How the cora does grow. The heated term has commenced. A public benefactor—the ice man. To-morrow will be the longest day in the year.

W. A. Johnson, of Garnett, was in town last Thursday.

Major Snow, of Neosho Falls, was in town last Wednesday.

This week is the first that strawberries have been offered in our market.

Mr. B. Dickerson, of Carlyle, started to Ohio last Wednesday on a visit.

The organization of Good Templars in this place is gradually increasing in numbers.

It is said to be nice this warm weather to have your head sand-papered. Try it.

Farmers who have no cattle to fatten on the prairies this season are losing money.

The Iola base ball club came out ahead in the game at Humboldt last Thursday.

The Iola and Humboldt base ball clubs play another match game next Monday, at Iola.

As yet we have heard of nothing being done towards getting up a Fourth of July celebration.

On and after next Monday a penalty of ten per cent. will be added to your taxes. Pay up to-day.

There will be a Fourth of July Sunday School celebration at Elizabethtown Saturday, the third of July.

Attorney Bartlett has been attending the District Court at Defiance, Woodson county, this week.

Moffatt & Stevenson are getting quite a collection of bugs, snakes, horned toads, lizards, tarantulas, etc.

"Old Reliable" of the Eureka has had a close shingle, and he now combs his head with the palm of his hand.

Our District Clerk, C. M. Simpson, was in attendance at Court at Defiance, Woodson county, two days this week.

Persons who growl the most at the hot weather are usually those who made the most fuss about the cold weather last winter.

House flies have apparently been waiting the departure of the grasshoppers before they put in an appearance, but you may look out for them now.

Mr. Delaplain left us a bunch of flax one day this week which measures three feet and two inches, and he thinks he could furnish a still better sample.

Three mad dogs were killed in Leavenworth last Friday. Would it not be well to kill a lot of the worthless curs around Iola and thus prevent them from going mad?

Business has been pretty good with the County Treasurer this week, but there is still quite a large amount of taxes unpaid to which will be added an additional five per cent. penalty on the 20th inst.

We see it stated that in some of the towns in the State sportsmen are forming organizations to prevent the killing of prairie chickens before the expiration of the game law. A sensible move.

Another hundred bushel of seed corn distributed this week. There will be no land left idle in this county.

Oats will soon be ready for harvesting, and during the week we have been told by a number of farmers that they never had a better prospect for a heavy crop.

Just as it was determined that grasshoppers were an excellent diet they have all fled the country. May they never return.

Married, by Rev. J. N. Woolomes at his residence on the 12th day of June, 1875, Mr. James W. Daugerty to Miss Hattie C. Waymier, all of Allen county, Kansas.

Beets, turnips, peas, radishes, and all kinds of garden "ases" in our market now. Thanks to the grasshoppers for not visiting our farmers out on the prairie.

We have been requested to inquire as to the best time and manner of planting navy beans. Any one having had experience in growing these beans will please report.

The "first nine" dined in the Neal House while at Humboldt last Thursday. Perhaps the square meal that was given them had something to do with their good playing.

Fred. Moffatt returned from his trip to Chicago last Friday. He now has for sale a patent spring for wagon seats and wagon boxes which is ahead of anything in that line yet invented.

The July number of Harper's Magazine has been received. It is neatly printed, beautifully illustrated, and contains a large amount of interesting and instructive reading matter.

Quite a number of persons attended the examination at the close of our public schools this week; but there is a great apparent lack of interest on the part of parents in the education of their children.

The residence of Mr. Beaves, five miles north-east of Elizabethtown, was destroyed by fire last Monday. The house was a new one, not entirely finished. Most of his furniture was burned.

No insurance.

Mrs. Noble's house, near Geneva, was burned on the 10th inst. Mrs. Lee also lived in the house. The fire is supposed to have caught from a fire. Mrs. N. was not at home at the time and most of her household goods were lost.

At the meeting at the court house last Saturday there was not enough milk promised to justify Mr. Garrison in putting up a cheese factory here, but he holds himself ready to go at any time he can get milk enough to insure success.

Mr. A. H. Evans, wife and two daughters, late of Delphi, Ind., who had been visiting his father and other relatives in this county during the past two weeks, started last Tuesday for Colorado Springs, where they expect to make their home.

Dr. Tozer returned the first of the week from his tour through Lynn and Bourbon counties. He will be at home next week, and if you have teeth that need to be plugged or pulled out, call on him. The doctor reports the crops as looking well.

The Probate Judge has issued several marriage licenses this week. People continue to marry and to be given in marriage regardless of the prospect for crops, but as the grasshoppers take their departure the number of marriages are greatly on the increase.

The Presbyterian Social was held at the residence of Mr. and Mrs. E. N. Yates last Tuesday evening. There was a good attendance, and the new minister and his wife made the acquaintance of quite a number of the members of the church and congregation.

Tax payers should remember that when the County Commissioners meet next month they will sit as a Board of Equalization, to equalize the taxation of property in this county. If you are not satisfied with your assessment then is the time to make it known.

All sidewalks which have been ordered by the city council during the past two years, and which have not been made, are to be put down at once. Persons owning lots along which sidewalks have been ordered, please take note of this. If they desire to build the walks themselves they must do so at once.

MR. EDITOR:—In your last issue you speak of organizing a chess club for the purpose of challenging for a match game. I would suggest the propriety of making the challenge now and organize a club after, if any one is presumptuous enough to accept. I will see to it that there is somebody to play the game.

**AN AMATEUR.**

The people of Geneva and vicinity have determined to have a picnic for the Sunday Schools in the grove on Martin creek, near Mr. A. W. Howland's, on Friday, July 2nd. All who desire to enjoy good music and speeches, and a social time are earnestly invited to come.

H. E. VANDEMAM, Member of Committee.

Farmers who have extra good oats, wheat, flax, millet, etc., should compete for the fifty dollar premium offered by the State Board of Centennial Managers for the best display of grains and grasses. It would be quite an honor to Allen county to furnish the specimens of grain and grasses from this State for the centennial. Read particulars in an article on the fourth page.

The Cottage Grove Sunday School, four miles south of Humboldt, have arranged for a 4th of July picnic on the 2d, to be held in the grove on Capt. S. J. Stewart's farm. They invite the Sunday Schools of the county to celebrate with them. They are making ample preparations; and expect to secure reduced fares on the railroad, trams to stop opposite the grounds.

The Iola public schools closed yesterday. It is seldom the good fortune of any community to have their schools conducted in such a satisfactory manner as ours have been during the past year by Prof. Henderson and his assistants. We believe that it is the universal desire of our people that Prof. Henderson will consent to take charge of our schools for another year.

At the election this fall there are quite a number of offices to fill: Representative, Sheriff, Treasurer, Register of Deeds, County Clerk, Coroner, Surveyor, Commissioners, Township Treasurer, Township Clerk, Road Overseer, and in some townships Justices and Constables.

We suggest that it would be a good idea for persons wanting any of the above offices to take the lead and have their names announced in **THE REGISTER**.

So far as we can learn the farmers have, in nearly every instance where their crops have been destroyed, replanted the same. If any of them should have ground they are not going to plant in corn we would recommend to their consideration an article on the fourth page in reference to the culture of buckwheat. This crop can be made almost as profitable as wheat, and it does not need to be sown before the last of next month.

Johnny Gilmore, of the Wilson County Citizen, puts it thus: "When a girl crops her front hair, and pulls it down over her forehead like a Mexican mustang, and then ties a piece of red velvet around her neck, who can wonder at the number of pale-faced young men that sleepless nights in trying to raise down on their upper lips?"

John is unmarried, and of course is competent to testify in this case.

For two or three weeks we had hoped to be able to make the announcement (and tell the truth) that the grasshoppers had all left us, but heretofore we have been unable to do so. Last week vast multitudes flew away, and during the first of this week they have all disappeared, so far as we can learn, throughout the county. At least the exceptions are so few that no further damage from them can be expected. Corn and garden vegetables that have been replanted are coming on again nicely, and if the season continues favorable will give an abundant yield.

Webb Bostwick informs us that among his potatoes he has some that the seed was shipped in from Iowa, and among these there is a bug hatching out that is death on potato vines. As none of these bugs have made their appearance among the potatoes that are grown from home seed, he is of the opinion that their eggs were in the dirt among the potatoes that came from Iowa. As there was a car-load of these potatoes sold here at Iola it would be well for persons who plant of them to watch and kill these bugs as they hatch out. If not killed off by another year they may be numerous enough to destroy the potato crop. The bug is of a species never before seen in this part of the country.

**BASE BALL.**

The first game between the Iola and Humboldt base ball clubs was played at Humboldt, Thursday afternoon last, resulting in the defeat of the latter. The score is as follows:

IOLA.	R.	O.	HUMBOLDT.	R.	O.
Perkins, C.	4	5	Newbanks, C.	3	3
Kronsey	4	5	Edridge, P.	3	3
Walker, S.	5	5	Reed, S.	3	3
Keith, J.	5	5	Richards, J. H.	3	3
Williams, J.	5	5	Andrews, J. B.	4	4
Davis, J. B.	5	5	Lundy, J. B.	4	4
Collins, R. F.	5	5	Parks, L. F.	4	4
Northrup, C. F.	5	5	Smith, C. F.	4	4
Pulver, L. F.	5	5	Wakeloid, R. F.	4	4
Total	57	57	Total	38	38

Innings: 1 2 3 4 5 6 7 8 9  
Iola 9 5 5 4 3 2 1 1 0—38  
Humboldt 0 1 1 0 0 0 0 0 0—8

Umpire—Jas. Barnes, Humboldt. Score—J. W. Hart, O. H. Stewart.

Time was called by the Umpire at 3:25 p. m., Humboldt boys at the bat. On account of several appeals from the decisions of the Umpire the game was protracted till 6:45. The game should have been played in one-half the time. But one double play was made during the game—a fly ball taken and thrown to first base by D. Collins, thereby putting two out. On a forced run with Davis at the bat, a splendid bat brought the three base runners in and left the batter on third base. Other good plays were made upon both sides but lack of room precludes general notice.

The second game of the series will be played on the grounds of the Iola Club next week—probably on Monday.
