BOXING SHOW

Of American Legion Next
Week to Be Big EventUnion Men to Be Much In
Evidence

Next Thursday night at the high school auditorium, the Frank Durwin Post of the American Legion will hold its mammoth boxing and sports carnival, and the affair promises to be the biggest thing of its kind ever attempted in this city. It will be the first boxing show to be held under the direction of the newly-appointed boxing commission.

Pursuant with favorable and popular demand, every one of the men signed for the boxing matches and other athletic contests are members of some labor union. Dick O'Brien, who is to meet Dummy Burns, of Buffalo, in the 10-round main event match, was until he retired to the dairy business at Westerville, O., a union blacksmith. His opponent, Burns, has a card in the Machinists' Union. Both are big fellows. O'Brien weighs 200 and Burns 188.

Carl Meder, who is to meet Battling Hogan, is a union machinist. Hogan is a member of the Teamsters' Union. These boys are to box 8 rounds at 125 pounds.

Carl Hieb is a Hamilton kid of 19 years, and works in his father's butcher shop. He is to box Kid Greener, who is a union teamster. These boys are listed to box 6 rounds.

The five colored boys who are to box in the battle royal, the two wrestlers, the singers and the musicians are all strong advocates of union labor, and thus it may be seen that every one on the program is a union booster. Even the printing the American Legion boys have gotten out bears the union label and also "Biddy" Bishop, who is helping the boys with the show, has cards in the Typographical Union No. 21 and the Stereotypers' Union No. 23, both of San Francisco.

The show Thursday night given by

the American Legion boys is in no way affiliated with the benefit show to be given a local ex-fighter two weeks later.

ONE TRUST NOT DISSOLVED

International Harvester Still
Functions as Such

Washington.—The federal trade commission reports that the International Harvester Company and other manufacturers of farm implements still function as a trust and that the dissolution negotiated by former United States Attorney General Gregory was a sham. The commission finds that manufacturers' prices of farm implements to dealers advanced 82 per cent during 1917-1918, while dealers' prices to farmers increased 62 per cent. It is stated that there was no general shortage in the supply of farm implements, nor was there any unusual demand.

As proof that the manufacturers and dealers are conscious of wrong doing, attention is called to the secrecy employed and pleas that the combinations are for the purpose of bringing about uniform cost accounting, terms of sale, standardization of products, etc.

BUY A

UNION MADE HOME!

There are a number of houses being built in this city and are being offered to the working people for homes. Some of these houses have not been built by Union Carpenters.

CARPENTERS' UNION No. 637 calls your attention to the houses in the HARLAN ADDITION and also those built by the NEIN REALTY COMPANY on Sipple Avenue, which were NOT built by Union Carpenters.

If you are going to buy a home, buy one that was built by Union Carpenters: the workmanship will be more satisfactory and you will feel more at home in it
