we have gentlemen and dames  
Of various sizes, shapes and frames.  
Some are short and some are tall,  
Which matters not to us at all.  
Some are plump, while some are thin,  
But all are gladly welcomed in.  
The purpose of our weekly meeting  
Is to exchange a friendly greeting.

We like to sing, we like to dance,  
Some have even found romance.  
We love to gossip and chatter  
Of things that really do not matter.

And with cards we love to play  
In many a different amusing way.  
Frequently, we have a tasty lunch,  
All in all, we are a happy bunch.

Born to Mr. and Mrs. Raymond O. Waters, 14114 Sciota, a girl, Joanne Lucille, March 13th.

MISS SALLY KEARNEY, 1045 East 147th looks on as Walter K. Bailey, president of Warner and Swasey Co., signs his firm's \$22,000 pledge to the YWCA Building Fund. Miss Kearney, who works in the Warner and Swasey accounting department, is a member of the East Cleveland YWCA center.

The YW's first building campaign in nearly a half-century has set a goal of \$2,675,000 with four new buildings to be built throughout Greater Cleveland.

**Ex-Collinwoodites  
On Duquesne Music  
Ball Presentation**

Cleveland music lovers are once more looking forward to the concert appearance of that wonderful group of talented artists, the Duquesne University Tamburitians, under the direction of Walter Kolar, together with the assistance of a competent

staff of choreographers, arrangers and instructors.

The program, as in the past, will take place at the Music Hall, Sunday, April 15th at 3 p. m.

Don't forget to attend the get-together following the program held yearly so that you can get better acquainted with these students, renew their acquaintance and dance to some of their combos. The dance will be held in the evening at the Croatian Home on Waterloo.

Among the student performers participating in this concert are two talented and capable young folks

from Northeast Cleveland — Ann Perencevic, daughter of Mr. and Mrs. John Perencevic of 14910 Sylvia ave., is a sophomore at the University. Ann, singer and dancer, attended Collinwood High School.

Raymond Burovac, accordionist, singer and dancer, a junior, and in the department of business administration, was graduated from St. Joseph's Catholic School in Collinwood, attended Collinwood and Benedictine High Schools. Raymond is the son of Mr. and Mrs. Raymond Burovac of 888 East 139th st.
