

## FIREMEN STAGE A SOCIAL EVENT

Volunteer Fire Department Plan For  
The Biggest Community Event In  
Years on New Years Eve.

## THE CHRISTMAS BALL COME ONE, COME ALL

Festive costumes, dances by some of the old boys of the town, the best music that can be bought, begged or stolen, eats and the jolliest old time is promised everybody who appears at the door of the Goodeagle hall at 8 p. m., New Years eve.

Enoch Wright, Jim Barnes, George Tucker, and a lot of the older boys will put on little "stunts" of their own, that promise no end of fun and jollification. It's going to be a farewell to a victory year and a "wishing in" celebration of the most glorious Virginia Reel and a bunch of the old time dances intermingled with some of the "new fangled" dances, and a caller that has had 30 years experience is expected to lend to the festive air of the whole performance. The policeman will have on a real uniform, carry a six shooter and a big club. The floor manager will also be uniformed and the decorations will lend much in appearance to the idea of a good jolly, old time community ball. If you don't know your next door neighbor in Baxter Springs, you should, and here is the chance to get acquainted with your neighbor's wife and family.

The eats are going to be "scrumptious" and appetizing to a wonderfully high degree. The famous "Fireman's Punch" of which Jim Hunter is the inventor will be a great stimulant to the "inner man."

As the program develops from time to time until the date the Daily Citizen will chronicle the additional alluring prospects of a grand good time at the old time community ball or firemen's festival. Everyone is asked to co-operate and the firemen will greatly appreciate any suggestions from the townspeople.

Irvin Hocker is home and he is looking fine. George Miller is home and he is looking fine. Walter Hartley is home and he is looking fine. Uncle Sam makes 'em look fine. Irvin came in a couple of days ago from Camp Joseph E. Johnson, Florida. Irvin says it is warm down there and he had to put on some heavy clothes when he came home. Irvin never got to go "over there" but he feels good that he got well started "over there." George Miller is in "tip top" physical condition, "fit as a fiddle," he says. He has been at Camp Dodge, Iowa.

### DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel  
clean, sweet and fresh  
and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your stuffed nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

and likes the soldier life fine, but says he is tickled to death to get home. Walter Hartley hails from Camp Pike, Arkansas, and looks every inch a soldier. Open air and exercise have improved his appearance about 900 per cent and Walter was a nice looking fellow to start out with. These boys are just the advance guard of about 500 of the Baxter boys and men who will be in during the next six months from the navy, the army and various lines of war work.

It has been reported to us that there was a peculiar, bluish meteoric reflection cast over this section of the earth about midnight Tuesday night. One man says he thought his time had come sure as he was coming home from work.

### SYMPATHY DENIED TO GUILTY GERMANY

Chicago, Illinois.—Under the caption, "Retributive Justice for Germany," the Masonic Chronicle of this city says editorially: "Some Masons are urging that, now the war has ended, the fraternal mantle of charity and brotherly love should be thrown over all of Germany's sins against God and humanity. Sentimentalists view the situation only from a humanitarian standpoint, but war's penalties lead the way to contrition and reform. The worst war on record was brought about by men whose thirst for power led them to deeds too revolting and terrible to detail, and they should not now expect the 'glad hand' given penitent school boys. A people that has committed indiscriminate murder, engaged in wholesale robbery of food from women and children and that

## TURN HAIR DARK WITH SAGE TEA

Mixed with Sulphur It  
Darkens so Naturally  
Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as they are likely to see when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

has passed down misery upon millions cannot now hope for any great wave of universal sympathy. Germany has expressed no sorrow for the war she caused. She is sorry only that she did not win and that her people are now suffering the consequences of ignoble defeat. It is the whine of the unrepentant bully. But her sympathy offensive will fail."

### MUST KEEP SCHOOLS

Teachers Who Jump Contracts May  
Lose Certificates

Because of a number of teachers resigning after making contracts, a shortage of teachers has developed in Kansas. Some have resigned simply to better themselves in a financial way. The state superintendent announced recently that any teacher resigning without good and sufficient reason and without the consent of at least two members of the school board would be liable to lose their certificates to teach.

Advertise in the News for results.

When you have backache the liver or kidneys are sure to be out of gear. Try Sano!, it does wonders for the liver, kidneys and bladder. A trial 50c bottle will convince you. Get it at the drug store. For sale by Scott Drug Co.

TO SELL A DOLLAR'S WORTH OF REAL ESTATE for a dollar is always possible in this city. If you are willing to sell your property at a right price, classified advertising, carrying frank statements of fact about it, will enable you to find your purchaser.

MAZER'S TOOTH SPECIALTY  
Dept X 2007 S 5th St. Philadelphia, Pa.

## GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder  
bothers, drink lots of water  
and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

## LOWRY BELIEVES IN TRADE DAYS

Baxter Clothing Merchant Says He  
Has Bought on Contracts Before  
High Prices and Will Use Mer-  
chandise for Trade Days.

"I do not believe much in special sales as the usual thing but I am strong for any movement like this Dollar Days idea," said Mr. Dick Lowry of the Quality Store yesterday.

"I am sure there are other merchants that will do as I am doing on my sale covering this period of the town's co-operative movement. I have bought large stocks of merchandise on contracts that ante date the present high wholesale cost and I want to use some of this merchandise as a medium of acquaintance between my store and the people of the mining district who have not been making Baxter Springs their trading point and to all the trade, which our store has not been getting.

"I like the co-operative idea. I don't think we can do too much to cultivate the outside trade and make Baxter Springs the best trading point in this district. I myself will do anything at any time to help strengthen the business relationship between the trade and the town."

The above are just a few extracts from Mr. Lowry's conversation. Mr. Lowry has been of very material help in putting over everything of a co-operative nature the town has done since his residence here. Mr. Lowry backs up his theories of business by wholehearted practice and as a merchant is a very great asset to the town of Baxter Springs. Since coming to Baxter Springs Mr. Lowry has been a consistent advertiser and as such has done more to maintain a daily paper in the town than perhaps any other individual. Mr. Lowry believes that advertising backed up with the right kind of merchandise at the right prices will build up any line of business. Lowry is a mighty valuable man to Baxter Springs.

Mrs. Dora Taylor and Mrs. Paul White are the guests of Mrs. White's mother, Mrs. H. H. Crozzell.

# FIRST ANNUAL FIREMENS BALL AND FESTIVAL

Goodeagle Hall, Baxter Springs, Kansas

Tuesday Evening, December 31st., 1918

Given By the Baxter Fire Department

GOOD MUSIC

A GOOD TIME
