## Rapid Hog Gains.

A Missouri subscriber writes: "I have just read your article saying that with corn at 40 cents a bushel that shorts at \$1.25 per hundred were too expensive; also not to feed thin slop unless the weather was very cold. Now, I haven't broken any records, yet I have met with good success. Corn was worth 50 cents and I paid \$1.35 for shorts. These were all the feeds I had or could get handily. I had four hogs left after my stock hogs were gone. Two were old sows and two were gilts, all suckled down thin. My feeding was done as follows: As I started the fire in the morning, I put on a big kettle of sliced sugar beets, turnips, parsnips and carrots. These simmered till noon. I fed corn first thing, so the hogs would clean it up before the chickens were let out. I then fed the four hogs four quarts of shorts in twenty quarts of warm water. The colder the morning the warmer the slop. At noon I fed four quarts of shorts and the cooked roots, mixed in twenty quarts of warm water; no corn. At night I fed four quarts shorts in twenty quarts warm water, then corn as soon as the chickens went in.

"You will see that I went contrary to your article, as my slop was always thin (but warm), and I paid \$1.35 per hundred for the shorts. Now in five weeks my hogs came out according to the following:

Live Hogs	Dressed Out Hogs
1 sow, 140 pounds.....	239½ pounds
1 sow, 100 pounds.....	211 pounds
1 gilt, 85 pounds.....	196½ pounds
1 gilt, 85 pounds.....	196 pounds

"How near I came to a balanced ration, I don't know. I think I made good gains, and I don't know where the credit belongs. But I do know I put those hogs over quicker at less expense than I ever have before.

"Now can you tell me if the roots had any great value, or should I have bought oil meal at a high cost? Next year I am figuring on a mast run and a finish on ground oats, rye, corn, with roots. If you think this will be a good feed, I will write you for the proper mixture later."

These gains are exceptional, and must be accounted for largely by the fact that the sows were so thin at the start. Our correspondent does not give the live weight at the finish, but, judging from the dressed weight, the sows made an average daily gain of from three to three and a half pounds. The ration per sow was approximately 6 pounds daily of shorts, two feeds of corn and one of cooked roots.

Shorts is a good pig feed. From the testimony of the experiment station and many feeders we have concluded, however, that at present prices (corn 35c to 45c per bushel, shorts \$25 to \$30 per ton, oil meal \$36 to \$45, and tankage \$45 to \$50), it pays better to feed tankage or oil meal with corn to fattening hogs than it does shorts.—Wallace's Farmer.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

MAJOR  
WILKESWOOD  
40639.

Major Wilkeswood is a handsome chestnut stallion, with stripe in face and left hind foot white above ankle joint; stands 16 hands high and weighs 1250 lbs.; foaled in 1903. Bred by John C. Bauer, Chicago, Ill.

Individually he is a horse of grand finish and plenty of substance, with a fine disposition, deep strong shoulders, stout back, very strong loins and stifles, good bone, fine feet and legs. He has been worked but very little for speed, but has shown miles pacing as a three year old in 2:18.

He was sired by Highwood, 2:21½. His first dam Ella Wilkes, a producer by Red Wilkes. He is a half brother of Early Reaper, who sold for \$10,000.

**TERMS FOR MAJOR WILKESWOOD**—\$15 to insure mare in foal. Money due when mare is known to be in foal, and if mare is about to leave the country, or be traded or sold, money becomes due and must be paid at once. Care will be taken to prevent accidents and escapes, but will not be responsible should any occur.

STATE LINE STOCK FARM, W. A. DOUTHIT, PROPRIETOR.

graphic report in condensed form, a large volume of miscellaneous news and a splendid market report. It keeps the farmer thoroughly posted on all of the world's doings. The Missouri And Kansas Farmer is an old established semi-monthly farm paper that runs about 20 to 32 pages each issue. It is filled with first-class matter of interest to the farm. In addition to these splendid papers for one year, the subscriber will receive one pound of pure pedigree white seed corn. This corn was raised in Clay county, Missouri, and is known as the Clay County White; it is a 95-day corn and is a wonderful producer, last year having produced 90 bushels per acre. It has taken several years to bring it to its present high standard. It now stands at the head of the list for quality and productiveness. Pure white ears, large, weighing over one pound each, cob small and grain very deep and compact, filling cob completely over tip; many ears contain over 1,400 grains each. Farmers will find it to their interest to secure this seed corn, as it is furnished to them absolutely free with these two complete papers one year at 50 cents.

All that is necessary is to send 50 cents and you will receive The Kansas City Weekly Journal one full year and also The Missouri And Kansas Farmer one full year and a pound of this splendid Pedigree White Seed Corn Free, postage prepaid. Address THE KANSAS CITY WEEKLY JOURNAL, KANSAS CITY, MO. Seed Corn Dept.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is no reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all dealers.

## New Shoe Shop.

I have opened a new shoe repair shop over E. M. Michener's hardware store, and will be pleased to have a share of your business. Good work and right prices. Claude Fenton.

## To The Asylum.

Frank Altman, Who Wanted Will Wyatt to Give Him \$300, is Crazy—Committed to Asylum.

Frank Altman, the fellow who went into the Baxter State Bank on Wednesday morning of last week and presented to Cashier William Wyatt a written demand for \$300, mention of which was made in these columns last week, was tried before Probate Judge Ellis the latter part of the week and found to be insane. He was committed to the asylum.

Altman seems to be a bright fellow in some ways. He offered to prove by the bible that he needed the money, in fact he told Wyatt that God wanted the money given to him. Altman said he intended to use the money to pay expenses on a trip to Washington, where he proposed to give President Taft some instructions as to how to stop the wholesale grafting that is going on in this country.

Altman used to work for J. C. Naylor, out on the latter's farm west of this city, about ten years ago. Naylor came in to see the fellow.

Altman had papers and a due book in his pocket which showed him to be a member of Boiler Makers' Union No. 181, at Pittsburgh.
