AS THE WORKER SEES HIS WORLD

Summary and Digest of
 Important Events of the
 Week, Here and Abroad

 go to war on any subject; agreement
 resembles treaties already in force
 making war illegal between Sweden
 and Denmark and Sweden and Fin-
 land; corresponding pact with Norway
 now before the Norwegian parlia-
 ment.

 hai as nationalist armies from Canton

 years in prison.

Senator Borah offers resolution for
 inquiry into Central American condi-

Coal operators and miners' meeting
 ends when joint scale committee re-
 ports inability to agree; miners say
 strike is inevitable April 1st unless
 agreement is made before Jackson-
 ville wage scale expires March 31st.

National crime commission asks
 states to pass drastic legislation for
 regulation of sale and possession of
 firearms.

Australian labor party issues warn-

Woman election officer is convicted

Jobless teamster kills himself and
 family of six at Utica, N. Y., to save

Daniel Willard, president of Balti-

Our liberty waning, says Frank H.
 Sommer, dean of the School of Law
 of New York University.

WANT LONGER HOURS

Boston.—Textile manufacturers in
 this state insist that 54 hours a week
 be substituted for the 48-hour law
 that applies to women and minors.
 Trade unionists declare that these em-
 ployers will eventually demand the
 60-hour law that prevails in certain
 sections of the south, and that they
 will enforce night work for women
 and minor employees.

MAN-MADE

Statutes Often Hide Tyranny, Says Reed

Washington.—"Every great act of
 tyranny was committed in pursuit of
 man's law and not moral law," said
 Senator Reed, of Missouri, speaking
 at a luncheon given by university
 students.

The modern doctrine, which states
 "if it is a law it is right," and if
 you can get a majority of one to pass
 any law and once it is passed it is a
 sacred act," is wrong, Senator Reed
 said.

"When a law is just there is not
 much difficulty in enforcing it, but
 when it runs counter to the sense of
 justice, then it is that it becomes a
 danger to the state. A hate for one
 law has a tendency to create a disre-
 gard for all law, which will under-
 mine the national consciousness."

Senator Reed urged students to do
 their own thinking and to follow no
 man's lead. "There is no superman
 whom you can trust to do your think-
 ing for you," he asserted, pointing
 out that the greatest statesmen have
 made mistakes and have been the
 greatest tragedies of the world.
